It Saves the Children.

Mr. C. H. Shawen, Wellsville, Kan., says: "It is with pleasure that I speak of the good Chamberlain's Colic, Cholera and Diarrhoea Remedy has done my family in the last fourteen years. In the most obstinate cases of summer complaint and diarrhoea among my children, it acted as a charm, making it never necessary to call in a physician. I can truthfully say that in my judgment, based on years of experience, there is not a medicine in the market that is its equal. For sale by Druggists.

Dr. Henry Martin Scudder, accused of murdering his mother-in-law at Chicago, committed suicide in jail. He was allowed small doses of morpine, as he was in the habit of using the drug. He saved the doses until he had enough to kill himself.

A man named Sullivan was arrested at Hillsboro, Or., while drunk. After he was put in jail he confessed to having assaulted Mamie Walsh, a young girl, who was found dead near Milwaukee. He told the location of her hat and small pail which she had when last seen. There is little reason to doubt that Sullivan is the murderer and if the hat and pail are found at the spot indicated by him it is said a mob will go to Hillsboro from Milwaukee and attempt to lynch Sullvan.

A bloody affray occurred in the very heart of San Francisco. Con McManus and Jack Welch, two south side ward heelers, met on Third street and McManus attacked Welch. Welch drew a revolver and shot McManus in the left breast. A number of McManus' friends pounced on Welch and kicked and beat him terribly. During the fight some one stabbed Welch in the abdomen and he will probably die. McManus' wound is also fatal. A feud has long existed between the two families. McManus is a brother of the notorious Frank McManus, the "King of the Potrero."

Three Mexicans have been arrested at Tia Juana on a charge of highway robery. They are accused of holding up two parties of Chinamen who were seeking to cross the line in violation of the exclusion law and taking from $400. Their method of procedure was to agree to rilot the chinamen across the line, and when at a safe distance from the Mexican authorities they would stand the coolies up in line and take every cent they had at the point of the revolver. A regular system of robbery has been disclosed. The Chinamen recently captured will be returned to China. Another party of six are awaiting a hearing, their arrest having been effected later.

A Novel Suggestion.

A Sioux Falls, S. D., dispatch says: A startling proposition has been made to the city council by United States Commissioner Lyon. He expressed the opinion that the prohibitory law would not prevent the city from engaging in the saloon business. He offered to furnish the necessary money to start saloons in various parts of the city, he to be a partner but the management to be under city control. He claims it would net the city $35,000 a year. The mayor will appoint a committee to investigate and an experiment will probably be made.

An Important Chinese Ruling.

A Seattle dispatch says: Judge Hanford of the United States district court has made a most important decision bearing on the Chinese exclusion act. He holds that it is not necessary to have a presentment or indictment of the Grand Jury in order to proceed against Chinese persons charged with being illegally in this country.

County Funds Stolen.

A Paris, Ark., dispatch says: While Treasurer Fuller of Logan county was absent from his residence thieves entered and stole $45,000 of the county's money. Why the money was at the treasurer's house instead of in the safe at the treasurer's office is something that needs explanation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon, it is pleasant to take and will cure cramp, cholera morbus, dysentery and diarrhoea in their worst forms. Every family should be provided with it. 25 and 50 cent bottles for sale by Druggists.

Happy Hoosiers

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine. Made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease of life. Only 50c. a bottle, at E. E. Winchester & Co.'s drugstore.

THE CAMPAIGN.

The fight between Cleveland and Harrison will be one of the hottest on record. Protection, Free trade, Reciprocity and every phase of the Tariff Question, the Silver Question and other national issues will be discussed in every city, town and hamlet from Maine to California. The whole country is aroused and the interest is already at white heat—nothing else seems to be talked of. The History Company of San Francisco recognizing the immense demand for political literature, have issued two beautiful new books which will sell like wild fire. One is the Lives of Cleveland and Stevenson with able discussions of Democratic principles by powerful Democratic statesmen—the other, the Lives of Harrison and Reid with splendid articles by equally eminent Republican leaders. Every voter should have these books. The sale promises to be enormous. The publishers want live agents, as will be seen by their advertisement in another column. Such a splendid chance for rapid money making is rarely offered, and those who would take advantage of it must act at once, as thousands have been waiting for the opportunity and the publishers will be overwhelmed with applications.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

The junior class in a San Francisco medical college has declared against the practice of giving awards for high averages. They say it nas a tendency to create envy and jealousy among the students.

Thomas Dick Kelley, son of the postmaster of San Jose, was found in his room fatally injured, with a bullet hole in his temple. It is not known whether the shooting was accidental or intentional.

The whaling brig Alexander was wrecked on St. Paul island and is a total loss. All hands were saved and will return to Port Townsend on the steamer Bertha. The Alexander was from San Francisco.

A Pointer.

"I am very much pleased with Chamberlain's Cough Remedy," says H. M. Bangs, the druggist at Chatsworth, Ill. "During the epidemic of la grippe here it took the lead and was very much better liked than any other cough medicines." The grip requires precisely the same treatment as a very severe cold, for which this remedy is so efficient. It will promptly loosen a cold and relieve the lungs, soon effecting a permanent cure, while most other medicines in common use for colds only give temporary relief. 50 cent bottles for sale by Barret & Co.

The silver men of Nevada, dissatisfied with the silver planks in both the Democratic and Republican platforms, have bolted. A convention was held at Reno a few days ago and delegates elected to the People's party convention at Omaha. Hon. George Cassidy, a delegate, died at the hotel during the convention. He was twice elected to congress on the Democratic ticket.

Owing to the non-answering of the labor cards sent out by the board of labor employment at Mare island either in person or by letter, to come to work more than fifty names have been stricken from the rolls of those eligible for employment. The names erased are from those residing in various parts of the state, who are doubtless unaware of the law now governing employes at the navy yard.

Senator Allen of the state of Washington has received from the secretary of the treasury for transmission to a woman in his state a magnificent gold medal, engraved around the face with the words: "In testimony of heroic deeds in saving life from the perils of the sea," and on the face of the shield with the words: "To Mrs. Martha White, for heroic deeds in rescuing three men from drowning." Mrs. White saved the lives of three sailors of the wrecked ship Ferndale.

George Dixon, champion featherweight champion of the United States, whipped Fred Johnson, the English champion, in fourteen rounds at the Coney Island Athletic club, New York. The fight was for a purse of $5,000 and the world's championship.

At Milford Center, O., Lenny James and Willy Wooley, each twelve years old, enticed George A. McDonald, six years old, to a pool, took him into the water, stood him on his head in the mud at the bottom and left him. As the little fellow did not come home a search was instituted. He was found standing on his head in the pool where he had been placed five hours before. The two boys were bound over for murder.

Emma Allis of Milwaukee, a niece of ex-Governor Yates, has brought suit against her divorced husband for $50,000 damages for breach of promise. Fifteen years ago she was married to Jere Allis. They lived unhappily and she was granted a divorce with $100 a month alimony. Mrs. Allis had trouble in collecting her alimony and a number of letters passed between Mr. Allis and herself. He finally persuaded her to accpt $5,000 in settlement for all claims and he would remarry her. Failing to keep his agreement she brought suit against him.

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the last twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Druggists.

The pension officers at Chicago have discovered that Mrs. Alice L. Taylor of Mount Pleasant, Ia., the wife of Dr. John S. Taylor, surgeon in the Twenty-third Illinois infantry during the war, who has been confined in various insane asylums since 1869 as an insane pauper, has been drawing and converting to her own use his pension of $72 a month since July, 1874, receiving in the aggregate $18,543, none of which has been used for his benefit. Mrs. Taylor was taken to Chicago and compromised with the government by the payment of $8,100. She is well known in Iowa as a temperance worker, her writings on the subject having a wide circulation.

What a Pity

that so many otherwise attractive, polite, and particular people afflict their friends by the foul and disagreeable odor of their breath; it is mainly caused by disordered digestion, and can be corrected by removing the cause, by using that pure medicine, Sulphur Bitters.—Health Magazine.

Chicago is soaking in the greatest flood known in her history. All other rainfalls were but summer showers in comparison with the deluge that fell upon the city last night and the two days and nights previous. Every portion of the town has suffered damage, and in the business district the distruction has been enormous. The basements of scores of business houses are flooded to a depth of six or eight inches, and valuable goods lie ruined in muddy water that has run in from the streets. In some suburbs the damage is almost as great. It is impossible to get about in some cellars without high rubber boots, boats, or life preservers.

The deluge almost caused a panic among the clerks and floor walkers of several stores, who saw the water come pouring down the stairways, elevator shafts and skylights. The sewers were soon choked up and the water backed up like a torrent, and bursting through every outlet, covered the basements and floors. The downpour continued and little headway could be made against the flood. The flood filled the basement of Marshall Field & Co.'s store so quickly that the fires in the engine room were extinguished. No power could be obtained. Elevators stopped running, electric lights went out, and business was abandoned.

TESTED FOR YEARS.

There is one and only one reliable evidence of the value of any article, and that is a thorough test by long use. King's Royal Germetuer has been thus tested by thousands of the best people in the country and here is what a few say:

Ex-Gov. Hubbard writes: "In 1889 my aged mother took several bottles of King's Royal Germetuer and experienced decided relief therefrom. She suffered from indigestion and dyspepsia, and these troubles were greatly relieved if not entirely cured by the remedy. R. B. HUBBARD. Tyler, Texas."

"I have used Germetuer in my family since its discovery and think it has absolute virtue. The medicine has wrought some wonderful cures. It is worth a trial to any one needing it. M. WELL.

Pastor Walnut street M. E. church, Louisville, Ky."

"I take pleasure in stating that the Germetuer I purchased in May cured five of my children of chills and they have not returned since. One of them had been having chills for over a year and had only three after he began taking Germetuer. W. F. WELBORN.

Ft. Worth, Texas, Aug. 15. 1891."

"I have used Germetuer in my family ever since it was first introduced here (over three years ago), giving it for everything for which it is recommended. I have cured myself of cholera morbus by one dose; have cured many boils by its use. I cured chills and fever after long treatment of quinine failed, and have been greatly benefitted in kidney disease." H. O. TYGON.

Atlanta, Ga., June, 1892.

Germetuer stands on its merits as a specific for blood and nerve. Experience of time proves it to be a reliable safe remedy. Sold by druggists. Price $1.00.

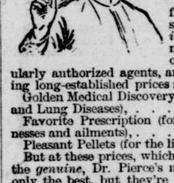
A Burlington, Ia., dispatch says: The river here is now lacks only four inches of equaling the great rise of 1888, which was the highest point the water has reached since the unprecedented rise of 1851. A rise of two more inches will flood a number of basements containing valuable goods and merchants a busy removing their goods to higher ground. The waves of the river now lap the track of the Burlington, Cedar Rapids and Northern line. The Diamond Jo boat freighthouse is entirely surrounded and the water is five feet deep on the office floor. The water came up over the first floor of the Burlington Boat club house and the guests to a ball there were ferried to the door of transferred by means of an extemporized bridge. Many buildings along the river front have been anchored down to keep them from floating away. The water completely covered the mouth of the big city sewer and backed up and filled the basements for several blocks with filth. In the present condition of things a heavy rain would be a disaster to the city, as a torrent rushing into the sewer from the upper portion of the city and having no outlet into the river, would rip the sewer up all along the the route and cause immense damage. The Carthage and Quincy branch of the Burlington road has four more inches to spare but the embankment being sand fill is fast crumbling away and traffic may be suspended at any time. The river above Burlington is twenty miles wide. A boat can travel in three feet of water anywhere between Kingston, Ia., and Gladstone, Ill.

An English "Home."

It is to be questioned if a scheme which has just taken practical shape in London would find a field over here. A "home" has been established for ladies deprived of their natural support by death, the home to be supported by contributions which would otherwise be expended in costly funeral flowers. It is called after the late Duke of Clarence, whose memory, by the way, is perpetuated in so many charitable plans as must almost be confusing.—Her Point of View in New York Times.



Beware of cheap imitations, at "cut prices," offered by unauthorized dealers as Doctor Pierce's *genuine* medicines.

To prevent fraud and imposition, the *genuine guaranteed* medicines are sold only through regularly authorized agents, and at the following long-established prices:

Golden Medical Discovery (for Liver, Blood and Lung Diseases), ... $1.00
Favorite Prescription (for woman's weaknesses and ailments), ... $1.00
Pleasant Pellets (for the liver), ... 25c.

But at these prices, which must be paid for the *genuine*, Dr. Pierce's medicines are not only the best, but they're the *cheapest*, for they're *guaranteed* in every case to benefit or cure, or the money is refunded.

The manufacturers take all the risk by selling them *on trial! It's an insult to your intelligence* for any dealer to attempt to substitute other medicines for these, by recommending them to be "just as good," only that he may make a larger profit.

Drop it Please. If you are buying goods on credit, and are generally out of cash, drop the practice at once, and try buying for cash of a cash house. It will make you rich. Ladies, remember its the old, tried and true, your friend in trouble and time of need. Give no credence to these new and worthless compounds that are flooding the markets. For sale by MRS. M.
