Myrtle Wood

Abounds here; the only wood that outrivals the Curly Maple and Mahogany.

Lumbering

Ten billion feet of standing timber in Coquille Valley and \$2,500,000 worth of Lumber produced annually.

Coal

230 square miles of Coal Fields. Output of mines shipped by water to Portland and San Francisco.

Municipal Improvements

Coquille is the hub of the County system of highways. The Willamette Pacific R. R. meets tidewater here; traffic to upper and lower Coquille River transferred at this point

Transportation

City Water Works, Paved Streets, Electric Light and Power with continuous service, Good Schools, Good Church Buildings, Live Commercial Club.
