It is noticed in the Yamhill County Ledger that the Choral Union of Lafayette has for its president during "the next musical season," Dr. J. W. Watts, fa miliarly known as "foghorn." The Capital Journal says: "Probably the Choral Union aims to represent in its performances a set of different instruments, with Dr. Watts as the calliope."

Miss Bertha Colton, treasurer. School Superintendent C. S. Price, School Superintendent C. S. Pr

Items of census report furnished the Plaindealer by David T. Day of the census bureau, Washington: There are only two states producing quicksilver, viz: California and Oregon. There are six mines, three in California and three in Douglas county. There are seven furnaces, three of which are in Douglas much neglected study which with a paces, three of which are in Douglas which are in Douglas county. There are seven furnaces, three of which are in Douglas which was participated in the sevental manufacture, is a mental wrent and manufacture, is a mental wreck. His troubles began in 1886, when he was apparently at the height of his remarkably prosperous career. He had just finished building the largest factory in the world—with the single exception of the Krupp gun works—for the manufacture of harvesting machines, of which are in Douglas which with a paces, three of which are in Douglas which with a paces, three of which are in Douglas which with a paces, three of which are in Douglas which with the single exception of the Krupp gun works—for the manufacture of harvesting machines, of which he was the inventor and manufacture, is a mental wrent and manufact mated at from three to five millions.

He got into trouble with the Knights zation was at the height of its power, during that season. The opening of the The California supreme court Friday sustained the lower court in the case of Hon Jas. H. Barry, contempt of court. The president appointed J. W. Craw-ford. P. A. Getz and N. A. Jacobs committee on programme for the next meeting.

> was amply shown by the way he dictated politics in this city and congressional district. In 1886 he started a newspaper, purchasing a metropolitan plant, and ran it a year, until his first failure, selling it columns against the Knights of Labor and all others who saw fit to oppose him. He took his financial difficulties wonder-You have heard your friends and neigh- fully to heart, and was known to go for a week at a time without a wink of sleep and nothing more than an occasional cracker to eat, while he was shut up in a little experimental room at work with his tools. He had an abiding faith that he could invent a new harvester that would sweep the field, and again

make him the "reaper king."

Aside from his beloved machine the only object of his affection was his daughter Nellie, a golden haired girl of 16, rethe corpse. He insisted that her coffin one of his old workmen in the old shop.
