Parker B. Holland, of Marshfield, was in town yesterday. He is looking for a ranch on the river to rent and has a want ad in this issue. There seems to be a scarcity of ranches that may be rented at this time, and renters find it hard to get a location.

It is curious to observe how joyful is the meeting between some of the Marshfield men who are marooned over here during circuit court and their friends from the Bay city—and how quickly they adjourn to some retired place for "consultation."

### East Fork Items

Last Monday night about 12 o'clock loud blasts were heard. Some thought it was the noise of road work, others that it was another "naval battle off Coos Bay." Now it is thought that the salutes, fired in honor of the marriage of Mr. Bennett and Joie Weekly of Coquille, who were visiting Mrs. Bennett's sister, Mrs. Jeff Crosby, were almost as many as Uncle Sam demanded of Huerta and did not get. The boys surely had powder to burn for the rumble and roar carried for 10 miles or more.

E. N. Harry made a trip to Coquille and brought back a lot of wire fencing.

Concentrated rations for soldiers have the disadvantage of trying to placate an unlettered stomach that demands bulk as well as nutriment.

### Some Rainfall

The rainfall record kept by B. B. Ostlund, printed today, shows an unusually great amount of water fell during the year 1914, and the figures—75 inches and over—show the true rainfall for last year. The customary amount of rain during a year is about 65.5 inches and the weather bureau estimates from September first to the following date of the same month. However, 1914 has the highest record for some years. Last night the rainfall amounted to 1.40 inches and for the 24 hours, 1.76. Compared with last year the fall from September first is much greater, the figures being for 1914, 38.01 and for 1913, 28.54.—The Record.

We thank the public for their patronage and we ask that they continue to patronize the old stand under the new management.

### Beware of Ointments for Catarrh That Contain Mercury

### Circuit Court

Wm. R. Young was found guilty by the jury last week in the case in which he and Mrs. Quigley were involved. Mrs. Quigley's trial did not come off, as the charges were withdrawn after she and her husband had agreed to make a new start, and they departed together for their home in Curry county.

James O'Brien was convicted yesterday of robbing the Bohemian saloon, in Marshfield.

A number of offenders were brought before Judge Coke this morning for sentence.

Ralph Edmunds, convicted of forgery, was given the statutory sentence of two to 20 years in the penitentiary, and was then paroled.

Robert Thom, the barkeeper convicted of selling liquor to a minor, was fined \$100, which was paid by McAdams, his employer.

Wm. Atterbury, of Bandon, convicted of cruelty to animals, was fined \$100, with the understanding that if he pay \$50 and the costs of the trial within five days the balance of the fine will be suspended.

Curly Bilings, who made a plea of guilty, was given the fixed sentence of two to 20 years in the penitentiary, with the provision that sentence will be suspended if within ten days he marries the girl against whom his offense was committed.

### Lineman Here

Mr. and Mrs. J. A. Belieu have come to Coquille to reside, from Marshfield. Mr. Belieu is a repairman for the Coos and Curry Telephone company which has located him at this point so that line troubles, here and at Myrtle Point, as well as along the long distance leads on the upper Coquille, may have more prompt attention and the service generally improved. New installations of telephones may now be made more promptly than when it was necessary to wait for the installer to come from Marshfield.

### Birthday Party

Mrs. Allen Collier was given a very enjoyable birthday party Saturday night at the home of her daughter and son-in-law, Mrs. and Mr. Ben Curry. Some of the old friends were gathered together and the evening was spent with the game of Five Hundred and social intercourse. These present were Messrs. and Meslames Allen Collier, Ben Curry, A. J. Sherwood, Walter Sinclair, John Paulson, T. M. Dimmick, Chas. E. Vland, W. J. Longston, Mrs. D. D. Pierce and Mrs. Nicklin. Mrs. Collier was the recipient of a nice cut glass dish and other remembrances.

### Another Tom Preston

Tom Preston, who was under \$50 bonds to answer a charge of gambling, before the circuit court, preferred to jump his bail. The name has a familiar sound to all early residents of Marshfield, where "Old Tom Preston" was once a noted character. He was an old English man-of-war's man, much addicted to drink. When he got drunk he always wanted to fight, and he was never known to either whip his man or to acknowledge himself licked. More than one of the old-time scrapers wore himself out on old Tom and was obliged to leave him still emitting defiance and vile epithets. Finally he fell into the hold of a vessel and broke his neck.

### Officers Elected

At the meeting of the Farmers' Union held last week the following officers were elected by the Coquille local: Nick Johnson, president; W. G. Brandon, vice president; Mrs. D. H. Burns, chaplain; Mrs. W. G. Brandon, secretary-treasurer; J. D. Myers, conductor; W. L. Kistner, outer guard.

### Death from Paralysis

While working on the log boom here last Wednesday, John Smith suffered a stroke of paralysis from which he died Saturday morning. He was an honest and hard-working man about 45 years of age and leaves quite a large family in poor circumstances. The funeral was held Sunday.

### Kime and Von Pegert Sell Their Business

Kime & Von Pegert have sold their garage and machine shop to C. W. Gardner and Herman Larsen, of Marshfield, the deal being consummated last week. The business will be conducted under the old name of the Kime & Von Pegert Garage and will be in charge of Mr. Gardner, who is a thoroughly competent machinist having been in the employ of the C. A. Smith Co. for a number of years. Mr. Larsen, who is engaged in the dredging business on Coos Bay, will be a silent partner. Messrs. Kime & Von Pegert will be found at the garage for the present, while they wind up the affairs of their business.

Both C. I. Kime and Fred Von Pegert expect to move to California in the spring, and they will probably engage together in the same line of business in which they have made a success here. The move is caused mainly by considerations of health. Mrs. Von Pegert, during a short residence in the south last year, found her health so much better than here that a change was determined on.

Kime and Von Pegert have been in business at the present location for four years and have built up a fine business. Both being good workmen, progressive, reliable and accommodating, their withdrawal from the field will be regretted by all, and the best wishes of all their old patrons will follow them when they go away to engage in the same line of work in another field. They are good citizens and good neighbors and the kind that the community hates to lose.

### School Notes

The Educational League was addressed last Friday afternoon by Mr. H. O. Anderson on the subject of industrial work for children. He closed his address by dwelling upon the value of gardening for children and suggested that this was one form of industrial work which could be started without expense. A committee consisting of Mrs. Lawrence, Mr. R. S. Knowlton and Mr. J. J. Stanley was appointed to cooperate with a committee from the Social Hygiene Society previously appointed, to work out some plan to carry on a gardening contest for the school children of the town. During the past three years the Coquille schools have carried on a school garden which has proved of great interest and value to the pupils. This work will be continued, but it was thought that additional value would be derived from having gardens at home as well as at school. Owners of vacant lots which are at present used for no valuable purpose will be called upon to donate the use of them for the benefit of the garden contests.

Mr. W. L. Kistner of the board of education spent the whole of yesterday visiting the schools. He called at three of the rooms in the Academy and at four of those in the main building.

Austin Hazard started for Pasadena, Cal. yesterday with his parents and will attend high school there for the remainder of the year.

Take your subscriptions for all papers and periodicals to Folsom's Confectionery, and save expense, trouble and risk.

### Basket Ball

The local High School basket ball team suffered defeat at the hands of the Myrtle Point team on the latter's floor Friday night, the score being 21 to 10. This was the first schedule game this year and opened the season for high school basket ball in the county.

The Myrtle Point team is a good fast bunch and play an excellent game but, notwithstanding this fact, the boys from here put up a hard fight and they earned every point. Coach Leslie attributes the defeat more to the condition of the hall, which differs radically from the one here, than to superior playing on the part of Myrtle Point and promises that the Coquille shall redeem itself when they meet that team on the home floor.

The boys are in nowise discouraged by their defeat but are practicing more consistently than ever; determined to prevent the repetition of the results at Myrtle Point last Friday. With such a spirit prevailing among the players and the student body of the school as well,

the game at Myrtle Point may prove a valuable lesson and do much toward winning future victories.

Saturday night a Marshfield independent team played at Norway, winning over the team there 26 to 19. Arrangements have been made whereby the Marshfield Independent will play an independent team here in the near future, the exact date being yet to be decided upon.
