FOR CONGRESS

FRED HOLLISTER

The reason the Courier asks voters to give Congressman Hawley's place to Fred Hollister of Coos County, is because Mr. Hawley is not making good—the same reason the Courier would let go of an incompetent printer and put another man in his place.

There isn't an individual or newspaper in this district that can ask for Mr. Hawley's return to congress on his record—for his record won't bear the strain.

During his past four years in congress he has not passed a bill—except private pension bills.

This of itself would not be anything against him perhaps, but during his term in congress he has come down the line with the big interests and stand-patters on about everything they have tried to jimmy through the national legislature—and this office has his roll call record to prove it.

He has been the handy man to the big bunch to such an extent that such periodicals as LaFollett's magazine has held him up to the view of the people as a "Me, too," congressman.

Heretofore the Democrats have nominated a weak brother to run against Mr. Hawley, and made his return easy. Whether this was misfortune or intent doesn't matter now.

But this year Mr. Hawley has a live one for an opponent—a man running against him who is going to beat him out.

Fred Hollister of Coos Bay is every ounce a hustler and doer.

He is a progressive from the ground up, a progressive for progressive Oregon. He believes this district has been overlooked in the Washington shuffle, and he wants a new deal.

He believes that a congressman who has served eight years and had 170 of his 175 bills killed, must have been asleep at the switch.

It is certain that Mr. Hawley has always been lame so far as Oregon has been concerned.

Supposed to be representing this state, a state which emphatically went on record for reduced tariff duties, Mr. Hawley took the stump in Massachusetts advocating a repeal of the present tariff laws and a return to protection duties.

There are no reasons for returning Mr. Hawley, and there are the best of reasons for electing Mr. Hollister and having this state represented by a man who represents the people.

It's a joke, a burlesque for progressive Oregon, to return this Disciple of Joe Cannon.

We have timber to beat him and we will have correct representation in Mr. Hollister.

If voters of Clackamas county will use their heads and forget party, Mr. Hawley will be a once-washer November 3, and we will have a congressman in Washington who will not have to think whether he is representing Massachusetts or Oregon.—Oregon City Courier.

VOTERS BEWARE!

The Dental Trust, with all its powerful political organization, is moving heaven and earth to defeat the dental reform bill.

In every town and city members of the Trust are out working against the bill.

The Medical Trust is helping the Dental Trust by forcing nurses and druggists, under threat of boycott, to work against dental reform.

All kinds of campaign lies are being circulated to deceive the voters. Don't let the Trust scare you.

The Trust made the present dental law. Under this law it controls the State Board of Dental Examiners—every member of that Board is a member of the Trust.

In this way competent dentists are kept out of Oregon, and the trust prevents competition and keeps up prices.

Strange Timekeepers.

To ascertain the time at night the Apache Indians employed a gourd on which the stars of the heavens were marked. As the constellation rose in the sky the Indian referred to his gourd and found out the hour. By turning the gourd around he could tell the order in which the constellations might be expected to appear.

The hill people of Assam reckon time and distance by the number of quids of betel nuts chewed. It will be remembered how, according to Washington Irving, the Dutch colonial assembly was invariably dismissed at the last puff of the third pipe of tobacco of Governor Wouter Van Twiller.

A Montanais Indian of Canada will set up a tall stick in the snow when traveling ahead of friends who are to follow. He marks with his foot the line of shadow cast, and by the change in the angle of the shadow the oncoming party can tell, on arriving at the spot, about how far ahead the leader is.—Johannesburg Times.
