

Why don't you get some medicine for that cold?

Do not neglect your cold. It may develop into pneumonia, pleurisy, congestion, consumption and death. When you catch cold, "catch" your cold in time to overcome it. You can quickly relieve your cold if you take the right kind of medicine in time.

Remember, we do not fill prescriptions with old poor drugs; we use only pure, fresh drugs, and fill your prescriptions exactly as prescribed by your physician.

Sentinel Changes Hands

After having, in the poetical words of his last editorial, "guided the Coquille Valley Sentinel safely over the shoals and through the breakers into a land-locked harbor," Lew A. Cates evidently began to long for the free breezes and spanking seas of the big open water, and he has relinquished the helm to W. H. Young, who arrived here last week and made a quick deal with Mr. Cates for the newspaper.

Mr. Young comes here from Woodburn, where for the past two years he has conducted the weekly Independent, which he sold a short time ago. Prior to coming to Oregon, he had been in the newspaper business at Independence, Kansas, for thirty years, and his journalistic experience covers a period of forty years. His family, which consists of a wife and two daughters, a son and the son's wife and two children, will come here as soon as Mr. Young can secure a suitable house for a residence. The new editor of the Sentinel has made a very favorable impression on all who have met him, and the Herald predicts that he will be well liked and will get out a good paper.

Mr. Cates, during his year's stay here has certainly caused a rattling among the journalistic dry bones, and has proved himself a live wire in the newspaper business, or in any other which he may tackle. He expects to get his business dealings here rounded up sometime next week and will then go to Cottage Grove to look after property interests there, after which he will probably go to St. Louis, where a very attractive offer has been made for him to come back to a position he formerly held there. He and Mrs. Cates have made many friends here and both will be missed.

Been Jilted, Probably.
"Only the brave deserve the fair."
"Maybe. But it's the rich who get them."—Boston Transcript.

Jury Excused

The last jury case before the Circuit Court was disposed of this afternoon, and Judge Coke excused the jury with the information that they might be called again later.

The last case tried was that of Chas. Sneddon, of Marshfield, who had been adjudged insane by the county court and had taken an appeal. The jury decided that the old gentleman was sane, and he went home happy.

High School Players Too Good For Firemen

The first practice game of the season for the local High School basketball team was played Friday night with a team representing the Firemen, which resulted in a victory for the High School with a score of 37 to 24. The Firemen played a good fast game and at the end of the first half the score stood 16 to 14 in their favor. But in the second half the school team worked a little and slipped over several neat ones on their opponents. Although this was only a practice game it emphasizes the fact that Coquille will be represented by a strong High School team in the coming league contests. With two exceptions the team is composed of the same players who last year made the splendid record of not losing a game the entire season and the new material which has taken their place is showing up in good shape. There is no reason why, with the proper support and encouragement from the people, Coquille may not retain the championship for another year and perhaps renew last year's record.

The Freshmen and Eighth graders played a preliminary game Friday night with the result that the grade team piled up a score of 12 points to the Freshmen's 6. The High School boys go to Myrtle Point next Friday to play their first league game and an exciting time is anticipated. The Myrtle Point team took Bandon into camp to the tune of 13 to 11 on the 16th and to all appearances they have a strong team. A boat will run from here to Myrtle Point, leaving at 5:30 p. m. and returning after the game. A fare of fifty cents for the round trip will be charged. The following Friday the boys play Bandon on the home floor.

Work for the Fool-Killer

There is a fine chance for the fool-killer to make himself useful in this vicinity by watching the power line between here and Myrtle Point and putting an end to the pernicious activities of the irresponsible idiots who show their skill with the rifle and their lack of brains at the same time, by shooting the insulators off the Oregon Power Company's poles. Myrtle Point was without lights one night last week from this cause. There is quite a heavy penalty for this sort of malicious destruction of property, and the Oregon Power Co. offers a reward for evidence which will lead to the conviction of the guilty parties. They will probably be caught, sooner or later, for the intelligence to evade detection could not be expected of the persons who evidently belong to the class of young "sports" whose dream of earthly glory is comprised in the possession of a rifle, a cayuse horse and a yaller dog.

How Money is Divided

The Good Roads petitions now in circulation call for the following apportionment of the funds of \$440,000 proposed to be raised:

Seventy thousand dollars beginning at a point on the Coaston-Peterson landing survey nearest the Hardy coal bunkers and build on this survey to the road stake on the J. C. McCulloch ranch; thence via Haynes' Slough to South Lake; thence around the east side of South Lake to Lakeside. One hundred thousand dollars to be expended between Bandon and the Curry county line; the remainder or \$270,000, to be expended on a road from Marshfield to Coquille and from Coquille to Marshfield; and from Bridge to Coquille via Myrtle Point.

Lumber Shipments from Coos

Figures published in San Francisco of the lumber receipts in that city from Oregon show that for the last two weeks in December Coos county easily led any other part of Oregon, including Portland, in the amount of fir and spruce shipped to the Golden Gate.

The fir and spruce lumber receipts at San Francisco from all ports on the North Pacific coast are as follows:

Coos Bay	3,311,000
Aberdeen	4,350,000
Astoria	1,600,000
Bandon	1,738,000
Columbia River	2,241,000
Everitt	400,000
Grays Harbor	650,000
Mukiltio	978,000
Port Angeles	850,000
Seattle	600,000
Willapa	1,190,000
Total	17,908,000

Bergmann Enlarges Factory

The Theo. Bergmann Shoe Mfg. Co., of Portland, is still growing. During the year of 1913 their output showed an increase of 48 per cent, which is a remarkable record. They have taken out a permit to enlarge their factory again, which will be good news to their customers as it will enable the Company to fill their orders more promptly in the future.

Fletcher-Seaman Case Settled

The case of the Fletcher heirs against A. E. Seaman, which was before the circuit court, has been settled out of court. This suit involved the ownership of a piece of property in Marshfield which belonged to the late C. W. Fletcher at the time of his death. He had been married in Marshfield, and his widow afterward sold the property to Seaman. A search for heirs who were supposed to exist somewhere in the East was unsuccessful, and

two other pieces of property, a ranch on Tenuille and a timber claim, were also sold by the widow. Recently, Harry G. Hoy, the Marshfield attorney, took up the search for the heirs and was successful in locating the son and daughter, through the assistance of Bob Agers, another former resident of Marshfield. Mr. Hoy informs the Herald that through the terms of the settlement effected, the heirs recover the property, which is now quite valuable, while Mr. Seaman will be reimbursed for his expenditures.
