TERRIBLE DISASTER.

The young ladies of Vancouver have organized a Woman's Protective society, the object of which is to protect all members from adventures who are on the marry. It is composed of thirteen old A maids, two widows and four freekle-faced, red-headed girls, every one of whom would scare a man at forty rods.

The finest silver prunes in the market at E. M. Miller's

E. M. Miller's La Grande, Or., May 29.—A young man named Bennett and two young ladies, daughters of William Booth, of the cove, went out boat riding on the Grande Ronde river near the cove yesterday, and not re-turning home search was made for them, resulting in finding the boat capsized. At last reports the body of young Bennett last reports the body of young Bennett part of one end is out of water. The en- has been raised, add it is believed there The Astoria Columbian sums up the had been found, while those of the girls gineer was Sam Dunn, the fireman are no more bodies in the wreck. have not yet been found.

Hon' W. D. Bynum, of Indiana, was called to the bar of the house of represent-atives last Saturday and reprimanded for unparliamentiary language, for asserting that Bayne, of Pennsylvania was a "sewer" through which certain charges against through which certain charges against Representatives Bynum and Wilson gained admittance to the house. After the speaker had announced the censure, Mr. Bynum defiantly and very properly

the lady also proffered the kiss. As to the other two cases, it is somewhat vaguely explained that they "were not dissimilar in the circumstances which led the refrom were picked up by yachts and therefrom were picked up by yachts and therefrom the the water. PLATTSMOUTH, Neb., May 26, 1890. up to them "The fourth hady, however, contradicts them very emphatically. She says that the good doctor 'embraced her in a way to no longer leave any doubt in her mind as to his intentions." And so the kisses came to light, and the doctor into shallow water, and small boats be-bad to me "Dr. Stratton, though, has had to go." Dr. Stratton, though, has plenty of defenders, and it is possible that it is a case of jealousy. There is generally some smoke in such matters. Yon will seldom need a doctor if yon have Simmons Liver Regulator handy. have Simmons Liver Regulator handy. Ottawa. Ont., May 28.—Professor Wig-gins was asked yesterday what he thought was the cause of the strange phenomenon seen over the rivers in Soochow, China, which first appear in the form of black clouds and gradually become balls of fire. He said that the Northern Pacific ocean and adjacent continents have been for it is thought, escaped by jumping. Three fornia, the grandest state of the Union Sacramento, the capital city of Cali some weeks passing through a violent women and three girls were taken from was reached in safety at 6 A. M. Tuesday. There I was obliged to wait fourteen ined the gases which escape from the waters and found them to consist of car-bon and its compounds which are heavi-er than common air and will, of course, like water, settle over the lowest levels as over rivers and in the valleys. These as over rivers and in the valleys. These gases, it is found, are heavily charged a hole cut in the roof of the car, was with electricity and at night become among the first removed. The bodies of neighbor and friend of my mother in Knoxville, Iowa. In company with the more or iess luminous like the pillar six men and two wonten were brought in which led the children of Israel. During the time of a great planetary pressure these gases are forced even up from the bed of the sea and frighten sailors in mid ocean. The planet Venus, which caused waiting identification, and several heart-waiting identification, and several heart-tending seenes were witnessed as friends the recent earthquakes in the Northern rending scenes were witnessed as friends the summit of the Sierra Nevadas at daylight we found ourselves surrounded with

Stockton, Cal., May 29.-Levees on the lower division of Robert island, in this county, gave away this afternoon, flooding thirteen thousand acres of land in a high state of cultivation. The water on the west side of the tract has been steadily rising ever since the break in Union island levee allowed the old river water to reach the middle river and a rise of anese boy, supposed to be H. Malerta, of chinery, timbers, lumber, coal, coke, etc. three feet since Saturday has been shown. San Francisco

to five feet deep in the scraper work ence of the passengers in the first car, as routes in the world. The mountain levee around the lake was a much more related by those who fortunately escaped, heights, the canyons, coal mines, smeltwater was about nine feet. The entire gauge. I was seated on the front seat of winding in all directions. A narrow gorge

able to meet the occasion, although no crushing of timbers and snapping of such water as at present has ever stood against it. The upper division of Robert consternation prevailed in the car. The din a shed on a siding, and would be island contains 12,000 acres of splendid wheat, and is now protected by a cross-levee from flooding with water from the lower division. The river levees are and opened. When I found myself on the cities and went sailing down down strong and high, and a large force of men the platform I gradually worked my way steeper and crookeder than before, if will work on the cross-levee before the by climbing and holding on to the front possible; and soon the hair comn-enced water reaches it. This tract and 10,000 of the car to the roof, which I had just to shove our hats off as we saw and acres on Union island are the only re-claimed farming lands in this county out out of the water and quite a number of Arkansas river in front, behind and at
