Manufactures will sit down confidently on our solid millsites, dairy business will done so as to get more news and reading matter on each page of the paper.

A mailing machine, in order to get the mail up quicker, something badly needed, and which will allow us a couple hours later in going to press, has also been ordered and will soon be in operation. Should our business "keep up its lick" by next year will put in a mammeth power printing press (to be run by an electric motor, from the Ashland Power & Electric Light Co's plant for transmitting power through out the city, which will be in operation by that time), to take the place of our Prouty cylinder press.

Just as soon as we feel convinced that a good daily paper would receive enough support to be a paying enter.

by that time), to take the place of our Prouty cylinder press.

Into as soon as we feel convinced many as the property of the property to be a paying enterprise, a daily edition of the Recomptive, a daily edition of the Recomptive, a daily edition of the Recomptive, and the property of of Adam and Eve and had been saving waved at Shiloh. An orator and a

that if Wm. H. had lived at the time of Adam and Eve and had been saving money at the rate of \$25,000 a year, he would have had to live and save that amount for 2115 years yet to be worth the \$200,000,000. (The scrip tures and also some of our almanaes give the time of Adam and Eve.)

Wm. H. Vanderbilt did not save money, but like his son-in-law, Webb, spent it lavishly. On his last trip to London he took letters of credit with him to the amount of \$1,000,000 and when asked by the clerk who issued them what he wanted to spend so much money on the trip for, he answered with a smile, "you know it is customary to fee waiters in Europe."

When at heme in his 5th Avenue residence, his household expenses were \$800 a day. He paid his last chief cook \$7500 a year. He gave a ball shortly before his death in which the
