**Walker, Too**

Saturday night T. A. Walker tried his hand at "shooting the shoots" with his car about a mile below this place, on the Bandon road. The road has become rutted out along the river bank for some distance below town. Mr. Walker was proceeding at a moderate rate of speed, when the front wheels dropped into one of the deep ruts, breaking one of the front springs. The break in the spring caused the wheels to be turned toward the bank of the river and before Mr. Walker could stop the car it dashed over the steep bank, turned over once and then righted itself against the piling at the edge of the river. The driver luckily escaped with a few slight bruises. The car was extricated from its position Sunday morning and Mr. Walker drove it into town. The damage to the car was not great. This makes the fourth "turnover" on the Bandon road this summer.

**That Insurance**

Many reports have been circulated as to the payment of the insurance on the Louvre restaurant, destroyed in the recent fire. To get the matter straight the Herald interviewed Sheriff Johnson today. The sheriff says that the insurance adjuster, whose position in the matter has aroused considerable criticism, assured him that the insurance would not be paid until after the meeting of the grand jury, which convenes on Sept. 8th, when it is expected an investigation will be made by that body.

**L. O. M. S. Meeting**

Last Saturday evening the L. O. M. S. Society held a very enjoyable picnic-movie meeting. About six o'clock the girls assembled and had a fine swim in the river, followed by a picnic supper eaten on the bank. When darkness came on the picnickers repaired to the Scenic as the guests of Miss Mary Levr. He will put on an act of "plastic posing," and will also do some "strong man" stunts, also giving illustrations of physical exercises calculated to develop the muscular system. No admirer of physical perfection should miss this. The usual run of pictures will be given, and prices will be 10 and 15 cents.

**Gene Wickham Returns**

Gene Wickham arrived here Sunday night from San Francisco. His motor, who has been visiting the Fair returned with him in a Ford car which she had purchased in the city, coming back by the inland route. Gene left his wife in San Francisco, where she is recovering from a serious operation, and was unable to accompany her husband on the trip. Gene tells an amusing story about a Ford car. As he was coming through the Siskiyou a Ford roadster pulled to the side of the road to let another car pass and in doing so it ran over the edge of a steep bank and turned over twice, but landed in an upright position. A lady and her husband who were the only occupants of the car were uninjured. The only thing that was smashed was the lady's glasses. Such stunts as this is what has caused the popularity of the Ford car.

Mr. Wickham will leave for the South some time this week.
