GUARANTEED TEN YEARS

The extra strength of the Rex Typewriter can be seen. The type-bars are of 1-16 inch thickness, instead of the usual 1-32. The type-bearing surface is, on the average, four times greater than on any other typewriters of standard design. In every part there is extra strength. The Rex is built to outlast all others. Factory tests show an equivalent of 25 years' daily service. The manufacturers consider 10 years a reasonable guarantee. Why buy a typewriter of less strength? Extra Capacity Letter writing is not all a typewriter should do. The carriage on the Standard Rex Model is 11 inches instead of 9. It is built for writing on wide blanks, insurance policies, deeds, abstracts, contracts, etc. Why buy a typewriter that only writes letters? It writes on cards, labels, tags. It prints in two colors without changing ribbon—serves as a check-protector. It is made ready for stencil-cutting without removing ribbon. It mani-

Lose to Marshfield With Score of 3 to 0

The football game between the Marshfield high school team and Coquille on the local grounds Saturday resulted in one of the closest scores that has been made here in recent years, the visitors winning by a count of 3 to 0. The game was closely contested from the beginning of the first quarter until the last minute of play and at one time it seemed certain that the Coquille team would score a touchdown.

Coquille received the first kickoff and with a series of line bucks and round-end plays they quickly ran the ball to Marshfield's twenty-yard line. Here they lost the ball on downs by a very small margin, and the Bay team succeeded in carrying it well down the field. About the middle of the first quarter, Wesley Downs, playing right tackle for Coquille, received a kick on the side of the head which put him out of the game. "Pete" Miller went in at fullback and Philip Johnson took Downs' place in the line.

In the second quarter Marshfield scored a drop kick from the twenty-yard line, this being the only score made. Coquille also attempted a drop kick of about thirty yards and missed the goal by a narrow margin.

Coquille's chance to win the game was lost when they failed to make yardage on Marshfield's two-yard line. The last quarter of the game developed into a punting contest, at which the honors were about even. Several forward passes were attempted by both sides, but failed with the exception of the first one tried by Coquille which was successful and resulted in a large gain.

The crowd was not as large as was expected until a call was sent for Dr. Low. He was leading the Coosonians at the time and a considerable number of the marchers and spectators followed him to the grounds. There is some talk of another game being arranged with Marshfield for Thanksgiving day.

The lineup was as follows:
Marshfield Coquille
Carlson C. Leach
Boncrake RG Downs
E. Glossop RT Stanley
McLain RE Dunham
Painter LG Willey
Merchant LT Leslie
Hongell LE Daniels
H. Glossop Q Shelley
Walrath LH Avery
Chapman RH Ellwood
Vasey F Johnson

Substitutes for Marshfield were Josephson, Gregg and Franz. Miller substituted for Downs on the Coquille team.

Work has settled down to a regular routine at the Academy since the Carnival is over.

School Exhibit Gets Favorable Comment

(Herald's Special C. C. News Service) Pupils and teachers as well as all others interested in the school were greatly pleased at the favorable comments which were made concerning the school exhibit at the Korn Carnival. Every department from the primary to the seniors of the high school was represented. Though some of the cover designs for literary work were made especially for the occasion, the great bulk of the work shown had been done in the daily routine. Those who looked beneath the surface saw just what the pupils are doing from day to day. Though all the teachers and pupils deserve a great deal of credit for efforts put forth to make the display a success, especial mention should be made of Misses Kennedy and Spencer and Mr. Noblet, the committee of teachers who planned out the exhibit.

Merely Mentioned

(Herald's Special C. C. News Service) Last Wednesday morning Dean D. W. Morton of the Oregon University School of Commerce addressed the high school on the qualities that make for success. Dean Morton is an excellent speaker and the students greatly enjoyed his address.

The fifth of the law lectures planned for the high school by Mr. J. J. Stanley was delivered last Friday morning by Mr. C. R. Barrow. The subject was Criminal Law. Mr. Barrow was for many years a teacher and knows how to make his subject interesting to students. Like several others who have addressed the local high school, he found the students very attentive and commended the student body as an excellent audience to which to speak.

Roy Avery of the Herald is to address a group of students on News Writing tomorrow afternoon. Mr. Avery has had a number of years' experience in the newspaper business in addition to a year's course in journalism at the University of Oregon and will have some valuable suggestions to make to budding reporters.

To Owners of Rural Telephone Lines

This Company is anxious to see that all lines owned by other parties and connected with its switchboards give efficient service. Where the owners of rural lines are responsible for their upkeep, we want to cooperate with them. All lines require a thorough overhauling occasionally if the best service is to be obtained. We recommend that every line be overhauled at least once a year, and that at least one experienced telephone man assist in this work. This cost will be more than offset by the improved service. If owners of rural telephone lines are experiencing trouble, we will appreciate their taking the matter up with us. We will gladly do what we can toward helping improve the line conditions.

RUSSIANS ADVANCE INTO DOBRUDJA

London.—The Russians have crossed the Danube into Dobrudja at two points south of Tchernavoda and the Russian fleet has renewed the bombardment of Constanza, according to Petrograd advices received by wireless by way of Rome.

Field Marshal Von Mackensen is reported continuing his retreat with demoralized forces and with one-third of his effectives lost.

Ravages of disease and the military reverses sustained are declared in the Petrograd advices to have seriously affected the morale of Von Mackensen's army, while the reinforcements he requested to make good his losses are said not to have been provided, his retreat therefore being conducted under disastrous conditions.

The Serbians have won a brilliant victory over the Germans and Bulgarians in the Cerna district southeast of Monastir. The Serbians, supported by French artillery, forced the Teutonic allies to retire a distance of nearly two miles and captured about 1000 prisoners.

WILSON IS BACK AT WORK

Returns to Capital After Absence of Two Months.

Washington.—President Wilson was back at his desk in the White House after an absence of two months, prepared to take up important foreign problems which have been held in abeyance pending the election. These included the German submarine situation and the Mexican problem.

The president was expected to consider first the submarine situation, which is admittedly serious. A summary of recent developments in German submarine warfare, prepared by the state department, was ready to be laid before him.

The president has not even considered the question of changes in his cabinet, according to administration officials, who characterize as premature reports that he had decided on such changes. It is possible, however, that one or two cabinet officers may not remain after March 4.

Graves Must Answer to Blackmail.

Washington.—Karl Graves, author of "Secrets of the German War Office" and "Secrets of the Hohenzollerns," was arrested here, charged with attempting to blackmail Countess von Bernstorff, wife of the German ambassador. It is alleged he sought to sell her, for \$6000, letters in his possession, saying they would "embarrass" the countess.

Torpedo Sinks Huge American Ship.

London.—The American steamer Columbia was torpedoed, according to a Lloyd's dispatch.

The dispatch apparently was confirmed in later dispatches from Madrid, which said the crew, half of whom are Americans, had been landed on the Spanish coast.

When Mark Twain was editor of a weekly newspaper one of his subscribers wrote him that he had found a spider in his paper when it reached him and inquired whether it was a sign of good luck. The noted humorist replied that the spider was simply looking over the paper to see which merchants were not advertising so he could visit them, spin a web across their door and live contented ever after.
