

Chautauquas to Hear Alpine Yodlers

Tyrolean In Native Costumes Will Present "An Evening In the Alps"

GRAUS' Tyrolean Alpine Yodlers, the incomparable company of Swiss singers and instrumentalists that charmed New York for forty weeks at the New York Hippodrome, have been secured for 1917 Ellison-White Chautauquas. Accompanying

themselves upon the zither, mandolin, guitar and violin, the Tyroleans in the picturesque costumes of the Swiss, singing the songs of the land of William Tell, give one of the greatest descriptive fantasies on the stage or concert platform. It is called "An Evening

in the Alps" and features the world's greatest yodlers in an echo song, the correct singing of which is an astonishing feat in vocalization. The Tyroleans will probably appear only in the evening the last day of the Chautauqua.

REPORTS OF COUNTY ROADMASTER

The following is a complete report of the work done by the county on the roads of the county up to July 1 and was submitted to the county court by County Roadmaster R. B. Murdoch:

Bond Project No. 1, Davis Slough, Coaledo Section.

The contractor has moved about 13,000 cubic yards of material and installed about 16,000 feet of lumber in culverts. Between Coaledo and Cedar Point, the right of way has been slashed for the entire distance and a small section grubbed. A small team gang is working at Beaver Hill. The progress is not at a sufficient rate to complete on time. Mr. Perham has been repeatedly notified that he must handle material at a faster rate and it is believed that he will soon be doing so.

Bond Project No. 2, Bandon-Curry County Line.

The contractors have nine and one-half acres cleared and have moved five thousand cubic yards of material. This is not at a sufficient rate of progress and Hagquist and Bjorkquist have been notified that they must increase their daily yardage.

Bond Project No. 3, Coquille-Myrtle Point.

Grant Smith & Company have a carload of equipment on the ground and are beginning work on the fill adjacent to Coquille.

Bond Project No. 4, Coquille-Bandon. Notices were posted on this section on June 30th, beginning the condemnation proceedings.

Bond Project No. 5, Coos Bay North. Grant Smith & Company have about three miles of right of way slashed and burned. Excavation will be started within the next few days. Notices were posted on the Haynes inlet branch on June 28th, beginning the condemnation proceedings on this section.

District No. 1. No work of importance has been done during the month.
District No. 2. The work of raising and widening the road around the bend near Kruger's place on the Allegany-Drain road has been completed. Mr. Cutlip is now putting in turnouts along the cascade near Silver and Golden Falls and eliminating one short, steep hill in the East Fork road.

When this work is complete, there will be about \$1200 remaining in the district exclusive of maintenance funds. It is recommended that this be expended in removing a very heavy grade on the West Fork road.

Graveling is being done on the Daniels Creek Road.
District No. 3. Lumber has been shipped to South slough for re-planking the Bastendorf bottom.

Mr. Norton has moved three thousand yards of material adjacent to South slough and the work is progressing satisfactorily.

Mr. Haynes has a team gang filling the balance of crossing at Shingle House slough.

It is recommended that the Roadmaster be authorized to contract for the re-driving of the old trestle at this point, cost roughly estimated at \$500.

It is further recommended that the elimination of the old trestle at Millington be started as soon as equipment can be secured. The only practical way to handle it is with cars and track. Average haul will be six to eight hundred feet.

Grading on the Poor Farm road is complete to the Watson ranch. Shipments of gravel are expected to begin within one week.

Filing for the bridge at Watson's has been driven and the decking will be laid within a few days.

Plans for widening the highway between Coquille and Cedar Point to standard width are in progress and it is recommended that this work be done by force account as soon as the proper easements have been secured.

District No. 4. Fifty thousand feet of repair lumber for repairs around Fairview was ordered from Walter Norris at \$9.00 per thousand.

About eight hundred feet of grading where the road was frequently washed out by high water near Lee has been completed.

Arrangements have been made with Mr. Hardy Mast for gravel to go on the new grade completed under contract last year. It will be necessary for the county to grade about 1/4 mile of private road to reach the bars and avoid a steep hill. Estimated cost is \$250.

District No. 5. Mr. Weekly is completing his contract on the Big creek and Myrtle creek roads.

Graveling work being done by R. H. Laird at Myrtle Point threatened to exceed the available funds and was discontinued.

District No. 6. Preparations have been made and stakes set for widening the fills between Bandon and Two-Mile on the Bandon-Curry county road. Mr. Counts is now at work.

An attempt has been made to get cars and track for handling the material which has not as yet been successful.

About \$25,000 is available from Bond Issue funds for macadamizing. This can be prepared for advertising within one week.

Since the above report was made there have been over 250 yards of gravel placed on the Cunningham road and equal progress has been made on the various projects mentioned in the report.

Some Victims of the Explosion.

Among the victims of the explosion at the Mare Island navy yard last Monday were the family of James L. McKenna, a brother F. E. McKenna, of this city. The first news the latter received after the press dispatches, came in the shape of a message from his parents in the east telling that the house in which his brother's family were living had been blown up. This came from the officials there, Mr. McKenna being too badly injured to himself telegraph.

On Wednesday, however, came another dispatch stating that Mr. McKenna, his wife and their two months' old baby and the nurse were all in the hospital but were doing well, which did much to relieve F. E.'s anxiety.

Mr. McKenna, who is a naval officer, was living in a double house at Mare's Island, the other side of the house, which was occupied by an officer named McKenzie, with his wife two children and two servants, was blown to atoms and Mr. McKenzie's body was found 200 yards away. The side of the house in which the McKenna family was living collapsed when the other part was blown to pieces, so that their injuries were due to the house falling in on them. The explosion is supposed to have been the work of Germans. Events like this bring the war home to us in a most vivid way.

Judge L. Harlocker was a business visitor at Marshfield yesterday.

HOW To Apply Home Remedies For Nosebleed

BLEEDING from the nose is seldom anything to be alarmed about unless it comes from a blow on the head or is the result of a severe internal hemorrhage. In most cases it stops after awhile of its own accord, but even then it is extremely annoying and often most inconvenient and embarrassing as well. In most cases a vigorous motion of the jaws, as if in the act of chewing, will stop the trouble very shortly. A child should have a wad of paper inserted in the mouth and then chew it hard. It is the motion of the jaws that stops the flow of blood. With some people it is only necessary to place a small, hard wad of paper under the lower lip and the flow will stop. With others salt and water or vinegar and water snuffed up the nostril cures it in a few moments. In very severe cases it is sometimes necessary to plug the bleeding nostril with cotton and make a pressure on this by pinching the nose from the outside or to soak the hands and feet in water as hot as can be borne.

When the nosebleed is caused by a blow in the face it can be stopped by holding the head back and breathing through the nose and expectorating the blood that falls into the throat. This is the plan adopted by most prizefighters to stop such bleeding.

If the bleeding comes from any severe injury of the head, such as a fractured skull, the nose should be allowed to bleed until the doctor arrives. An old-fashioned remedy for nosebleed to which many mothers pin their faith is to apply something cold to the back of the neck. This is often done by dropping a large key down the back, but it is much more efficacious to use a cold compress for this purpose, such as a cloth wrung out of very cold water or a bit of ice wrapped in a cloth and applied to the neck just under the hair.

Have you paid the printer.

SUMMONS.
In the County Court of the State of Oregon in and for the County of Coos.

Vesta Lewis, Plaintiff,
vs.
James B. Lewis, Defendant.

To James B. Lewis, the above named defendant:
In the Name of the State of Oregon, you are hereby notified that you are required to appear and answer the complaint filed against you in the above entitled suit within six weeks from the date of the first publication of this summons, to-wit: within six weeks from the 17th day of July, 1917, and if you fail so to appear and answer on or before the 28th day of August, 1917, the same being the date of the last publication of this summons, for want thereof the plaintiff will apply to the court for the relief demanded in her said complaint, a succinct statement of which is as follows: That the bonds of matrimony heretofore existing between the plaintiff and defendant be annulled, set aside and held for naught; that plaintiff be awarded

the care and custody of the two minor children, Asa Lewis and Kathryn Lewis; and for such other and further relief in the premises as to the court may seem meet and equitable.

Service of this summons is made upon you by publication thereof in the Coquille Herald, a newspaper published in Coquille, Coos County, Oregon, for a period of six weeks beginning with the 17th day of July, 1917, by order of the Honorable James Watson, County Judge of Coos County, Oregon, dated the 17th day of July, 1917.

J. J. STANLEY,
Attorney for Plaintiff.
44-50 Address: Coquille, Oregon.

Are You One of Them?

There are a great many people who would be very much benefited by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence.

SHERIFF'S SALE OF REAL PROPERTY ON FORECLOSURE.

NOTICE IS HEREBY GIVEN, That under and by virtue of an Execution and Order of Sale issued out of the Circuit Court of the State of Oregon for the County of Douglas on the 25th day of June, 1917, in a certain cause in said Court pending wherein I. J. Keilly, as receiver, plaintiff, and Rogue River Farm Products Co., a corporation, James B. Young, Mrs. James B. Young, F. C. Nolf and Clara Nolf, defendants, and commanding me to sell the hereinafter described real property to satisfy the sum of \$2950.00 with interest at 6% from March 13th, 1917, less the sum of \$1490.50 credited upon said judgment on the 28th day of April, 1917, as the proceeds of the sale of the real property in Douglas County, and costs and disbursements \$24.20, together with accruing costs. I WILL ON SATURDAY, THE 4TH DAY OF AUGUST, 1917, at the hour of 10 o'clock in the forenoon of said day at the County Court House in the City of Coquille, Coos County, Oregon, offer for sale and sell at public auction to the highest and best bidder for cash in hand all the right, title and interest of the said Defendants in and to the following described real property, to-wit:

The southeast quarter of section eighteen, township twenty-nine south, range ten west, W. M., Coos County, Oregon.

Said sale being made subject to redemption in the manner provided by law.

W. W. Gage,
Sheriff of Coos County, Oregon.
Dated June 29th, 1917. 42-46

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.
