MERELY MENTIONED

Look out for your ki-yis, see that

notice?

Mr. and Mrs. W. E. Cleghorn made

an over-Sunday visit to Bandon.

All cold weather drinks will be

found at Folsom's Confectionery.

Mrs. Otis Flitcroft, of Fairview,

was visiting Coquille friends Satur-

day.

Miss Edith Thomas returned yes-

terday from a short visit to her home

at North Bend.

Don't let that cough get a start.

Take the A. D. S. White Pine cure.

Knowlton's.

Miss Ruth Woodford went to

Marshfield on the Sunday train for

a brief visit with friends, returning

yesterday.

Well, Gee Whiz! We never ex-

pected to see the staid and eminent-

ly "proper" Sentinel print THAT

verse.

The quickest correction for a sick

stomach is A. D. S. Sodium Phos-

phate. Knowlton's.

W. O. Cooper, formerly a resident

of Myrtle Point, now located in

Washington county, is visiting this

section.

And now the Herald has an order

for printing from as far away as

Cape Vincent, N. Y. We are put-

ting Coquille on the map. Get that?

I am in the market for Chatham

Bark, Butchers and Farmers' Hides,

Wool, Pelts and Furs.

Geo. T. MOULTON

Mrs. L. A. Lawhorn returned to

her home at McKinley Wednesday

after a brief visit at the home of

on January 30th.

Mrs. Nellie Stierlin, who had

been giving skilled assistance in the

mechanical department of the Her-

ald for a couple of weeks returned

to Marshfield yesterday.

Cure that cough. Use the A. D. S.

White Pine at Knowlton's.

McCloskey & Laird, of Myrtle

Point are now proprietors of the

auto stage line between here and

that town, having bought the inter-

est of Eugene Wickham and Geo.

Bryant.

H. M. Shaw, M. D., eye, ear, nose

and throat specialist, of Marshfield,

will be at Hotel Baxter Saturday,

Jan. 23rd. Glasses fitted. 1-5-2t

Mrs. T. N. Boone, of Fairview,

was in town Friday with her young

son Claud, who has been taking

treatment from Dr. Richmond for a

troublesome fracture of his arm.

Less stiffness of the elbow than the

doctor feared resulted from the frac-

ture, and the arm will be practical-

ly "as good as new."

The Treadgold-Coach controversy

still furnishes copy for the county

press and is being pretty thoroughly

tried with printers ink. The Herald

prefers to wait for the official re-

turns on the dirty mess, and hopes

that the whole b. n. ch will get their

just deserts—whatever they are,

when the cases come up at the

April term of court.

A guaranteed cold cure at Know-

lton's. A. D. S. Cold and Grippe

Tablets.

C. Price, during the past week.

G. E. Musick was visiting Co-

quille relatives Thursday and Fri-

day, having come in from Loom

lake where he is employed in build-

ing a mill for Jack Baker.

The steamer Breakwater had the

roughest trip that she has experi-

enced on the Coos Bay run when

she came from Portland last week,

and Captain McGinn reported that

at one time it "looked bad," which

means a lot when the captain says

it.

Mrs. W. J. Longston has gone to

Salem to act as stenographer for

Rep. C. R. Barrow, who is her un-

cle, during the session of the legis-

lature.

Clyde Stowlers, a grandson of

Mrs. Bledsoe, arrived Saturday and

ment of the Grand theater.

Charley Baxter is over from

Marshfield today.

M. M. Young, landlord of the

Baxter, went to Marshfield Satur-

day and initiated four new members

of the Brotherhood of Railroad

Trainmen. The Record confused

him with the editor of the Sentinel,

but probably that slam at the fra-

ternity was unintentional.—The

newspaper fraternity, of course.

Two episodes of the Perils of

Pauline will be shown at the Grand

Thursday evening, four reels, this

being made necessary by the recent

mix-up in the shipments.

Try a Herald want ad for any

thing you want to buy or sell.

Horticulturist Coming

County Agriculturist Smith

gives out the information that he

has arranged for a series of address-

es in this county by Prof. W. S.

Brown, the head of the Horticul-

tural department at O. A. C.

Prof Brown will arrive in Marsh-

field this evening and will spend to-

morrow there, giving a lecture and

demonstration. Thursday morning

he will be in Coquille and will go

out with those interested to some

orchard near the city and show how

to prune trees of various sizes and

kinds, and also tell about spraying

and the best methods of fighting

insects. Thursday afternoon he

will be at Myrtle Point, and on

Friday at Bridge.

Had the Smallpox

A letter just received by Imogene

Alexson from Mrs. D. W. Dean

states that the family has been pas-

sing through a siege of the smallpox

in a light form. The grandchildren

took it first and then the older ones

had it in their turn, but the disease

was so mild that it was supposed to

be the chicken pox until the festivi-

ties were about over. Mr. Dean is

now in the mercantile business, hav-

ing sold the Halsey Enterprise and

opened a store, in which he is en-

joying a good trade.

Bedillion Leases Plant

R. E. L. Bedillion returned Fri-

day from Eureka, Cal., where it is

said he has taken a six-months lease

on a woolen mill, with option to

buy at the expiration of that time.

The monthly rental is given as \$120,

the sum to apply on the purchase

price which is \$14,000. The plant

is now shut down.—Western World.

An Old Subscriber

D. W. Stevens writes from Mc-

Leod, Cal., renewing his subscrip-

tion to the Herald and remarking:

"I have read the paper ever since it

was first published, something over

thirty years; I am so old that I can-

not remember just how long." We

hope that Mr. Stevens will be many

years older before he has to stop

reading the Herald.

Beware of Ointments for

Catarh That Contain Mercury

as mercury will surely destroy the sense

of smell and completely derange the

whole system when entering it through

the mucous surfaces. Such articles should

never be used except on prescriptions

from reputable physicians, as the damage

they will do is ten fold to the good you

can possibly derive from them. Hall's
