He has been a steady boy and man and goes with the best wishes of a host of friends who will miss both him and Mrs. Juza as few are missed.

C. A. Machon was the victim of a peculiar but not serious accident at his confectionery store Saturday morning over which his friends are having considerable sport. He was charging two soda tanks simultaneously, having them connected with a rubber hose and when they were fully charged he shut off the end tank but before he could reach the other the hose was forced from the connection and flying round struck him a sharp blow across the abdomen with the result that he was rendered hors de combat for a considerable time. However, no lasting injuries resulted and Mac has learned his lesson and will not tamper with the "juice" again.

Pleasant Picnics.

County Agricultural Agent Smith reports four of the best times it has ever been his pleasure to attend in

Are You One of Them?

There are a great many people who would be very much benefited by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence.

These were the four picnics held, at Sumner last Monday, at Coos River Tuesday, at Parkersburg Wednesday and at Myrtle Point Thursday. There were large gatherings at each of the picnics and all the audiences listened to the speaking with rapt attention and gave to the speakers all the applause they could hope for. The speakers at each of

the gatherings were Dr. R. R. Graves, head of the dairy department at O. A. C., Dr. B. T. Simms, head of the veterinary science at the same institution, and J. M. Dixon, a prominent dairyman of Shedd, Oregon. Mr. Smith also took a considerable part in addressing the gatherings but his modesty would not allow him to give in his name as one of the speakers.
