Feed Dr. Hess Poultry Pan-a-ce-a

A Tonic--Not a Stimulant

Makes Poultry Healthy. Makes Hens Lay. Makes Chicks Grow.

Now that mating time has arrived, it's up to you to see that your poultry get a tonic and internal antiseptics to make them vigorous and free of disease.

Therefore, feed Pan-a-ce-a In that condition your hens will lay better, you will get more healthy, fertile eggs and the chick will

stand a better show of reaching maturity. Therefore, feed Pan-a-ce-a

And, before the hatches come, I want to warn you against gapes, leg weakness and indigestion, for these ailments are responsible for half the babychick losses.

Therefore, feed Pan-a-ce-a

-It will save you these losses.
