

"ALL RIGHT"—NIT!

Some time ago the Herald remarked: "Governor West is all right in a good many ways." We wish to modify this to make it read something like this: "There was a time when Oswald West was all right in a good many ways."

The recent correspondence between the governor and Judge Hall, which is published by the Marshfield Record, is quite interesting and will be read with amusement and approval by Herald readers.

Marshfield, Oct. 11, 1913. Oswald West, Salem, Oregon.

Dear Sir: I have received a telegram which reads as follows: Salem, Ore., Oct. 9, 1913. County Judge, Marshfield, Ore.

Kindly send me detailed statement showing expenses caused your county by reason of the recent grand jury investigation of deportation cases. I wish to present bill covering same to A. H. Powers, Smith Powers company for payment in order taxpayers of your county may be reimbursed.

OSWALD WEST

THE REPLY If you desire this information I will furnish the same and send it to you as soon as the district attorney and the county clerk can get the same ready.

Not believing that you would be fool enough to believe that you could collect the same off of A. H. Powers, or that you would attempt to do such a thing and believing the telegram is a forgery and that someone is trying to put up a job, I concluded to write you before going to the trouble of getting the information asked for.

Yours very respectfully, JOHN F. HALL. Coquille, Oregon, Oct. 17, 1913

Dear Sir: Replying to yours of the 13th inst. I mail you herewith statement of

costs in the matter of the deportation cases.

In your letter you say "Your office was asked for information, not for advice or instructions." At the time I received the telegram I did not believe that you had sent it, though it was some practical joker, trying to have some fun at our expense, and expressed my opinion, since receiving your letter will say that I do not intend to offer any advice or instructions to your office, but have not changed my opinion.

I further note you say, "No one who took part in, or sympathizes with mob violence, is in position to criticize this office." Replying to this will say that I have not taken part or sympathized with any mob or violence, was not present at, and had no knowledge of the deportation of your friends until after it had been done.

I do not believe in mob law, nor do I believe in prosecution of innocent persons, either criminally for the purpose of creating a sensation or obtaining newspaper notoriety.

Hoping that the statement will be satisfactory, I am,

Respectfully yours, JOHN F. HALL, County Judge.

CURRY COUNTY COLLINGS

(From the Port Orford Tribune) Fred Jamieson went to Marshfield one day last week, where he is now undergoing treatment by Dr. Horsefall for heart trouble.

Rev. E. B. Paul, of Coquille, held services at the church last Sunday, and will become a resident of this place, for the following year at least, as the regular pastor for the Methodist church. Mr. Paul is a pleasant, affable gentleman and will no doubt make many friends during his stay here.

Luetta, the little daughter of Mr. and Mrs. Ames S. Johnson, had one of her fingers badly mashed by having it caught in a door one day last week. Mr. and Mrs. Johnson, took the little sufferer to Bandon Saturday to where it was found necessary to amputate the finger at the first joint.

B. F. Shipley and wife, of Portland, arrived in Port Orford last week and have taken up their residence in one of Mrs. Nielson's residences on Jackson street, with the intention of spending the winter here.

Mrs. H. T. Stewart and two children and Miss Anna Dean were passengers on the stage this morning for Bandon, where they will take the steamer Speedwell for San Francisco. Mrs. Stewart is going to visit her parents at Lemoore, and Miss Dean has accepted a position on a newspaper in Orange, both in California.

Miss Lucinda Dean, who has been teaching the Dora school for the past six months, finished her second term the 16th inst and has returned to her home near Myrtle Point.

Ed Abernathy has shut down his saw mill, which has been running the most of the time for the past five or six months.

M. M. Young and family, who have been living at Minard's mill, have moved to Coquille.

Fred Baker has the road lumber hauled, about 175,000 feet.

Frank Young cut 61,000 feet of lumber for road district No. 12.

Mr. Arnold, of Gravel Ford, who has been building the new school house in district No. 32, has finished the job. It is one of the best and prettiest school houses in Coos county.

Hill Land Productive

We are in receipt of a sample of potatoes and carrots, raised by Allen Hillard on his farm near Euchre creek. The tubers are not as large as some we have seen grown on bottom land, yet they are large, nicely formed and smooth.

Mr. Hillard's farm lies on a hill side probably one thousand feet above sea level and the land is commonly known here as greasewood land, which years ago were considered worthless as farming land, but Mr. Hillard with these vegetables has clearly demonstrated that the fault has been with the farmer, instead of the land.

Mr. Hillard has just cause to be proud of his land where such vegetables can be grown, and if Curry county had more such farmers, the country would soon be developed.—Gold Beach Globe.

A New Scheme to Defeat Skeels

Editor Herald:

We are informed there is a scheme on foot to spring the Kerrigan tract in order to catch votes and by this trick defeat Mr. C. T. Skeels for director. We will not resort to tricks and schemes, and we shall certainly oppose their being inflicted upon us. More than this, we feel that in this malicious and personal fight against Mr. Strang and Mr. Barrow, our rights are being ruthlessly and maliciously trampled under foot; as women and wives we are certainly entitled to some decent respect and consideration in these matters. And we desire to respectfully offer a few objections to the springing of the Kerrigan tract at this time.

1st. It is too near the present school building. Besides, both school buildings would then be on the same side of town.

2nd. This would put both school buildings at the extreme east side of town. All the children would have to pass entirely through town to get to school. This would be unfair to the children and to the people of the district.

3rd. It lies immediately adjoining the Southern Oregon land, and most likely it will be years before it is opened and platted.

4th. It is a rougher, steeper piece of land than the Barrow and Strang tract. There is no really level piece of play ground on it.

5th. It is a difficult place to build roads and streets to and there are no good roads or streets to it now. While the Barrow and Strang tract lies between two main roads, and has a good street entirely around it.

6th. It is unfair, unjust, and morally dishonest to try to spring the Kerrigan tract now as a "vote catcher" against Skeels, and especially so under all the existing circumstances. Besides, the vote of the people and the resolution of the school board has settled the land question, and the election of Skeels is now a different and separate matter.

7th. It is a shame and a disgrace the way Mr. Barrow, Mr. Strang, and Mr. Skeels, and their families have been dragged into court and treated in this school matter.

8th. The only object in springing this Kerrigan tract at this time, is to personally injure if possible, the rights and interests of Z. C. Strang and C. R. Barrows and their families; for whatever injures the men equally injures their families. And that is the sole and avowed purpose of bringing this matter up at this time. It is neither right, just, nor honest.

NOW A FEW POINTS ON THE BARROW AND STRANG TRACT.

1st. It is a lovely site, overlooking the river and railroad to the west, and the entire valley south to the Rogue river mountains. And this view can never be shut off by any buildings that may be put up in either direction.

2nd. It has been told repeatedly that the tract runs up the gulch near the De Jersey house. This is not true. Only a small corner of block 8 drops off slightly to the Marshfield road, and the dirt necessarily taken from the basement of school building would almost fill that.

3rd. Over two acres of this tract is practically level and affords a fine play ground, and the rest is only slightly sloping.

4th. It is well located to accommodate a large portion of the district, being nearer to all the children of the north side, and of Spurgeon Hill; and much nearer to all of the Cunningham section both north and west, than is the present school building or the Kerrigan tract.

5th. The objection to the price is an afterthought, and is not made in good faith, if it was, it would have been made right at first, when they had a least three weeks time in which to object.

In further proof of this, every one knows that the price of the other tracts offered was much higher per acre than the Barrow and Strang tract, but no objection has ever been heard or made to the price asked for any of the other tracts.

Land in and around this tract has been selling at from \$200 to \$225, \$250 and \$300 per lot.

This tract at \$6000 costs the district about \$1900 per acre. The Park block at \$5500 would have cost about \$4100 per acre. The

This Beautiful Hair

Is like what you want your hair to be—

Lustrous, bright and glossy; soft, silky and wavy.

To have beautiful hair like this, use

HARMONY HAIR BEAUTIFIER

It's just what its name implies—just to make the hair glossy, and lustrous, and more beautiful—just to make it easier to dress, and more natural to fall easily and gracefully into the wavy lines and folds of the coiffure, just to give that delightful fresh and cool effect, and leave a lingering, delicate, elusive perfume.

Will not change or darken the color of the hair. Contains no oil; therefore, cannot leave the hair sticky or stringy.

Very pleasant to use, very easy to apply—simply sprinkle a little on your hair each time before brushing it.

To thoroughly clean your hair and scalp, use

Harmony Shampoo

A liquid shampoo to keep the hair clean, soft, smooth and beautiful. It gives an instantaneous rich, foaming lather, penetrating to every part of the hair and scalp. It is washed off just as quickly, the entire operation taking only a few moments.

It leaves no lumps or stickiness. —Just a refreshing sense of cool, sweet cleanliness. —Just a dainty, pleasant and clean fragrance.

Both in odd-shaped ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00; Harmony Shampoo, 50c. Both guaranteed to please you, or your money back.

half block east of the school house would have cost at least \$4600 to \$5000, about \$7000 per acre. The Academy tract of about an acre, at \$2800, would be at least \$2800 for the land. And the building has already been condemned as unfit for school purposes both by Prof. Howard and the old school board, so it could not be considered of much value to the district. Hence the Barrow and Strang tract is much cheaper than any of the others would have been.

6th. One other point on the price. It was all fully and clearly understood at the time these various tracts were voted upon. It had all been intelligently explained by both our papers, and it was thoroughly explained from the blackboard that night. Every one knew just what tract and at what price they were voting that night as well as they know now.

But to gratify the personal spite of two or three men who did not get the particular tract they wanted, they have dragged the matter into court, and are doing all the little mean tricks they can, and are stirring up all the ill-will they can arrange. And all for an "imagined thirty cents." It seems to us that brother Mast and brother Sanford are quite cheap when they desire to gratify their personal malice against our families. Respectfully submitted to the voters of school district No. 8.
