DISTRIBUTORS

MERELY MENTIONED

Fine weather for the street carnival.

Cool, refreshing drinks at Folsom's.

D. W. Baker, of Lee was buying supplies in town Saturday.

Steve Galtier, of Bandon, was in the city Friday and Saturday.

Pioneer White Lead at Anderson's.

Parties returning from the Valley reported quite heavy rains east of the Coast range.

The Ladies Aid of the M. E. church will have a hot tamale sale Saturday forenoon.

Mrs. Wickham has had carpenters at work renewing the roof of her boarding house.

Captains for the two hose companies will be elected at the meeting tomorrow evening.

Linseed Oil at Anderson's.

Fred Lockley, special writer on the Portland Journal, has been making a visit to Coos county.

A. Dawkins, of Woodburn, Oregon was in Coquille last week, seeking a location for a business college.

P. H. Drane is lowering his building in which True's store is located to the new level of Second street.

Among those enjoying summer camping in Brewster valley are the families of A. J. Sherwood and L. H. Hazard.

My Optical work is giving satisfaction. Give me a trial. W. Frank Petitt.

W. E. Foote and his brother Alex Foote, have leased their father's 450 acre farm at Norway and will soon occupy it.

L. N. Stewart, formerly of the Bridge creamery, succeeds M. P. Long as manager of the O. K. creamery, near this city.

The foundation and tower for the new water tank which will be used by the railroad and the local mill is nearly completed.

Camp stoves at Anderson's.

J. H. Cecil, now located at Ventura, Cal., in renewing his allegiance to the Heroid, sends his best wishes to the people of Coquille.

It is said by those who have seen it that the illusion in the Carnival show, "Jules Verne's Version," is very mystifying and well worth the money.

Mrs. and Mrs. Lew A. Cates visited Brewster valley Sunday, in company with friends, and were charmed by the beauty of that mountain resort.

The new bridge on First street has been completed and the roadway graded to a connection with Hall st. with which it will be connected by planking.

The new river boat, "Charm," lay at the dock several hours Sunday and was visited by many people who were greatly pleased at her appearance.

If anyone falls into the Herald office from the Ferris wheel which is being erected in front of our door, he or she is requested to be careful not to pi any type.

The steamship Inqua, a boat capable of carrying 90 passengers and freight consisting of several hundred tons, has been put on the Coos Bay run out of San Francisco.

C. E. Schroeder, foreman of the night shift at the Prosper mill was in town Friday. He reports everything running smoothly with day and night shifts, but nothing given out in regard to rebuilding the mill recently burned.

Floor Paints at Anderson's.

WANT COLUMN

FARM FOR SALE—110 acres bottom, 35 acres in cultivation, balance in grass. Ten graded cows, 3 young horses, all farm implements. Price \$9,000, \$2,000 cash. balance long terms, 7 per cent. Inquire B. Folsom. 6-24-4t

Have you paid the printer. Portland sweltered under a hot wave last week.

Take refuge these warm days in Folsom's confectionery. Always cool.

W. W. Gage lost a fine Jersey heifer a few days ago by her falling into a ditch.

W. G. Cleghorn is laid up with a lame foot, which has been causing him more or less trouble for some years.

Tents for rent at Anderson's.

J. P. Tupper has been missed from his reserved seat at the Scenic for about a week, being absent on a trip to Curry county.

The light plant was formally turned over to the Oregon Power Company yesterday by Frank Morse, who will remain as manager of the plant.

A logging engine belonging to Aasen Brothers dropped into the river while being landed from a scow here, but was raised again with little damage.

The Burroughs adding machine just purchased by the city is installed in the city hall, and Recorder Lawrence says that he finds it a great convenience.

Ed Ohman was up from his Bear creek dairy ranch this morning. He says that he finds a small steam engine the most satisfactory power to use in connection with the dairying business.

Guns for rent at Anderson's.

A baby girl arrived July 24th at the home of C. O. Dryden, formerly of this city and now located at Aberdeen, Wash., as learned by friends here by way of a card from the happy mother.

The Volunteer Fire Department will hold a meeting at the city hall Wednesday evening, July 30, at 8 o'clock to complete the organization. All members are requested to attend this meeting.

Improvements are being made to the interior of the Knowlton drug store, by the installation of a new subscription case. Owen Knowlton is supervising architect of the job, and is saying of the real work he is doing on it.

Some items from the East fork were received too late for this issue, but we note that, "Eira Watson, who graded the grounds for the Dora school house, had a lively runaway when the bit on one of the bridles broke.

According to the Bay papers, travel is increasing over the Coos Bay-Roseburg auto line, and the trip is being made in nine hours. It is reported that one auto was driven from Marshfield to Roseburg in less than seven hours.

The total tonnage shipped in and out over the Coquille bar during the month of June was 22,462. During the month 9,299,000 feet of lumber, 16,769 railroad ties and other merchandise totalling 21,284 tons were shipped out of Bandon.

F. C. Parsley, proprietor of the Coquille Haberdashery, is making preparations to enlarge his store room and occupy the entire floor of the Golden building, finding his present quarters entirely too small for his growing stock and business.

According to local official of the Southern Pacific, the delay in the starting of the Southern Pacific bridge across Coos Bay has been caused by a change in the style of bridge to be used. Instead of the swinging or hoisting draw, a lift draw will be put in.

Economy Jar Caps at Anderson's.

"Julius Vern's Version"

About thirty years ago Julius Verns told us that in years to come we would have submarine boats, air ships and wireless telegraphy. These things have all come to pass; yet today there are some things performed that seem as much of an impossibility as the air ship or submarine boat in that day. One of these seemingly impossibilities is growing of the flesh and clothes on a human skeleton before your very eyes, yet this is done at the "Julius Vern's Version," one of the feature attractions of the Arnold's Carnival of this week in this city. Don't fail to see it.

Preferred Bread and Water

One Carl Westland, who has been working at the county rock crusher, spent last night in the city hotel and came before Recorder Lawrence this morning on a charge of drunk and disorderly. A fine of \$5 was imposed and, in the absence of the

ready John Rogers, he was decorated with the new ball and chain and taken down town to do the white wings act on the city streets.

After he had caused the collection of quite a crowd and had flatly refused to work, he was taken back to the bastille and placed in the cell, where he will enjoy a diet of bread and water, which he said was preferable to physical exertion. From accounts reaching Marshal Sullivan, this man is something of a bad actor, having recently been in trouble for knocking a fellow being's front teeth down his throat and for tearing up a Marshfield restaurant.

Department Reorganized

At a well attended meeting at the city hall last Friday night the work of reorganizing the fire department was taken up and a start was made toward reviving the somewhat flagging interest in that organization, on which the safety of the city depends.

The election of officers for the ensuing year resulted in the choice of the following: W. C. Chase, fire chief; Walter Oerding, assistant chief; Clay Knowlton, secretary; W. H. Lyons, treasurer.

Another meeting will be held at the city hall tomorrow, Wednesday, evening at 8 o'clock, to complete the organization. All members are requested to attend this meeting.

The Big Carnival

The Arnold Carnival company arrived Sunday morning and are busily engaged setting up their apparatus and tents for the opening of the big show Thursday.

The carnival is given under the auspices of the Commercial Club, which is a recommendation to our citizens that should not be overlooked.

This is the first time that a carnival of this extent has been pulled off on the River, if not the first time in the county, and lively times may be expected during the last three days of this week. The town will be crowded by people from the outside who will come to see the fun, and there is no doubt that they will be furnished with plenty of entertainment by Mr. Arnold's excellent aggregation. Let all of our citizens imbibe the carnival spirit and help to make things lively for the visitors and each other, for not least entertaining feature of a carnival is furnished by the people themselves, when they cut loose and all go in to have a good time.

Died

LAMB—In Coquille, Oregon, July 26, 1913, Mrs. J. J. Lamb, aged 76 years.

The deceased was a native of Tennessee, and came to Coquille with her husband about 1872, residing here ever since except ten years spent at Empire, then the county seat, during the time that Mr. Lamb was county clerk. Her illness was of short duration, her first complaint having been made on the Fourth of July. Her trouble was diagnosed by the physicians as cancer of the stomach. She was taken to the Mercy hospital at North Bend with an operation in view but it was found that her physical condition would not warrant it, and she was brought back to her home, the disease making very rapid progress until death ensued. Beside the bereaved husband, four daughters and one son survive her: Mrs. W. B. Smith, of Myrtle Point; Mrs. J. M. Byers, of Chula Vista, Cal.; J. A. Lamb, Mrs. W. H. Lyons and Mrs. Fay Jones of this city. The high esteem in which this estimable woman was held in the community was shown by the very large attendance at the funeral, which was held Sunday from the M. E. church South, the services being conducted by Rev. C. H. Cleaves, and interment being made in the Masonic cemetery.

Collier heaved a nice heady game against the Bend and with any kind of an even break would have won hands down. He also slapped the horse hide for three safeties which shoved his battling average up close to the five hundred mark.

Sammy Tuttle caught a good game and took care of Collier's speed in nice style. He also got a hit.

Coquille goes to Bandon next Sunday, but owing to some misunderstanding with the boats over a subscription promised they will make the trip with autos.

The home team will play some exhibition games during the Carnival with teams to be secured later. Probably three games will be played.

Library Officers Elected

The directors of the Library association will hold over another year as there is a question as to the legality of the stockholders' meeting last week, and no new ones were elected. The following officers were elected by the board for the following year: Mrs. Belloni, president; Mrs. Hazard, secretary; Mr. Knowlton, treasurer. A committee was appointed to revise the by laws to conform with the constitution, report to be made at a meeting to be held August 5th.

Teacher's Institute

The teacher's institute will meet at North Bend August 18 and continue for five days, the last half day to be devoted to the County School Board convention. Among others

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and this cannot be done by local applications, for they do not reach the diseased surface. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Ely's Catarrh Cure. Sent for circular free.

F. J. CHENEY, & CO., Toledo, Ohio.

Sold by Druggists. Beware of cheap imitations. Take Ely's Family Pills for constipation.

THE PATRONAGE OF LADIES AND CHILDREN.

Our show is wholesome, entertaining and edifying. It is broad and beneficial. We get our film service through the Licensed Exchange and will not accept anything that is low or degrading. The ladies will be pleased, the children amused and both will learn something new.

Sunday's Games

Coquille journeyed by auto to North Bend Sunday and battled the champions to a tie of 1 to 1, in a 9 inning struggle that was full of snappy, startling plays and which was stopped by the time limit.

Coquille complained bitterly of the treatment given them by umpire Gardner and declare that they could have won easily with an even break on the decisions.

Collier pitched shutout ball and had the best of Hull, his opponent all through the game and deserves to have a win placed to his credit, but nothing doing.

Hull, the North Bend manager, asked to have the game finished but Coquille refused for the reason that they were not receiving a square deal. The game will be played off later.

Marshfield and North Bend had a nip and tuck struggle for 9 innings and the score stood 2 and 2, but in the 10th Marshfield hopped onto "Tamp" Osburn for a bunch of hits and "Tampus" retired in favor of Hull; but Perkins, the first man up, walloped him for a homer, and when the agony was over the score stood 9 to 2 in favor of the Clamdiggers.

Myrtle Point harpooned Bandon's new pitcher in the first inning, and when the "king" derrickd him the score showed the Myrtles 3 runs to the good. Miely was substituted and held the home team scoreless for the rest of the game which Bandon won 5 to 2.

Marshfield's team is showing up very strong at present and will give any team in the league a tussel to win from them.

Hedgepath, the bridegroom, showed great form at second and came through with a hit.

Crawford touched Hull up for three safeties Sunday and slid across the plate with what should have been the winning run, but no show for anything like that.

Oerding lined out a two bagger and stole home cleanly but the batter up fanned and spoiled his effort, making the third out.

President Kern acted on Coquille's protest without even giving them a hearing and decided that it was perfectly proper for the umpire to place his money on the game, and that Bandon won. Nice precedent to establish. After this before placing your money find out how the umpire is betting.

Collier heaved a nice heady game against the Bend and with any kind of an even break would have won hands down. He also slapped the horse hide for three safeties which shoved his battling average up close to the five hundred mark.

Sammy Tuttle caught a good game and took care of Collier's speed in nice style. He also got a hit.

Coquille goes to Bandon next Sunday, but owing to some misunderstanding with the boats over a subscription promised they will make the trip with autos.

The home team will play some exhibition games during the Carnival with teams to be secured later. Probably three games will be played.

of importance in educational circles, who will be present at this time are State School Superintendent J. A. Churebill, who will be there two days and Assistant State Superintendent E. C. Carlton, who will be present three days. Miss Ruby Fahren, of Portland will conduct the primary work and has some interesting points to bring forth. R. L. Kirk, of Springfield, Oregon will be present and will give instructions in methods for high school and grammar school teachers. Another interesting feature of the program is the three evening lectures by different members of the faculty.

Establishes Home

E. H. Meade has bought 120 acres of Southern Oregon Co. land east of this city and has made record time in having a house built. Four days with a force of carpenters did the trick, and Mr. Meade and his sister, Mrs. Harvey, are already established there. The new home is located about two miles from town and at the side of the wagon road, where a splendid view of the valley is obtained. Mr. Meade does not expect to get rich at farming, for a few years, but anticipates much benefit to his health from the outdoor life.

Anderson Still Gaining

(Western World)

Rol Anderson, lone survivor of the wreck last November, is doing fine, being able to sit up and even take a few steps. He is loud in his praise of the treatment he has received at the hands of Drs. Leep and Mann and Miss McKenzie, the head nurse. It might be of interest to know that the skin grafting done in the case of Mr. Anderson is one of the most serious and difficult of the many similar cases on record, there having been something over 200 square inches of skin grafted onto him from the different persons who have given skin. Drs. Mann and Leep are to be congratulated, as well as Miss McKenzie, the nurse on the great work they have done.

West Hits Again

Governor West issued a proclamation ordering peace officers everywhere in the state to seize liquors shipped into this state to be sold in dry territory and not labled as provided by state law and in violation of the Kenyon-Shepard-Webb act passed by congress.

The Oregon law provides that liquor shipped into dry territory must bear label showing actual contents and the real name of the consignee and consignor, and transportation companies are required to keep records of such shipments, open to peace officers at all times. These provisions, the governor declares, are being violated, and quantities of liquor are shipped in from surrounding states into dry territory in Oregon.
