

Just plant the Tape a row at a Time.

Better Results—Less Labor WITH PAKRO SEEDTAPE FOR BETTER GARDENS

Better results because only finest, selected seeds from prize winning strains are used. They are properly spaced in thin tissue paper tape which absorbs and holds moisture, giving quicker and better germination, and healthier plant life. Less labor, because you plant a whole row at a time, and no thinning out is necessary on account of proper spacing in the tape. More economical, because absolutely no waste of seeds.

Pakro Seedtape is made by the American Seedtape Co., 11 West 23rd St., New York City. Get it at your dealers. Price 10c per package.

Julius Barker, who for some time had been acting as night watchman at the Dollar mill below town, had the misfortune last week to lose the sight of one eye. The accident was the result of a flying chip from some wood he was chopping for the office fire.

Jap Yoakam has gone into the live wild animal business as a side line to managing the Powers ranches. As a starter for the collection he caught two eub bears Sunday while on his way down from the Eckley ranch and now has them on exhibition at the local ranch on Cunningham.

C. W. Gardner said yesterday that he hoped to have everything ready so he could start the Powers-Myrtle Point stage within a day or two if the condition of the roads would permit. On his trip up there last week there were but two or three places which they had any difficulty in negotiating.

The sheriff's office reports the capture at Crescent City, California, of Racey and Weidner, the Agitator contest men who decamped with the funds a week or two ago. Sheriff Gage left Sunday for that place to bring the men back. It is understood they will waive extradition.

Mr. and Mrs. S. C. Sherrill and family have moved to Bandon from Riverton for the summer vacation. Mr. Sherrill has been principal of the Riverton schools, and has been asked to again take the school next fall. They are residing in the Linn house in Elmira.—Western World.

A. D. Gross, who was tried in the Circuit court Monday on an appeal from the Bandon justice court on a charge of hunting deer with dogs, was convicted and sentenced to pay a fine of \$100 and costs, have his hunting and fishing license revoked and serve a sixty day sentence in the county jail. The jail sentence will be suspended upon payment of the fine and costs.

Last Sunday our former sheriff, Stephen Gallier, was prostrated by a stroke of apoplexy. He was standing at the hotel desk talking with his daughter, when he suddenly stooped down. She thought at first that he was picking up something from the floor, but when he failed to rise it was seen that he had become unconscious. At last accounts he was resting easily.

One of the big Smith mills on the bay is shut down and the other is running with but a partial crew as a result of a strike for higher pay on the part of sixty men working in the sorting sheds of both mills. The men demand \$3.00 a day, which the management refuses to pay. The men have been getting \$2.50 a day with the promise of a six per cent bonus on November 1.

Word was received here yesterday to the effect that the 20-year old son of J. C. Shields, formerly of Bandon, but now living on Rock creek, had been shot. No particulars of the shooting, whether it was an accident or otherwise, could be secured. Two other sons passed through here yesterday on their way to the home place but they had no definite information regarding the happening. Mr. Shields has been living on the Dick Rice place for two or three years.

W. S. and Harry Neal came down from Myrtle Point today on business. The latter named gentleman was a Coquille resident several years ago, being connected with the Johnson meat market in this city, and is now in this section looking for a suitable location for a big stock ranch in which his brother and Ed. Lyman will be interested with him. They have not yet found just what they want but have not given up hopes.

The dance by the Coosonians Saturday evening was well attended and generally voted a complete success for them in attendance. Financially the boys did very well, also. Fifty-one tickets were sold and the expenses were but \$10.50, aside from the band expense, giving the Coosonians \$15 for their treasury after dividing the gross receipts with the band boys. A business meeting of the Coosonians will be held Thursday evening—presumably to divide the spoils or arrange to spend them.

Nonda Anderson, formerly of this place, and who has been engaged in the logging business down the river for several years, brought up two screws of equipment from the Bear Creek logging road Saturday and shipped it over to the bay. The material was consigned to the North Bend Lumber Company and will be used at their Davis Slough camp. Practically all the Bear Creek road is now torn up and on the dock ready for shipment, but only a small part will be shipped to the bay at this time.

The Port of Bandon Commission will hold its regular May meeting at Bandon today. Referring to the recently published dispatches

from Washington about the proposed appropriation to keep the Coquille river channel at a uniform depth of 10 feet up to this city Commissioner Norton says that the Portland engineers recommended a continuing appropriation to maintain a depth of twelve feet and if the river and harbor bill goes through, he expects it will carry such a provision. The congressmen at Washington got their figures a little mixed, but the proposed appropriation is for a 12-foot channel, 100 feet wide up to Coquille, contingent upon the Port Commission furnishing the dredge, as they are preparing to do.

Proper Food for Weak Stomachs.

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull or stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.
