Not Too Late Yet

A subscriber in sending in a remittance on subscription, encloses the lines given below. While too late for the last issue before Thanksgiving, the underlying sentiment meets such hearty endorsement in this office that we are constrained to still use the verses, in the hope that some of our delinquent subscribers will remember that "Christmas is coming and soon will be here," and will help us make provisions for something more turkey-like than the 50 cent chicken over which we were obliged to work up a Thanksgiving feeling.

I Wonder

I wonder if the editor
(May his shadow ne'er grow thinner)
Will have mince pie and Turkey
For his Thanksgiving dinner.
I wonder if, like some we know,
He lives beyond his means,
Or if, like us, he's thankful
For apple-sauce and beans.
I wonder if, like most of us,
He cannot pay his due
And the prospect at Thanksgiving
Makes him feel rather blue.
I wonder if a few of us
Will pay up what we can;
'Twill make Thanksgiving real
To the patient printerman.

ONE GOOD ROADS PLAN

One of the plans to be submitted to the good roads meeting to be held here today comes from Tenmile and is being advocated by Chas. St. Dennis of that community, who went to Bandon to try and line the people there in favor of the plan. The plan is to expend \$110,000 for the 13 miles of road between Bandon and the curly county line, \$150,000 for a road from Gaslow, up Haynes inlet to Lakeside a distance of 20 miles, and \$160,000 for a road between Myrtle Point and Marshfield. There would remain from a bond issue as proposed \$20,000 and this could be held as a fund to apply where roads are necessary. It would seem that this might be a good solution of the problem of making a plan on which the people of the whole county could unite. The three pieces of road named would be three important links in any system of highways that may be planned, and some of the money would be wasted. It might be suggested that the stretch from Myrtle Point to Bridge should be included in the plan if this would not exceed the appropriation.

The last Sentinel has a communication from some one who expresses the opinion that the editor of the Herald is not much of an authority on pumpkins. That may be true, but we are enough of an engineer to know that the circumference of even a pumpkin is not measured lengthwise of the berry. However, we take no back seat as an agricultural authority for any bay-windowed pencil pusher who calls 250 bushels of carrots, "close to fifty bushels an acre," a big yield for six acres of ground. Nor do we figure that 250 bushels of that fruit at \$7.50 a ton would amount to \$1,875.

business methods of telephone management throughout the country. Since the telephone is practically a monopoly, and experience teaches that more than one system in a community is a nuisance, it is strange that advocates of government ownership have not frozen tight to the telephone as a method that is far more practicable in testing their theories than would be railroad and telegraph management or control.

An exchange says: "A set of wooden pegs for use in rattling window panes is a most useful device to keep in the house," and the question naturally arises: What in thunder does anybody want to rattle their window panes for?

Oh! You Have Such Beautiful Hair!

What a pleasant thing to have said to you! And why shouldn't it be? You who envy others their lovely hair, and are ashamed of the dull, lifeless, stringy appearance of your own—use Harmony Hair Beautifier, and let others envy you.

This delightful liquid seems to polish and brighten the hair, giving it that burnished, lustrous look you have so often wished it might have, adding to its softness, making it easier to put up and "stay put"—making it more attractive and beautiful in every way. It overcomes the unpleasant, oily smell of your hair, leaving a dainty, rich rose perfume that will delight you and those around you. Very easy to apply—simply sprinkle a little on your hair each time before brushing. Contains no oil; will not change the color of hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid Shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Can't harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores in the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet preparations are made.
