East Fork Items

M. C. Miller's new house is located in one of the most sightly spots in this part of the valley. They moved in about two weeks ago.

Mr. Courtright, of Bandon, is visiting his brother.

Fred Baker has sold part of his place. The buyers plan to make camping places of their purchases.

The writer congratulates the editor of the Herald for refusing to publish a "petition" that advertised a woman and omitted the name of the man whom said petitioners wished to get at, and for the editorial which denies that Coquille is the vestibule of hell.

Two weeks ago Mr. Springstead, who has rented a half section of road land on the headwaters of Elk creek, left his ranch near Roseburg and hauled his family over the mountains in a heavily loaded wagon. Since then he has been camping near the river and working on a road which he is building from the Coos Bay road to Elk creek. The hardest work he has found has been to bridge the river so that he could get his wagon across, but he now has a bridge completed and quite a stretch of road is finished on the other side of the river. He has been assisted by Mr. Smith, who lives on Rock creek, and by Mr. Vogel, of Coquille, who has taken up a homestead on Rock creek. The road will be about three miles long when completed. It will pass near Mr. Smith's house and will set his ranch on a wagon road for the first time. The road crosses the river near the west end of R. A. Easton's ranch, crossing a corner of his land.

Mr. Springstead is enthusiastic over the prospects of Coos county, and the East fork in particular. We are glad to have him and Mr. Vogel settle in our midst.
