If you want a nice dress you'd better go to Hunsaker's.

San Francisco, Aug. 26.—The first carload of California prunes was shipped to Chicago to-day for the purpose of being sold by C. W. Pike, of this city. The shipment is earlier in the season than those heretofore made. The first carload of California dried grapes of this season's curing was dispatched this afternoon by Porter Bros.

More convenient than a pill is Simmons Liver Regulator. It is made of both liquid and powder.

A curiosity that is causing the close attention of nautical men at present is the huge raft brought down by the Novo from Noyo. The Novo arrived here on Thursday night in command of Captain Drisko four days from Noyo, and having in tow no less than two million feet of lumber. The enormous size of the raft can be judged when it would take at least eight schooners carrying 200,000 feet each to bring down this load in an ordinary manner.—S. F. Dispatch.

Wright's Myrrh Tooth Soap preserves the enamel and prevents decay of the teeth. Gives beautiful lustre and whiteness, and softens and refreshes the mouth. Try it. Sold by T. K. Bolton.

A Gold Hill correspondent says Messrs Leach and King, of Portland, are conducting an experiment in growing the bidis far to bloom into a profitable enterprise in the near future. About two weeks ago Mr. Leach came here intending to burn a small quantity of lime for a sample, and before it was completed he received orders for more of the lime and hands were employed to construct two more kilns. They now employ ten hands. The rock yields ninety-five per cent lime of a superior quality.

Attention to the daily habits of the young prevents suffering. Take Simmons Liver Regulator.

Forty odd years ago Ross McCloud discovered the river that runs in crystalline rapids by our office door. Then the pressure of white men's feet were strange to its banks, but the feet of generations of red men had stepped there before. These sons of the forest called the river "Winnie Min," which in their language means Clear Water. Gone from the earth, and note the lips of the children of forest, who looked upon the flowing silvery water and spoke the rhythmic name by which it was known to them. To the white man McCloud goes the honor of a river name, that ought to belong to the Indians—the native sons.—McCloud River Pioneer.

The success of Mrs. Annie M. Bean, of McKeesport, Pennsylvania, in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers. "I speak several weeks in Johnston, Pa., after the great food, on account of my husband being employed there. We had several children with it, and I took the diarrhoea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I knew of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it." 25 and 50 cent bottles for sale by Chittwood Bros.

At Cow Creek. Col. Scribbs has done some fine work in the mason line in the Cow creek canyon. He has finished two piers for a bridge of 180-foot span, also a retaining wall 300 feet long and twenty feet high. He yet has a large amount of work to complete and hopes to finish about the last of October. It is thought that he will go from there to San Francisco, and from there to work on the southern division. Financier and old alumnus in the vicinity of the works and the lake contains an abundance of the finest trout. Rich placer mines have also been discovered by excavating on the side and at this time the whole mountain has been stacked off into claims.—Sisson Herald.

Hops Reach Thirty Cents. John Blakey, of Middle Fork precinct, contracted his hop crop Friday to S. H. Friendly for thirty cents per pound. It is reported that other growers also sold for thirty cents on that day. Although for a week past the price has been \$1.00 per bushel, it was not until Friday that sales and offers at that price. Friday was the first day that that price was actually reached.

Pronounced Hopeless, Yet Saved. From a letter written by Mrs. Ada E. Hind, of Troutdale, D. O. quotes: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Cough and Colds. I gave it a trial, took in all eight bottles; it has cured me and thank God I am now a well and hearty woman. Trial bottles free at Chittwood Bros' drug store, regular size 50c and \$1.00.
