### Here's the Difference:

The goods you buy from us are made by reliable and well-known manufacturers who have made their product a synonym of Quality and Value through service and national advertising. We carry complete lines and stand behind our goods. The manufacturer stands behind us.

The mail order house goods are made by unknown concerns and in ordering you must take the risk of getting second or third choice. Delay is inevitable, dissatisfaction is the rule. At our store you see the goods before you buy and take them home with you when you make the purchase.

We carry such lines as:

# ...BUY AT HOME...

Don't run your dollar out of town; let the poor thing stay; Buy At Home. If you buy out of town, and we buy out of town, and our neighbors buy out of town, what in thunder will become of our town?

## DO YOU KNOW HIM?

The home merchant. Who is he?  
He is the chap who gives you credit when you are financially broke, and carries your account until you are able to pay.  
He is the chap who gives you back your money or makes exchanges when you are not satisfied with what you have bought.  
He is the chap who stands behind his guaranty, and makes restoration of all losses that you may sustain on the goods you buy.  
He is the chap who meets you at the door with a handshake, and lets you out with a message to the "kids" and a real come-again goodbye.  
He is the chap who meets and greets you on the street every day in the year, and takes a neighborly interest in your family and your affairs.  
He is the chap whose clerks and bookkeepers and other employes live in town and spend their money with you and with other town people.  
He is the chap who pays heavy taxes to help support the town schools, and build the town streets, and maintain the town fire departments, and police departments, and parks, and lighting and water service.  
He is the chap who helps support the town churches and hospital and charity organizations, and the town lodges and commercial clubs, and talks for the town and boosts for the town every day in the year.  
He is the chap who visits you when you are sick, sends flowers to your family when you die, and follows your body out among the trees and tombs, as far as human feet may travel with the dead.—By an Unknown Country Editor.

## Motion Picture Notes

Items of Interest to Those Who Are Interested in Motion Pictures—  
Information of Coming Attractions and Comment on Pictures

On Saturday a letter was received from the Triangle exchange in Seattle which offered an opportunity to secure one Triangle program per week instead of the two of which the services consists. This tasted exactly like ice cream to the scenic man, for he has been honing for Triangle programs but did not dare to tackle the expense of two each week. So the wires were utilized and in less than 24 hours the deal was closed to commence at once. The Triangle program will be shown on Wednesday evening of each week and consists of a

feature and a Keystone Comedy, seven or eight reels in all. The features are made under the direction of D. W. Griffith and Thomas H. Ince. The latter was the director of "Peggy," and the former is "the only" Griffith—the man who made all the old Biographs that you remember and at the very top of the list as a director. This week's feature will be "The Golden Claw," featuring Bessie Barriscale, Frank Mills, Wedwood Nowell, Truly Shattuck and Robt. N. Dunbar. The Comedy is a Keystone and the cast includes

A SCENE FROM "THE IRON CLAW," CHAPTER No. 3, (PATHE)  
APPEARING AT THE SCENIC NEXT MONDAY

Joe Weber and Lew Fields, whose names have been before the public for years. Don't miss this program if you like a good one. A five-reel feature and a two-reel comedy. Prices 10c and 20c.

The contract mentioned last week with the World Film Corporation, like that recently made with a traveling representative of the Paramount people, failed to meet the approval of the home office, and it is all off. To be more specific, the contract was for Equitable features, and the World people coolly wrote that this was "a mistake" and it should have been for World features. As the scenic man considers the World features inferior to the Equitable, he refused to accept the former, and told the World people, in effect, to go chase themselves.

### Anna Q. Nilsson the Star

Anna Nilsson, co-starred with Mr. Tom Moore in "Who's Guilty?" the fourteen two-reel series of photo-novels which the Arrow Film Corporation is producing for release through the Pathe Exchanges, was born in Helsingfors, Sweden, just twentyfour years ago. She has been on the stage and in motion pictures in the United States for the last nine years; yet she does not come of theatrical folks. In fact, Miss Nilsson is the first member of her family to go on the stage.

It is largely an accident—though a very lucky accident—that Miss Nilsson is today one of the real screen stars of America. That accident was caused by the triumph of curiosity over caution. Back in Helsingfors Miss Nilsson, as a little girl, knew several families who in time emigrated to the United States. She kept up a constant correspondence with her young friends and one day was overjoyed to learn that two of them were returning to their home city for a visit. When they got there they fired the imagination of Anna Nilsson with their tales of the land across the sea; when it came time for them to return they took with them the little girl who saw in New York City the place where her youthful ambitions would be justified.

For a time all Miss Nilsson did in New York, as she tells it, was to wander around open-eyed and open-mouthed. Then she learned to keep her eyes open and her mouth shut, as she puts it, and her ears very alert. Quickly she learned the language. And then she met one of the leading fashion photographers of the metropolis, who was convinced that in Anna Nilsson, then but fifteen years old, was a charming subject for the camera. Also, she could, to use the vernacular, "wear clothes." In a brief time Miss Nilsson had become

the highest-salaried fashion model in New York.

One day she dropped into the studios of the Kalem Company to visit Alice Joyce. While she was sitting in Miss Joyce's dressing room a director entered and, well, then and there Miss Nilsson became booked for a theatrical career.

She worked in small parts for a time; parts so small, she says, that if the audience had winked at a certain point in the films they would have missed her entirely. But by degrees she worked herself up and soon was playing ingenue roles and then ingenue leads.

For four and a half years Miss Nilsson remained with the Kalem Company appearing in more than 250 pictures in that time. In the feature presentation of "Shenandoah" Miss Nilsson was starred for the first time; also, her work in that picture established her as one of America's premier screen actresses. Upon leaving the Kalem company Anna Nilsson went to the Fox company, where she played the lead in "Regeneration." With Klemme she was featured in "The Scarlet Road." Playing then opposite Robert Warwick she appeared in "To Him That Hath," one of the big dramatic roles of her career.

Chief among Miss Nilsson's pleasures are swimming and horseback riding. She is a really expert equestrienne, nor does she confine herself to the bridle paths of Central Park. She can—and unhesitatingly will—take her horse over the jumps and rough country in a fashion to make even a professional horseman envious. And her ability as a swimmer and sailor is second only to her horsemanship.

### Distances Between Places

J. W. Mast, who recently covered most of the roads of the county, is authority for the following distances: Marshfield to Sunset Bay, 13.7 miles; Marshfield to Coquille, 20 miles; Coquille to Bandon, 20 miles; Marshfield to Bandon via the Seven Devils route, 35 miles; Coquille to Fairview, 9 miles; Marshfield to Sumner, 10 miles; Myrtle Point to Powers, 20.8 miles; Myrtle Point to Roseburg, 60 miles; Coquille to Roseburg by way of the Coos Bay wagon road, 60 miles; Coquille to Roseburg by way of Myrtle Point, 72 miles. The Record says: "There is a discrepancy in several of these measurements, for the difference between Bandon and Marshfield by the Goodrum and Mast figures is all of four miles.—Western World."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
