GERMANS MAKE DASH FOR BREST LITOVSK

Would Leave the Czar's Men Without Future Base of Operations in Poland.

London.—The Austro-Germans are making a determined attempt to envelop Brest Litovsk by swift marches from the west and south before the retreating Russians can regroup themselves to defend their important fortress base.

Official dispatches from both Petrograd and Vienna agreed on this point Vienna reported the arrival of a German army within 35 miles of Brest Litovsk. The Russian war office announced that "obstinate struggles are increasing" in the region west of the fortress, through which the Bavarians are advancing from Warsaw.

The Germans, it was believed here, are attempting to rush the Slavs off their feet, capture Brest Litovsk by a cyclonic assault and leave the Russian field armies without a base for future operations in Poland, compelling their immediate retreat from behind the Kovno-Brest Litovsk line.

The new positions occupied by the Germans and Austrians were outlined with approximate accuracy on good authority for the first time since the fall of Warsaw. The line starting from the vicinity of Ossowetz, near the Prussian border and opposite the Mazurian lakes region, curves to the south and east, running through Sokolow, Siedlce, Lukow, Ostrow and Vladova.

AMERICA DECLINES TO ALTER WAR LAWS

Washington.—The reply of the United States to the protest of Austria-Hungary against the sale of munitions of war to the allies is a refusal to accept the Austro-Hungarian view.

In justification of its position, the United States recited among other things, that international law, the practices of nations, the security of the United States and other nations without large military or naval establishments and neutrality itself were opposed to prohibiting the export of war munitions by a neutral to a belligerent in time of war.

The United States contends that it could not deny to others the right which it claims for itself to purchase war munitions from a neutral in event of a foreign attack. In this connection, the United States hints that it might have to buy from neutrals if attacked.

CAPERTON IS IN POWER

Given Full Authority to Suppress All Disorders in Haiti.

Washington.—Admiral Caperton, in charge of American forces in Haiti, has been clothed with full power to curb malcontents who rebel against the newly elected president of the island and marines will be kept in Haiti for months if necessary to bring about complete order there.

It is understood that France, whose financial interest in Haiti is large, is in sympathy with the steps taken by this government to check the revolution.

That the revolution has left hundreds of natives in want was reported to the Red Cross by Admiral Caperton. In response to an urgent request by the American commander, the Red Cross sent \$1000 through the war department to relieve famine.

GERMANS CAPTURE KOVNO.

Berlin, by wireless to Saville.—The following announcement was made here officially:

"The fortress of Kovno, together with all the forts and a large amount of war material is in German hands. More than 400 cannon were taken. The fortress was captured by storm in spite of the most tenacious resistance by the Russians."

OUTLAW ESCAPES GRANTS PASS JAIL

Grants Pass, Or.—John Austin Hooper, college graduate and king of highwaymen, aided by a fellow prisoner, who says that Hooper forced his assistance, made a daring escape from the Josephine county jail.

The highwayman, who was in jail here awaiting trial since his capture at The Dalles July 19, for the robbery of the Southern Pacific station here three months ago, overpowered Sheriff Smith, disarmed him, locked him in a cell and fled with Joe Colinge, the fellow prisoner who aided him. Colinge has been recaptured, but nothing has been seen of Hooper since he left the outskirts of Grants Pass.

As Sheriff Smith entered the cell with the two prisoners' breakfast, Colinge seized him, pinning his arms to his side. At the same time Hooper grasped the sheriff by the throat, preventing an outcry, and then tied a rag around the officer's mouth. Colinge, at Hooper's order, then took the sheriff's automatic pistol. They then forced Sheriff Smith into an open cell and slammed the door, locking it.

Hooper then took the automatic pistol and cartridge belt from Colinge and, picking up a small valve, left the jail, accompanied by Colinge.

The two prisoners separated as soon as they left the jail, Hooper starting for the hills north of Grants Pass and Colinge going toward the railroad tracks.

Marietta, Ga.—Leo M. Frank, serving a life term for the murder of Mary Phagan, the Atlanta factory girl, and who was taken from the prison farm at Milledgeville Monday night, was lynched 100 miles east of here by the armed party which took him. He was hanged to a tree.

Frank was brought 100 miles from the prison farm to a point almost within sight of the former home of Mary Phagan.

FOE OF CANCER DISCOVERED

Rockefeller Institute Scientists Find Immunity Guaranty.

New York.—The Rockefeller institution announced through the Academy of Science at Washington a discovery by two of its investigators whereby immunity from cancer, it is hoped, may be obtained. The investigation was conducted by Dr. J. B. Murphy and Dr. John J. Morton, over a period of two years.

They discovered that in the white lymph cells of the blood there are the necessary factors in making animals immune from cancer. A decided increase of the white lymph cells gives absolute immunity, the physicians declare they ascertained.

LAWSON SENTENCE IS STAYED BY COURT.

Denver, Colo.—The United Mine Workers of America won two victories in the legal war which has succeeded the strike of Colorado coal miners. The state supreme court granted a writ of superadeas, preliminary to a review of the John R. Lawson case, and at the same time barred Judge Granby Hillyer from presiding at future trials growing out of strike disorders.

An increase is shown in this year's values over last year's of \$3,937,041.

LOSS OF LIFE IN GALVESTON HEAVY

Property Loss in Hurricane Wrecked City Said to Be Enormous.

Galveston, Tex.—Scores of lives were lost and millions of dollars worth of property was destroyed in the West Indian hurricane that swept the Texas coast, according to information received from the stricken districts.

Eighteen soldiers, it is said, were killed at Texas City, the regular army camp near Galveston, and 30 or 40 civilians also are reported dead.

Six deaths are reported from La Porte, Texas; eight from Morgans Point, and three from Sylvan Beach. Between 50 and 60 soldiers are said to have been injured at Texas City.

The Houston Chronicle prints the following interview with J. R. Montgomery, a Houston correspondent of the Galveston News, who got as far as Virginia Point, the northern end of the causeway, Wednesday, and viewed the wrecked city of Galveston:

"I am confident the number of dead in Galveston is large. I could not see an elevator on the port side of the city and my opinion is that the number of buildings destroyed will run into thousands.

"I believe the property loss will be greater than in 1900."

Damage which will run into millions of dollars has been done to the cotton crop in Texas by the storm of Monday and Tuesday. Reports from towns in central Texas say that cotton open in the bolls was blown off of the bolls and was beaten into the ground by heavy rains.

MEXICANS FIRE ON U. S. BORDER PATROL

Brownsville, Texas.—A detachment of the United States cavalry patrol was fired on from the Mexican side of the Rio Grande near Progresso. The cavalrymen returned the fire.

Corporal Wilman is reported to have been killed and Lieutenant Roy O. Henry and Private Jackson wounded.

Rangers and peace officers are disarming all Mexicans outside of the larger towns throughout the Brownsville section.

Firearms discovered in the possession of Mexicans in rural communities of this section is practically equivalent to a death warrant unless that Mexican is being peaceful. Even with such a record, firearms are confiscated and a warning given not to obtain any more.

OFFICER MATERIAL SOUGHT

Citizens Who Train Four Weeks May Be Recommended.

San Francisco.—Any man in the Pacific Northwest who is not under 21 years of age, who is well educated, able to pass a careful physical examination and has a desire to fit himself for a commission in volunteer forces in time of war, can have an opportunity to do this year by attending for four weeks a business and professional men's camp of instruction that will open at the Presidio of San Francisco August 20. Major-General Arthur Murray, commanding the western department of the army, has, by permission of the secretary of war, just issued an order authorizing the holding of such a camp—the first one of its kind in the west, and the second in the United States.
