With the coming of summer and the increased number of autos on the streets the ordinance prohibiting open mufflers on the cars has been revived and is being strictly enforced. While this is being done the law against speeding should also be given strict attention. Some of the younger set who own or drive cars in the city are inclined to exceed the speed limit and these should be promptly "squeezed" with a good stiff fine which will do more to break up the practice than all the lectures that can be delivered on the subject. And this rule should also be enforced as regards the country roads of the county. Speeding is unlawful and is a bad practice especially on the plank roads which received the greatest damage from fast traveling cars. Road men should give these cars their special attention until the practice is broken up.

Do Your Bit Now.

Subscribe to a Liberty Bond before the day is over. And when anyone asks you, show him the receipt from your bank or boss and grin, and say, "You betcha, friend! You betcha," like a regular American who did not wait until the last day of until he was nagged into it, but who VOLUNTEERED—who didn't hang back a minute when his country called.

Rex Beach's Greatest Story.

"The Ne'er-Do-Well," filmed as a spectacular drama by the Selig Polyscope Company, is considered by many as Rex Beach's greatest story. In "The Ne'er-Do-Well" fascinating Panama scenery is shown, including the work of digging the Panama canal, the interiors of old Spanish homes, glimpses of the interior of the tropical jungle, and odd and interesting nooks and corners. The cast in "The Ne'er-Do-Well" includes Kathryn Williams, Eugenie Besserer, Wheeler Oakman, Frank Clark and others. Almost the same cast of stars that added to the realism of "The Spoilers," Beach's other great story filmed by the Selig Company, appear in "The Ne'er-Do-Well." Charming Kathryn Williams enacts the strongest character roll in her career as Mrs. Stephen Cortlandt, the

woman diplomat. The role of Kirk Anthony, the Ne'er-do-well, is enacted by Wheeler Oakman. This wonderful Selig production has been booked at the Scenic theatre for Monday evening.

H. M. Shaw, M. D., Eye, Ear, Nose and Throat Specialist will be at Baxter Hotel, Coquille, on Monday, June 18th. Glasses Fitted.

ROAD MAINTENANCE.

The greatest waste of public money is being committed today in surfacing our country roads and then apparently abandoning the same, says E. B. House of the Colorado experiment station. No cozy that engages in road building can afford to dismiss his workmen when the road has been constructed. The fact of the matter is that the work is just then well underway. It rarely ever happens that the initial work on the road is done wisely, but there are a multitude of little things that later must be added or repaired in order that the road may be in good condition. Ruts and chuck holes are sure to form, and these must be filled or the road soon goes to pieces. These things should be planned for and done quickly if the improved road is to do the fullest service, and this is the one thing that it seems to me some of our county commissioners are neglecting. They become so lulled with the idea of building good roads that they fail to prepare for the maintenance of roads already constructed.

Mohammed's Carpet.

Once a year a strange custom is observed in Cairo. A piece of carpet on which, according to tradition, Mohammed once sat and which is the most famous sacred relic of Islam is carried through the streets, and the khedive and his troops all receive it in review order and salute it as they pass. The relic is guarded most carefully at ordinary times, and the officer in charge of it each morning must salute it with his sword raised, while the bugler blows three blasts before it.

The Fly on the Ceiling.

It is often a matter of wonder how flies get on the ceiling, because to do so they have to turn a semicircle in the air, said Mr. Henry Hill in the course of a lecture delivered at the London Institution. A fly, said Mr. Hill, has a backward and forward movement of the wings and can partly turn them around, in addition to the up and down motion of a bird's wings. That enables it to turn in almost any direction. At the end of each one of a fly's feet there is a white pad with about 1,200 hairs on it. Down these hairs are sent small drops of gum, so that the fly is really glued to the ceiling.

Whooping Cough.

In this disease it is important that the cough be kept loose and expectoration easy, which can be done by giving Chamberlain's Cough Remedy. Mrs. P. H. Martin, Peru, Ind., writes, "My two daughters had whooping cough. I gave them Chamberlain's Cough Remedy and it worked like a charm."

EAST FORK ITEMS.

Ex-County Surveyor Gould, Mrs. Gould and the kids were at their camp last week at the Ko-Keel Kanu Klub grounds.

Mike and Harve Minard have put in a total of 11 acres of beans on the Minard—Mike's—and the Wm. Smith places.

Mike Krantz has in about three acres of beans.

K. E. Marcy has a good hay crop. It is an extra good stand of grass.

Taylor Weekly was up the East Fork as far as Minard's mill Sunday.

Lloyd Leatherman has a Ford.

Miss Freeman, of Gravel Ford, is sick at the home of her uncle, Bud Ingraham.

In 1870 Germany got peace with victory. It was the victory of the thief and the thug. Wilson's "peace without victory" is not the "peace" of the thief and the thug.

They shall come from the North and from the South, from the East and from the West, and shall sit down in the great conventions of the Republics of the World. R. A. Easton.

Fred Minard, who will open a logging camp on North Lake in the near future, sent his yarding donkey over today and will ship the balance of the equipment this week. The saw camp expects to be working before the end of the present month.

Owen Knowlton, who went to San Francisco recently to enlist in the medical corps and who was refused because of defective eyes, will remain in the city for a time for special optical treatment.

War Time Efficiency

In order to place in the field and back up with supplies the immense armies which our Government leaders are planning, this country must practice economy and attain efficiency as it has never done before.

The telephone is the great economizer and contributor to efficiency. Have you one? Have you as many as you need? Get a telephone and put the time saved into the garden.

BANKS WILL ASSIST

WHEREAS the Government is making a great effort to place the Liberty Bond issue in the hands of many small holders, and

WHEREAS it is our desire to co-operate in every way possible in this commendable effort, appreciating the desirability of having the issue thoroughly distributed and digested for financial as well as patriotic reasons,

THEREFORE BE IT RESOLVED, That the Coos County Bankers Association for and on behalf of all its member banks, render all assistance to the Government and make it possible for the small investors, wage earners, and others, to follow their patriotic impulses in assisting them to secure Liberty Bonds on the following plan of easy payment:

ANYONE, whether patron of the bank or not, who desires to purchase a bond of \$50.00 or \$100.00 denomination, may do so on a deferred payment basis as follows:

Twenty per cent to be paid in cash and balance in five equal monthly payments with interest at the rate of 3 1-2 per cent, the bond to be given as security.

BE IT FURTHER RESOLVED, That the widest publicity be given to this plan as it is the desire of the banks of Coos County to render all aid possible to the Government in its effort to quickly and satisfactorily finance itself.
