"THE SERPENT"
WILLIAM FOX PRODUCTION

Appearing at the Scenic Tomorrow

Theda Bara As "Vania" in "The Serpent" Again Shines in Vampire Role

Serpent's fangs has found its mark. Vania Lazar (Theda Bara) is the beautiful daughter of a Russian seif. She lives with her parents in a small cottage close to the vast estates of the Grand Duke Valonoff. Valonoff, despite his title, is nothing more than a wealthy libertine. His one redeeming quality is the love he feels for his son, Prince Valonoff. The Grand Duke has practically forgotten the existence of Ivan Lazar, until one day when he blunders on the Lazar cottage after he and his followers have lost their way during a wild boar hunt. The Grand Duke sees for the first time Vania, who is in love with Andrey Sobi, a young peasant. Valonoff is enraptured with her charms and decides that he will see her again. To further his purpose he leaves his gold cigarette case in the seif's cottage when taking his departure. The case is found by Ivan, who, fearing that he will be accused of theft, sends Vania to return it to its owner. The Grand Duke's plans have worked as he expected. He greets Vania joyously and makes ardent love to her. Following her seduction, he maintains her in style and lavishes upon her every geegaw her heart desires. The sudden change in station is almost beyond the comprehension of the daughter of the poverty stricken seif. And yet she likes her new life. It is so different from anything she has known. Valonoff, ultimately tiring of Vania, makes no effort to conceal the fact that his infatuation has waned. Despite her pleadings, he

Coos County Cows Test High

(From The Sentinel)
The following table gives the records of the cows in the Coquille Valley Testing Association, which have produced more than 50 pounds of butterfat during the period of 30 days ending April 30th, 1916.

STATE INDUSTRIAL REVIEW

Compiled by State Bureau of Industries and Statistics

Marshfield—Much street, sewer and sidewalk work is being done.

Bandon—\$66,000 to be expended in repairing north jetty.

St. Johns—Work has started on \$200,000 shipbuilding plant here.

Bandon—L. D. Slavens refuses \$10,000 for a new lead block which he has patented to use in logging operations.

Grants Pass—Construction started on new planing mill.

Drain—Leona Mills Lumber Co. making many improvements and building neat bungalows for employees.

Eugene—Chamber of Commerce arranges for location on which to erect flax mill.

Grants Pass—Rich copper ore has been uncovered in Waldo mine and will greatly increase output of Illinois Valley district.

The big Columbia river highway bridge will be completed before July 1.

Portland's municipal woodpile continues to be an expense. It is now found that bills are being paid twice.

Denver firm buys Port of Umpqua \$200,000 bond issue.

Eugene—Experiments in rice culture will be carried on here.

Medford will vote on bond issue in the near future for \$8000 for heating system and enlargement of Washington school.

Detroit—Surveyors working on railroad grade here for some time and two and a half tons of provisions recently shipped in. Looks as if there might be railroad activity in the near future.

Toledo—J. B. Miller sells Miller Logging Co., including 5 1/2 miles of logging railroad to Mr. Pendleton who represents large capital.

Portland—Oak timbers cut from trees on lower Columbia will be utilized in building ships at Portland and other coast points.

St. Helens creamery has output of 600 pounds daily, \$2000 monthly payroll.

Grants Pass—Million feet of lumber ordered for construction of beet sheds and silos at sugar beet factory.

Canyon City—Asbestos mines operating on Beech creek near Mt. Vernon will soon ship first carload of asbestos to Portland market. This is said to be the only asbestos mine working in the United States.

Riddle—Material is on ground for enlarging and improving old nickle mine to ship ore to Pittsburg smelters.

Hood River—The Stanley Smith Lumber Company will start Green Point plant with 175 men.

Dufur—Contract let for \$11,297 school building.

Roseburg—Local druggist experimenting to make perfume distinctive of this vicinity.

Dufur Lumber company making arrangements to start operations soon.

St. Helens Shipbuilding company starts construction of fourth set of ways.

Portland—East side business men's club will try to float \$100,000 bonds to help start new industries.

Maplewood—Factory opening to turn out 250 trunks a month.

Hood River strawberry industry will employ 2000 outside pickers.

Condon—Contract let for building 50,000 bushel concrete grain elevator.

Northwest prune crop estimated at 25,000,000 to 30,000,000 pounds.

Loganberry industry boosted by adoption of juice on Pennsylvania railroad.

Crown-Columbia paper mills increase wages amount to \$30,000 a year—third advance this spring.

Portland will expend \$235,000 rebuilding parts of the Tanner Creek sewer that caved in owing to bad construction.

St. Johns has secured a factory for refining eel oil.

For County Surveyor: S. E. Henderson 1185, C. E. McCulloch 1400.

For County Coroner: S. C. Johnson 1012, F. E. Wilson 1639.

For County Commissioner: J. T. Harrigan 1306, Archie Phillip 1368.

For Port Commissioners the Republican candidates received the following votes and were all nominated: R. H.

College Extension Active in Oregon

Farmers and other citizens of the Coquille district may get a valuable suggestion of College Extension work helpful to this community, from the following notes recently published in the O. A. C. Press Bulletin:

R. D. Hetzel, Director of Extension, attended a conference of representatives of the Portland Chamber of Commerce on the subject of uniform contracts for marketing Oregon horticultural products. It is expected that the Portland Chamber will cooperate with the Agricultural College in carrying out the plans recommended by representatives of the Federal Government.

After a most remarkable trip of one week in Wasco county in which Miss Helen Cowgill, assistant state leader of industrial club work, delivered forty lectures and made forty-one canning demonstrations and traveled 356 miles in a Ford car, she has continued her work in the Willamette Valley. On the 16th she was at Warrendale and on the 17th at Monmouth, the seat of the State Normal School.

Dr. Thomas Shaw, traveling representative of the Spokane, Portland and Seattle Railway Company, and J. E. Larsen, representing the College Extension Service, made a tour of the Willamette Valley last week delivering lectures on animal husbandry and agricultural problems. On Wednesday they were at the Agricultural College.

H. C. Seymour, state leader of industrial clubs, and formerly county school superintendent of Polk county, spent much of last week in Dallas, his home town. Mr. Seymour was working with H. H. Parsons, superintendent of the Dallas schools, later going back into the county work with W. I. Reynolds, county superintendent.

To assist in laying out school grounds Professor A. L. Peck, head of the Landscape Gardening department at the College, was at Independence on May 19. In the afternoon of that day he was at McMinnville to consult with the park committee of that city in regard to park plans.

Prof. G. V. Skelton discussed good roads, how to make and how to maintain them, before the Farmers' Union of McMinnville, Saturday, May 20.

Do You Know That

Life is a constant struggle against death?

Dirty refrigerators may make sickness?

The United States Public Health Service issues free bulletins on rural sanitation?

The defective citizen of today is oftentimes the unhealthy child of yesterday?

Every man is the architect of his own health?

Is the baby that lives that counts? Tuberculosis is contagious, preventable, curable?

The full dinner pail, the open window, the clean well, make for health?

Coos Bay leads all other Pacific Coast ports for lumber shipments last half of April.
