**Deafness Cannot Be Cured**

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constant use of the Eustachian Tube. When this tube is inflamed, hearing is impaired, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

**Announcement**

"The Modern Woodmen of America, Forestry Team, are building a pavilion back of the Bank of Oregon where they will hold a 'Bowery' dance July 4th and 5th, opening on evening of July 3rd. Music will be furnished by Lew Keyser's orchestra. Dancing July 4th will start at noon time, to continue until midnight. The same program will be followed July 5th.

"The pavilion will be 70x90 and are building a good floor. The entire Forestry Team, in uniform, will have charge of the pavilion. Refreshments will be served on the grounds. The team will also give fancy drills during the parade on July 4th.

Police protection will be furnished at the pavilion at all times. The pavilion will be handsomely decorated, and every one is assured a good time."

**Detective W. J. Burns To be Seen at Scenic**

Detective William J. Burns, the famous guardian of the law, personally appears in an extraordinary production entitled "The Exposure of the Land Swindler." This great picture play is based upon an actual occurrence which vividly portrays his modern scientific methods in bringing criminals to justice.

Miss Alice Joyce, the premiere motion picture actress, and a large company of artists, appear in support of Mr. Burns in this powerful drama, which was produced in the South, in New York, in Washington, D. C., on an ocean liner and through the leasing of the entire branch of a railroad.

The film contains 4200 exposures and 50 different scenes.

Will be shown at the Scenic Monday, July 7.

**Black Sand Machine**

(Gold Beach Globe)

The black sand machine brought in by the Bookwalter-Dorland Northern Development Co., mentioned a few issues ago in the Globe, is now in operation grinding through the sand. The machine is a box about 3x6x4 feet with water washing the sand in at the top at one end, and the water and grey sand coming out of the box about midway at the other end, while the clean black sand or concentrate comes out at the bottom similar to grain from a fanning mill. In the bottom of this box are mechanical devices run by a gasoline engine, the workings of which are too much for Ye Editor's think box, and the men in charge have no disposition to appease our inquisitiveness. We will say, however, that we think that in the process used, whether it be a scouring process, or otherwise, the principle is on the right

**Coquille Scooped Again Also Invincible Bandon**

Losing ball games is getting to be a habit with Coquille and like lots of other bad habits it seems to be hard to shake.

We came out of the small end of the horn Sunday and to the tune of 7 to 3. Nobody in particular was to blame but everybody in general had a hand in the slaughter.

Coller pitched fairly good ball but the support he received was the kind that drive strong men to drink. It was very pitiful. Everybody took a hand in the carnage and every wild toss meant a run for Marshfield and brought joy to the hearts of the "clamdiggers."

Myrtle Point and Marshfield put up a nice game which Empire Gardner decided a tie of 1 to 1, but the Myrtle Pointers have objected to his decision in a strenuous manner.

The score stood 1 and 1 in the eighth, but in the first half of the ninth Myrtle Point scored a run. Marshfield in the last half had two men out and two strikes on the batter when time was called so the Pointers seem to have some cause for their complaint.

North Bend gave Bandon a lovely trimming and also relieved them of a fat roll of coin, but of course they don't care for a small matter like that and did not "crab" a bit, just merely accused their pitcher of throwing the game. Makes a lot of difference who gets stung. We are all good sports when we win, but when we lose are sometimes a little grouchy.

Coquille plays Bandon the 3rd at Bandon, Myrtle Point the 4th at the home grounds and the same team at Myrtle Point the 5th and a double header on the home grounds with Bandon and North Bend the 6th. Quite a bit of practice and when it is over they should be in pretty good condition to play ball.

If the boys would go to bed a bit earlier on Saturday nights it might make a noticeable difference in the article of ball they put up. Late hours and ball don't mix very well.
