## The Model Grocery

S. M. Nosler & Co.

Miss Rena Danielson was in town on Saturday.

John and Jonas Dimmitt, of Bandon, passed thru town Friday, en route to the Bay, where Jonas will catch the first boat sailing for the City.

G. J. Lemanski was over from the Bay today, threatening to buy up the town and run it to suit himself.

The Herald is in receipt from J. A. Ward, too late for publication, of an appeal to the people of Coos and Curry to co-operate with the management of a creditable exhibit at the opening of the Panama-Pacific exposition.

Ball Brand Rubber Boots at Lyons & Jones. This is the best boot on the market today—wears long and cost less.

H. J. Stewart, of Portland, representing the Remington Typewriter Company, was a caller on Coquille business men last week, with offers of assistance in their typewriter troubles, and incidentally taking orders in that line.

Some Coquille business men will be interested in knowing that Jack Webber, who departed from our midst a week or two ago, has phoned from Wagon, on the Smith-Powers railroad, that he is employed there on construction work.

Miss Addie Henderson, for a while telephone operator at Bandon and of late chief operator at North Bend, died at the Mercy hospital yesterday. She was obliged to quit her work two weeks ago and go to the hospital for an operation, which failed to save her life.

A canvasser of the irrefragable variety was in town last week soliciting orders for the National Weekly which has to give away valuable premiums to hold a circulation. If any one succeeded in stopping him before he got to the end of his spell we would like to hear how it was done.

Nearly 400 people are now hearing of Coquille ever month that never heard of it before and they are scattered all over this country and Canada, some being as far off as New Zealand. This through the circulation of the Correspondence News which is now published from the Herald office.

Senators Chamberlain and Lane are expected at Marshfield in a few days on a tour of inspection of this part of their bailiwick. They should be given the warmest possible welcome and should also be fully informed at first hand of the needs of this section in the way of appropriations for harbor improvements.

Charles Hall, superintendent of the Coos and Curry Telephone Co., and James E. Montgomery, commercial superintendent for the same company were over from Marshfield last week, visiting the valley towns. They made an excellent impression on the people, and the Herald predicts that a better service will be given by the new company as soon as they are able to tackle the improvement problem.

### WANT COLUMN

RATES: One cent a word, each insertion. No charge less than 15 cents.

FOUND—Lodge emblem watch charm. Loser call at Herald office and prove ownership. 11-17-1f

WANTED—An energetic young man of good address to sell our line of goods on commission basis, in Coquille. Address Page & Son, Portland, Oregon.

A FEW CHOICE LOTS in Knowlton Heights can still be bought at ten dollars per month. They are 64 1/2 x 175 ft. Inquire of Ned C. Kelly. 9-8-1f

ROOMS AND HOUSEKEEPING APARTMENTS—Vandome Lodging House. Everything neat and clean. Your patronage solicited. W. E. CLEGHORN AND WIFE, 1f

\$6000 FOR A FARM—Here is a chance for a farmer: A 62-acre farm; 60 bottom land; 15 acres under plow and 15 acres more slashed ready to burn; good creek of running water on the place. Good house, insured for \$1000; fair barn, granaries and all necessary outbuildings. This place is 16 miles from Coquille, is on a plank road and milk route, one mile from postoffice and school. Money can be made on this place by any one who understands farming, or it is an excellent buy as a speculation. Land is going up and will never again be so cheap in Coos county as it is today. Terms will be given on part of the purchase price if desired. Investigate this if you want a farm. B. Folsom, Coquille. 10-20-1f

The one-act playlet, "At Cozy Corner," was given by the Elliott Players Co., at the Grand last evening and was highly enjoyed by the audience, which was large for Monday night. The sketch was condensed from the long play of the same name and told an interesting story in tabloid form. The six members of the cast all did well, the character part of the malicious old maid being especially well done by Violet Robbins.

### East Fork Items

Messrs. Jones and McDonald with the Northwestern Angora Goat Association, of Portland brought in last week a bunch of 200 goats, mostly nannies, for Mr. Croft who lives below Bandon.

Walter Laird and a man from Portland, sent in by the telegraph company, have been repairing the telegraph line, placing new poles where needed, cutting out brush and doing a job that is expected to last for a year, with the local repair work added, for when the railroad gets to Coos Bay this line over the old Coos Bay wagon road will be junk.

M. C. Miller is visiting his father and mother at their home near Gresham.

Grace and Gladys Krantz who are attending high school at Myrtle Point were at home over Saturday of last week.

There is some difference between getting mail seven times a week and three times. The Coos Bay wagon road seems farther out of the world now that there is no through mail, for a four-horse mail stage loaded to the guns is a little more life than a two-horse wagon with one flat mail sack in it.

Mr. Steadman of Sumner is driving the mail wagon from Sumner to Sitkum.

Mr. and Mrs. Ed. Olson and children were visiting at Wm. Culbertson's the latter part of last week.

Mr. Messer of Coquille said: "I have been in Coos county forty years and I never saw the feed so good at this time of the year as now."

### Series of Lectures

The Epworth League of the Methodist church of this city, through its president, Miss Harriet Sweet, has about completed arrangements for a series of lectures to be held in this city under the auspices of the League this fall and winter. These lectures are intended to furnish instruction and entertainment for all, but more especially for the young people of the community, and it is to be hoped that they will be well attended. The first of the series will be on "Crater Lake, One of the Scenic Wonders of the World," by Dr. Abbott, and will be given at the Methodist church this evening. The young folks are making these lectures free, although an opportunity will be given those present to make a silver offering if they wish. Dr. Knotts of Marshfield, who has spent a number of years in Peru, will deliver his interesting lecture on that land early in December. It is understood that the young people of the various churches are asked to attend and help with the singing which it is hoped hereafter to make a feature of the evening.

### Worthy Couple Wed

Justice Stanley said the ceremony at his office in this city last Saturday which united Johan Ernst Olson, of Sweden, and Miss Johanna Katarina Patronella, of Germany. This couple recently came from Antwerp, the lady leaving about a month ahead of the gentleman, and both having left just in time to escape the attack and fall of that city. This worthy couple had been engaged to wed for fourteen years but Mr. Olson, being a seafaring man, and it requiring six weeks public proclamation of the banns before a wedding may be solemnized in the old country, they had never had an opportunity until the present time, to have the knot tied.

Another remarkable feature is the fact that both of the high contracting parties speak very good English, owing to the fact that the groom has followed the sea and the bride having been a resident of Antwerp, a city more cosmopolitan even than New York.

Mr. Olson is a machinist and has a good job with the Southern Pacific on the steel bridge at North Bend. The bride is a sister of Mr. Gus Bromser, a well known resident of North Bend, where the newlyweds will reside.

Still another novel feature of this wedding is the fact that this is the first November wedding our "marrying justice" has ever heretofore performed, that month having been void of that event in his past official service.

### City Council

The council had a full attendance at the meeting last night.

Bids were opened for the construction of the Beach street bridge in Elliott's addition, this being the bridge leading to Knowlton Heights. H. E. Shelley and J. A. Ensels bid \$1914.44 for the work, and Harry Clouser bid \$2184.37, and the contract was awarded to the low bidder.

An ordinance was passed levying a tax of 18 mills for general municipal purposes. Last year's tax was 10 mills, the raise being made necessary by the loss of the revenue from saloon licenses.

An ordinance was also passed authorizing the issue of improvement bonds in the sum of \$405.29 for unpaid assessments for improvement of the intersection of Front and C streets.

### Tortures and Robs Old Man

Frank Cuean, an aged farmer living alone at Loon Lake, was tortured and robbed last Thursday night by Ray S. Bunch, a youth of 18, who was captured Saturday at Gardiner and taken to jail in Roseburg. Young Bunch has relatives in this county and had formerly lived here but had been absent for several years returning recently. He went to Cuean's cabin and was taken in for a night's lodging. After the old man was asleep Bunch tied him to his bed, then waked him and demanded his money, finally setting the bedclothes on fire and burning Cuean's feet until he told where the money was concealed. About \$400 was secured by the robber, who then left and was later taken into custody.

### The Football Game

Last Friday the Coquille football team outplayed the Marshfield team 21 to 7. Coquille was easily the victor from the first, Marshfield's only score being a touchdown and goal made by Coach Niles a few minutes after he was permitted to enter the contest to help his team withstand the onslaughts of the river boys. He made a spectacular run when his attempted forward pass failed to work, of about 50 yards through a scattered field. Both teams played well and several individual plays on both sides were star features.

Marshfield kicked off to Coquille and after about five minutes of play Coquille was held on the Bay boy's 20-yard line where Spike Leslie made a beautiful drop kick scoring 3 points for the home team. The other scores were three touchdowns made by Spike Leslie, Buckie Mast and Cliff Kern. The most beautiful play of the day was made by Bucky Mast who went through the line for a touch down of 50 yards. Gilham played a brilliant game at tackle. Johnson started the scoring by making great gains through the line, he went out after a few minutes of play and Roy Avery was put in at fullback where he did credit to himself, making gains whenever he had the pigskin. Kelley and Haskins played a fine game at guard, as also Shelly at center. Donaldson at tackle played well making a pretty block of a Marsfield punt. Roy Watson and Keith Leslie played well at ends, both sharing equally the honors of stopping the visitors. Pike, a very useful utility man, was held in readiness on the sidelines to fill any position which might be vacated, but was not needed as the game was too much one sided already the visitors not getting a chance to win.

After the game a fine banquet was given the team at the Baxter Grill by P. M. Hall-Lewis and Dr. Hamilton. The gate receipts were ample to meet all expenses and the team count:

was very grateful to the business houses for closing and lending such loyal support. Dr. Hamilton who coached the team promises as good a team again next year. Archie Walker acted as umpire and McInturf as referee.

### The Piano Contest

At Drane's Saturday night th count showed that Mrs. Addie Donaldson had made a gain for the week of over 240,000 votes, placing her far in the lead and winning the weekly prize.

At Anderson's Mrs. L. A. Ross took the weekly prize, though Katherine Terris came to the head of the list.

It will be seen that the candidates are now piling up larger scores each week, on account of the special offers which are being made, and a warm contest can be expected from now on until Christmas eve when the pianos will be given away.

The prizes offered this week are sets of silver spoons, and special announcements are made in the large ad on the fourth page of this issue.
