

Keep your horses well; they will work harder for you. Keep your cows well, so no fever-breeding microbes will be in your milk. Disinfect your pig pens and hen-houses, and give your hogs and chickens medicines to prevent cholera. This pays. The little money you spend to PREVENT diseases, will save you far more money than the remedies cost. TAKE CARE of your animals and fowls IN TIME.

For Early Rose and early Minnesota seed potatoes call on the Model Grocery.

Miss Ruby McDonald is a visitor this week with her uncle and aunt, Mr. and Mrs. James Nosler.

Shoes—Shoes—Shoes—Boys and Girls' Shoes now on sale at Lyons & Jones.

Mrs. Marshal McDonald, of Myrtle Point, spent several days last week with her sister, Mrs. James Nosler.

Mrs. J. A. Boone, of Marshfield, accompanied by her son Harold, came over on Friday morning's train for a short visit with Miss Eva Schroeder and other friends.

About forty of the Pythian Sisters and their Knights went to Bandon Wednesday evening to attend the celebration of the K of P. lodge there. They report a most enjoyable time.

Geo. C. Brownell, of Oregon City, is again seeking the lime light as candidate for the Republican nomination for governor. As prohibition seems to be gaining, he is for a dry state.

Don't forget that S. M. Nosler is still agent for the DeLaval Separators. Machines are beginning to arrive on every boat, all kinds of literature for the asking. You will find him at the Model Grocery.

A pleasant birthday gathering was held Sunday at the Meade home east of town in celebration of the 20th birthday of Mrs. Helen Harvey's son, Gilbert Edison. The family and a few friends enjoyed the occasion.

We have secured the exclusive selling rights of Luther Burbank's original seeds for Coquille. With every \$1.00 purchase we will give you a copy of "The Culture of Flowers, Fruits and Vegetables" written by Luther Burbank himself.

No lover of Dickens should miss the seven-reel picture of his masterpiece, "David Copperfield," to be shown at the Scenic Saturday night. The great story has been shown before, but never at such length and in such detail.

The Young People's Society of the M. E. Church South held a pleasant gathering Saturday evening at the home of M. O. Hawkins. Lunch was served on the lawn, and the evening was passed with games, etc., about 25 being present.

Mr. and Mrs. Loney, of Port Orford, were in town yesterday on their way to the Bay, where Mrs. Loney will receive medical attention. Mr. Loney is, so far, the lone candidate for the Republican nomination for joint representative from Coos and Curry and expresses himself as feeling pretty safe. Judging from a few moments' intercourse, we might express the opinion that he would stand a good chance even against opposition.

Vade Garten is making a visit to Bandon.

Mrs. L. A. Lawhorn is a guest at the Jess Beyers home.

Readers of the Bay papers will begin to believe after a while that work is to be rushed this year on the Willamette Pacific construction.

There seems to have been a great slump in the marriage license market, but County Clerk Watson hopes that the cooler weather will cause a revival of the demand.

C. M. Sain, formerly editor of the North Bend Harbor, whose mental condition is best described by prefixing an "in" to his name, is now heard from in eastern Oregon, where he has a scheme for draining a lake and making farms out of it.

50 cents and \$1.00 will buy a good pair of Boys or Girls' Shoes at Lyons & Jones.

J. E. Norton has made arrangements with the Oregon Power Co., to install a 5 horsepower motor for the hoisting tramway by which goods are elevated from the wharf to the basement of his wholesale house, doing away with a gasoline engine.

Mayor A. T. Morrison has announced his candidacy for the Democratic nomination for state representative from Coos. He is the leading "good roads" advocate of the county and will be a strong candidate.

The Airoline, a steel steam schooner, has been placed on the Bay-San Francisco run to carry lumber from the North Bend mill. She is said to be a fine boat having accommodations for 30 first class and 35 second class passengers.

Base ball fans will be sorry to learn that Jim Collier, the star pitcher of the Coos county league, who has occupied the box for Coquille for several seasons, has accepted an offer from a California aggregation for this season.

If we want the picture houses to show the best feature pictures, we must patronize them when the extra expense is undertaken. It is no fun to be left holding the sack, and a few experiences of that kind are enough to deter the exhibitors from taking chances. Remember this Saturday night, when the David Copperfield picture will be shown at the Scenic.

W. J. Tension, of Bandon, was in town Saturday, and after paying his taxes still had enough left to put him in good standing with the Herald for some time to come. However he was congratulating himself that he had the boat captain's promise to take him back to Bandon.

We are now reducing our boys and girls' shoe stock. Our prices will surprise you if you will only call at Lyons & Jones store and see the great bargains.

George Belloni left last week, in company with his sons, Thomas and George Jr., for their future home at Woodland, Cal., the other members of the family intending to follow later. This community will be glad to welcome them all back together when they get tired of the junior tophet known as the Sacramento valley. They drove their young cattle overland.

F. Timmerman, of Marshfield, was over yesterday and had the operation called "taking the breath away" performed on him at the court house when he learned the amount of his taxes. However, Mr. Timmerman appears to still be in a physical condition to stand quite a jolt, as he looks but little older than he did when the writer first saw him cutting meat in Marshfield 39 years ago.

Marriage Licenses Issued

Mar. 23—Joseph Haga, Marvin Levee.

Mar. 23—Grover C. Heiferstue, Agnes B. Goodrich.

Announcement

I announce myself a candidate for State Representative from Coos County subject to the will of the Democratic voters at the primaries May 15. Will vote for the peoples choice for Senator, and work for a better system of Road Laws to enable the people to get Oregon out of the mud.

A. T. MORRISON

Body Found

The evening Record reports the finding last week at Myrtle Point of the skeleton of a man, evidently murdered years ago. The remains were found by Henry Barklow while digging post holes, and old settlers surmise that they were those of a man named Morgao who disappeared some time in the seventies.

The Literary Stunt

E. H. Meade is engaged in writing his autobiography, according to reports coming to this office, and has brought it up to the time when he was on the stage, at seventeen years of age. His long and varied experience before the footlights furnishes material for a most interesting volume, and as Mr. Meade has a large fund of genuine humor he should be able to dress it up in most attractive style. Vade Garten, whose artistic ability has attracted much favorable attention here, informs the Herald that he is to draw the illustrations for the work.

Library Notes

The Library shelves are being enriched almost weekly by the gift of books or periodicals from interested persons. The last gift and one for which the Library Board is especially thankful is the "Encyclopaedia Britannica, Americanized" for which we are indebted to Rev. Bryan of the M. E. Church.

The magazines now on the table are the Century, Literary Digest, Review of Reviews, Metropolitan, McClure's, and several others which are sent in by subscribers.

Resuming Work

Stanley Dollar, receiver for the Johnson Lumber Co., has also been appointed receiver for the Sealey-Anderson Logging Co., and announced that the Bear creek camp will be started up at once, to supply logs for the mill, which has been in operation for a couple of weeks. Stanley and Robert Dollar went to Portland last week, but the former will soon return and remain until affairs are running smoothly. The resumption of work by these enterprises means much for the prosperity of the lower river.

School Notes

Ex-County Superintendent W. H. Bunch spent last Friday in the Coquille schools and addressed the Educational League in the afternoon. He also spoke in a number of the grade rooms. Mr. Bunch has had long years of successful experience in the school business and a visit from him is an inspiration to both teachers and pupils.

Miss Vreeland, one of the school nurses connected with the State Board of Health, visited the schools Friday. She made a cursory examination of the children of all the grades, with a more careful examination where there was indication of bad tonsils, adenoids or eye trouble. She found the general health conditions in the Coquille schools very good.

Edna Gill has enrolled as a member of the freshman class.

A number of teachers went to Riverton Saturday to attend a meeting of the Coquille River Schoolmasters' Club. In addition to the Coquille and Riverton teachers, a large delegation from Bandon was in attendance. Mrs. Miller, principal of the Riverton schools, and Miss Vreeland of the State Board of Health, addressed the morning meeting, and County Superintendent R. E. Baker and Superintendent C. A. Howard of Coquille spoke in the afternoon. Most of the visitors made a trip to the Gage coal mine immediately after lunch.

As a part of the commencement week exercises, the high school students will give a play. The comedy entitled "Charlie's Aunt" has been selected.

How to Detect the Alum Baking Powder

"Which are the alum baking powders; how can I avoid them unless they are named?" asks a housekeeper.

Here is one way: take the can of a low-priced powder in your hand and read the ingredient clause upon the back label. The law requires that if the powder contains alum that fact must be there stated. If you find one of the ingredients named alum, or sulphate of aluminum, you have found an alum baking powder.

There is another and a better way. You don't have to know the names of the alum powders. Use Royal Baking Powder only; that assures you a cream of tartar powder, and the purest and most healthful baking powder beyond question.

For the Library

The entertainment to be given by Chas. Riley McCalley for the benefit of the public library, an extended notice of which was given last week, will take place at the Scenic next Thursday evening, the 26th, the date given in the Herald having been an error caused by the temporary mental aberration of the editor. There is no question but this entertainment will be of a high class. Mr. McCalley comes with most flattering notices from the towns in which he has appeared and his program embodies reading from the Hoosier poet, humorous impersonations, violin solos etc. Several numbers by home talent have also been added, and the evening's entertainment is sure to be most enjoyable. The ladies of the library association have been working hard to make all needed arrangements, and the fact that the proceeds are to go to that most popular institution should assure a large attendance.

This Stomach Remedy Helps Your Friends

Almost every day some grateful person comes into our store and tells us of benefits received from the use of Rexall Dyspepsia Tablets. Knowing how much good they have done others and knowing what they are made of, we feel sure they will help you. So great is our faith in them that we urge you to try them entirely at our risk, with our personal promise that if they don't do all you expect them to do and make your stomach comfortable and healthy and your digestion easy, we'll hand back your money.

We couldn't endorse anything more strongly than we do Rexall Dyspepsia Tablets. Containing Pepsin and Bismuth two of the greatest digestive aids known to medical science, they soothe the stomach, check heartburn and distress, promote a natural flow of the gastric juice, and help regulate the bowels. Remember, if they don't make your digestion so easy and comfortable that you can eat whatever you like whenever you like, we want you to come back and tell us and get your money. Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c, and \$1.00.—Fuhrman's Pharmacy, Coquille, Oregon.

Mother's Bread

Take home a hot loaf and try it for supper. The quality of this bread can only be properly appreciated by the test of taste. After you have tried it a while you will have acquired such a liking for it that you will want it always. In 5 cent square loaves.
