C. A. Machon is the proud possessor of a couple of huge military shirts which he received from a friend in Detroit, Mich. The funny part of it is they were meant for a birthday present, and Mr. Machon's birthday is on the 19th of June. His friend evidently became twisted in the course of human events.

"The Diamond from the Sky" serial, being shown every Monday evening at the Scenic, is drawing the crowd. After five chapters have been shown it can be unqualifiedly pronounced a fine serial, the acting being good on the part of all the players, the story logical and full of surprises and an air of naturalness being preserved in the most unusual scenes.

The Juniors, Seniors and the high school faculty held an indoor bonfire party at the home of Mr. and Mrs. F. G. Leslie Friday evening. The evening was very enjoyable spent with games and music. At a late hour the guests gathered around the fireplaces and roasted weenies, which with pickles and sandwiches made a fine spread and a delightful end to the jolly evening.

Sunday morning W. C. Rose autored to Brewster valley and returned early in the afternoon with his wife and father and Mrs. Paul Sterling, who have been camping the past week at that place. Mr. Rose got an early start and returned early as he didn't wish to break another axle in the dark; and in case of a breakdown he prefers the daylight for hoofing it in.

**Charles Baxter in Charge**  
Chas. Baxter took possession of the Baxter hotel Wednesday. He appointed Cal Slagle as clerk and to look after things for him while he returned to the Bay to look after his business on that side. Mrs. Baxter will remain on this side and assist at the hotel till Mr. Baxter returns. As soon as Charlie goes out of business on the Bay he will reside here. He is well known throughout the county and with him at the helm, and the hotel running in first class order he is sure to meet with success. He intends to run his business in up to date fashion and to extend every effort to accommodate the public.

**Back from Philippines**  
Lieutenant Leland Howey, of the Philippines, arrived here yesterday, on furlough, for a visit with his parents, Mr. and Mrs. A. E. Howey. He was expected home last spring but conditions arose at that time in the Islands which made it necessary for him to stay at his post. He avoided the chance of a second disappointment to his family by keeping his coming a secret until he reached San Francisco, and his wife caused no little excitement among his friends here, as he had not been home since going to the Philippines five years ago.

**Back from the Fair.**  
Mr. and Mrs. F. E. McKenna returned last week from San Francisco where they spent their honeymoon viewing the exposition. Mr. McKenna says the big show is an unqualified success, financially as well as otherwise. He also says that disparaging remarks about the display in the Oregon building are entirely out of place; that the building itself is one of the most striking features of the fair, and that the display inside is second to none on the grounds with the possible exception of that of Calgary. He speaks in high praise of the work of J. A. Ward who has charge of the Coos county exhibit, and says that he is constantly on the job and very attentive to anyone who displays the slightest interest in the exhibit. The Myrtle wood display from Coquille is the center of attraction. There is a noticeable tendency to put the "Coos Bay" label on products of the Coquille valley, but the Valley is getting to expect that. To say that Mr. and Mrs. McKenna enjoyed their trip would be what the rhetoric used to call "rundancy."

**School News.**  
The two upper classes of the high school have organized for the year and elected the officers who are to guide their destinies. The Seniors chose for their president Keith Leslie; vice-president, Merton Tyrrell; secretary, Mary Levar. For the Junior classes the following were elected: President, Myrtle Cunningham; vice-president, Herbert Lukens; secretary, Zelma Strang; treasurer, Arthur Hooton.

In accordance with its constitution which designates Monday of the third week of school as election day, the Athletic Association met yesterday at 12:40 and elected the following officers. President, Keith Leslie; vice-president, Leslie Schroeder; secretary-treasurer, Charles Oerding; manager, Marc Shelley. Principal J. W. Crites has been appointed faculty adviser for the association.

Supt. C. A. Howard, president of the Coos County High school association, has called a meeting of that organization to be held in the city ball at Coquille next Saturday. Schedules will be made out at that time for basket ball, debate and oratory. It is expected that two or three representatives from each high school of the county will be on hand.

### New Train Schedule.

By a change going into effect last Sunday the train service is now such that those who never swore before are now given an opportunity to indulge in the reprehensible luxury of profanity without reproach. The morning train from Marshfield goes no farther than this city, taking the back track from here. It arrives at 8:30 and leaves at 8:45. Arriving there it starts out again, arriving here a 11:42 and leaving for Myrtle Point and Powers at 11:52. Coming back, it arrives at 3:50 and leaves for Marshfield at 4 o'clock. The beautiful convenience of this schedule is apparent. Myrtle Point people can come here by train and if they take an auto they can get back home the same day; otherwise, they can walk home or stay here over night. Going from here to the Bay by train you can take a fast auto at the Marshfield depot and make it down town and back in 15 minutes to catch the return train.

It is suspected by some uncharitable individuals that the S. P. officials are peeved because so many people travel by auto, and are fixing up a schedule that will make such people good and sorry before spring.

**Tomorrow Night's Feature**  
At the Scenic tomorrow night will be shown the Universal feature in four reels entitled "The White Terror." The picture was made in conjunction with the National Association for the Study and Prevention of Tuberculosis. The purport of the film is a distinct drive at the dope-laden patent medicines that wheedle what the picture terms "blood money" from unsuspecting and anxious-to-be-well tuberculosis victims, and which in place of effecting the cure represented, hurries the consumer to an early grave. A love story is interwoven with the plot, and some lively action is shown, making a picture of absorbing interest. Prices the same, 5 and 10 cents.
