

ANSCO

CAMERAS & SPEEDEX FILM

THE Anso Vest-Pocket Speedex catches swiftly moving figures without a blur. It gets into action quickly when every second counts. You can change the focus, the speed and opening of the shutter instantly and accurately while viewing the image in the finder. Let us show you this camera. Other Anscos \$2 to \$55. **Fuhrman's Pharmacy**

MERELY MENTIONED

L. A. Liljeqvist is over from Marshfield on business today.

Mr. and Mrs. Geo. N. Beatty went to Salem Saturday on business and pleasure.

R. A. Wernich is expected to return from his Portland trip the latter part of the week.

New stoves and ranges at Quick's. Also a full line of second hand wood and coal stoves.

C. A. Pendleton expects to start for St. Martin's Springs tomorrow for a two weeks' stay for the benefit of his health.

Raymond Burns left Saturday for Portland where he will enter the Benke-Walker Business College for a course of training.

J. S. Barton and family spent the week end at their beach cottage at Bandon. Jess reports lots of crabs and a good time.

Clifford Kern is now acting as clerk in the Farmers Union store in the position formerly occupied by Raymond Burns who has gone to Portland.

Ben Lawrence arrived in Coquille the first of the week for a visit with his parents, Recorder and Mrs. J. S. Lawrence. Ben is now at the head of the list on the Indianapolis, Ind., Star.

Billy Foote, operator at the Scenic, together with his family, his brother and family from Marshfield, and his sister and her husband, started out today for a two weeks' hunting and fishing trip into Curry county.

Roadmaster R. B. Murdock has asked the county court for a three weeks' vacation beginning about September 10. It is understood that Mr. Murdock will proceed to New York and that on his return he will be accompanied by a bride.

Dr. W. T. Tompkins, of Marshfield, passed through town yesterday en route to Powers and the upper river where he will spend his vacation. Dr. Tompkins is an exponent of the Walther system of suggested therapeutics with offices at Marshfield.

W. W. Elliott, head sawyer at the Sitka Spruce Company, is slowly recovering from a siege of measles followed by an attack of tonsillitis. He was down town Saturday for the first time for two weeks and came in and became one of the Herald's rapidly growing family.

Alden A. Howe, with his sisters, Mrs. Justine Ferris and Mrs. Ella Donaldson, left Thursday morning to drive to Roseburg where they will visit their brother, E. O. Howe, and family for a couple of weeks. They expected to camp in Brewster one day on the way out.

Mrs. R. A. Wernich and daughter, Katherine, returned last week from a month spent with friends in Tacoma and Seattle. They were accompanied on their return by Mrs. Wernich's mother, Mrs. A. N. Gary, and Miss Kennedy, who will spend the balance of the summer here.

Many hunters are planning trips for this week and we expect to have several fine samples of venison and many good hunting stories by this time next week. Of course we may be compelled to wait two weeks but the hopes for the stories and deer meat will last that long.

W. F. Hardison, of Portland, is in this city this week for the purpose of opening a branch of the Townsend Creamery of Portland. He has engaged the services of Cecil Elwood, who will act as local agent for the company, whose ad appears in another column of this issue.

County Treasurer Dimmick stated yesterday that the marriage of his son, Dan, was as much a surprise to

him as to Dan's many friends in this city. However, the kindly wishes of those friends are just as sincere as they would have been had they been notified of the event in advance.

Harry Neal is so far recovered that he expects to leave the Coquille Hospital in a few days and return to the ranch above Myrtle Point. His sister arrived last week from Pittsburg, Pa., where she had been visiting, and this has had a very beneficial effect on Harry, and the lady says she will take him for a trip to Southern California soon.

P. McIntosh, plant manager for the local creamery as well as the Coos Bay Creamery, came over Saturday accompanied by Mrs. McIntosh and proceeded to Bandon where they spent Sunday. Both are very enthusiastic about the beauties of the Bandon beach, saying that they have seen nothing more beautiful on the Pacific coast. Mrs. McIntosh returned home yesterday morning.

Lee Jolley, of Marshfield, has taken over the Pastime Pavilion, formerly known as the Myrtle Pavilion, and will conduct regular Saturday night dances at that popular resort the balance of the season. He states that he intends to give nothing but good, clean dances and is arranging the pavilion for the convenience and pleasure of the public. He is in a position to furnish the dancers with the best of music. There will be a big dance at the pavilion Saturday, August 18 and a good time is guaranteed to all.

The hunting season opens tomorrow and there seems a question as to the number of deer each hunter is allowed to kill this season. We are told on good authority that two amendments to the chapter of the laws governing this point were passed at the last session of the legislature. The first gave the number of deer with horns as two and the dates of the open season as from August 15 to October 15. The second amendment was passed the following day and was also signed the day following that of the first. This latter amendment made three the number of deer allowed to each hunter and made the dates from August 15 to October 31. It is contended and has been so passed upon by the supreme court that the last expression of the legislative body shall be the law and if this rule holds good in the case of the hunting law the open season this year is from August 15 to October 31 and each hunter is allowed to kill three deer with horns, the same as in previous years.

East Fork Items.

Tuesday, August 7, I saw two white western bluebirds. The birds with which the white ones associated answer the description of the Western bluebird as given in Lord's Birds of Oregon and Washington, and the white ones have the same size, build and motions. Only one was in sight at first and I could hardly believe my eyes for it is the first time that my eye has seen a snow-white song bird. Another one showed up, flew from a bush and lighted on the fence not more than six or eight feet from where I stood. A patch of snow the size of the bird would not have looked more white on fence or field than the bird. The next day my daughter saw the two birds and they were the companions of the bluebird. Those birds must be "sports," so there is not much chance for white bluebirds to become common; but they are among the rare and beautiful things we will not forget.

Goulds, Hazards and Chases are camping at the C. C. Club grounds. Mr. Hacker is with the Hazards. He is getting well along in the '80's, but he is the same young man as when in his '60's. He is no friend of Billie 2.

The man who lives in the United States of America today and is not proud that he is an American must have a soul in him that if it was stuffed into the skin of a flea would make a rattle.

Fred Baker is fire warden for this part of the county. He is the right man for the place and is on the job.

Dyart Bros, of Douglas county, who have been working on the road below Bandon, went home last week with their teams over the Coos Bay road. One of them said hay is \$40 a ton and barley \$2.50 a sack. They had hay bought at Coquille for which they paid at the rate of \$27 a ton. It was such poor stuff their horses would not eat it.

Forty-five or fifty years ago the "Mollie Maguires" was a band of criminals that flourished as a labor organization. They went the way of their kind. The I won't work fellows will find that blind "leaders" lead blind followers ca-plunk into the ditch. The world's work of mine, mill and farm, of train and ship, will go on in spite of the won't workers that the German barbarians have working for them.

If necessary let the draft call a man for the work army as well as for the fighting army, and punishment of treasonable disobedience of orders in one the same as in the other. This is no time to nonkey or shilly-shally

with traitors or Billie 2's friends. A large number of the socialists, the I won't workers, and all their ilk have proven themselves to be the puke of hell.

Wm. T. Culbertson made a camping trip to Marshfield last week with horse and buggy.

R. A. Easton.

Inspect County Roads.

The members of the county court foregathered at the court house this morning and cleared up some necessary detail work prior to starting out for a general inspection of the roads of the county. All the contracts as well as all the roads of the county will be inspected before the tour is ended. They will go first to Bandon, thence to the county line south, then to North route, viewing the Sunset road on the way. From North Bend they will go over the Coos Bay-North project and will then proceed to Sumner and on to Dora, Gravel Ford and back to Coquille by way of Lee or Myrtle Point. If time permits the Marshfield road will also be inspected. The party will return to Coquille on Saturday and perhaps the tour will be extended into next week with an over-Sunday break.

District Attorneys Meet.

John F. Hall, district attorney for Coos county, and L. A. Liljeqvist, who is employed by the county on special tax matters, attended a conference of district attorneys from counties affected by the O. & C. land grant cases held in Salem Monday. The conference was called by Geo. M. Brown, attorney general who has the matter of prosecution of these cases in hand. Mr. Liljeqvist and Mr. Neuner, of Roseburg, were chosen by Mr. Brown to prepare briefs on behalf of the state.

Marriage Licenses.

But two marriage licenses were issued by the county clerk the past week. They were:

Charles Ellis and Mrs. Maude Ladd, of Norway.

Charles D. Ingalls and Inez Clare Stanford, of Myrtle Point.

Chronic Constipation.

It is by no means an easy matter to cure this disease, but it can be done in most instances by taking Chamberlain's Tablets and complying with the plain printed directions that accompany each package.

DOCTORS TALK BUSINESS.

Coos County Medical Association Holds Regular Session in Coquille.

The quarterly session of the Coos County Medical Association held here Thursday, was attended by six physicians from the county cities. Dr. Richmond presented two interesting cases for diagnosis and general discussion followed. Dr. V. L. Hamilton was elected to membership in the organization. On the second Thursday in October, at the office of Dr. Richmond here will be held the next meeting.

Those attending were: Dr. L. G. Johnson, Dr. A. L. Houseworth, Dr. H. M. Shaw, Dr. G. E. Low, Dr. H. L. Houston and Dr. Jas. Richmond.

CHARLES BAXTER, Proprietor

Cut Out the Lost Motion

Southwestern Oregon has come through patriotically in response to every appeal to assist in the Great War. Our young men have gone in great numbers, our people have invested in Liberty Bonds and given freely to the Red Cross. The slack in our business must all be taken up. We must cut out the lost, false and waste motions. Make every minute and every move count. The telephone will assist greatly in making for efficiency. But remember not to use the phone unnecessarily. It is lost motion for you and for the public servants who have more important calls waiting on you.

Efficiency Will Win the War.
Coos and Curry Telephone Co.

SYSTEMATIZE your household expenses by opening a bank account for your wife.

Give her a check book and teach her the use of it. Pay the butcher, the grocer, the baker, with a check. Then at the end of the month you'll find out just how much it costs you to run the home. When payment by check is made there never is any doubt as to whether or not a bill is paid. The check is a receipt. Besides, a checking account will give your wife a business education. The number of ordinarily bright women who know absolutely nothing of banking is surprising. If you are a husband, father, brother, you cannot tell when death may overtake you, and it is well that your wife, daughter and sister know something of banking.

MAKE UP YOUR MIND TODAY TO GIVE YOUR WIFE A CHECK BOOK.

Farmers and Merchants Bank

Waite Has Plan.

F. D. Waite, of Sutherlin, is here and says he has a plan whereby all taxes and liens against the Kinney properties will be cleared and the property placed on the market. He claims he has sufficient capital interested to take care of the deal but is willing to take in a number of local residents in order to give the deal local color. In short a new company will be formed and stock sold. As the property is sold off the stock is redeemed.—Coos Bay Harbor.

Dairymen Attention

We have opened a branch of our Portland Creamery at COQUILLE, OREGON, in the Collier Warehouse. Have an experienced creamery man in charge and ready to receive your cream, which may be sent to us by train, boat or auto truck, if you are not in a position to bring it yourself. Pay Spot Cash for EVERY Delivery at the very highest price for butterfat.

We Pay Portland Prices

at our plant AT COQUILLE. YOU PAY NO EXPRESS TO PORTLAND ON BUTTERMILK. You get your buttermilk back from us free. Do business with your home creamery whose money is invested in your home country.

COQUILLE VALLEY CREAMERY

Coquille, Oregon.

Beit a G-E Motor to it

Let the G-E Motor take the grind out of your chores.

Motor-driven machines will milk, separate cream, churn, grind tools, pump water, cut feed and ensilage, grind and shell corn, split and saw kindling, thresh grain and perform practically all ordinary tasks requiring steady application of power. A G-E motor will soon pay for itself in labor and time saved.

Ask our power man to show you just where a motor will help on your farm.

Oregon Power Co.
