Grants Pass Observer. ation with Mr. A. H. Carson, the well-known nurseyman, Thursday, an Observer reporter was informed that the peach crop in this section will hall at 8 o'clock Saturday evening, July that the peach crop in this section will not amount to much this year, owing to the early frosts. Other varieties of fruit, such as apples, pears, plums, prunes, etc., are in splendid condition. and the yield will be bounteous. Mr. Carson said that the fruit prospects in Rogue river valley were better than in the Willamette valley and other portions of the state. There will be a much larger demand for nursery stock in this section amount of the root of dispersion of the state. There will be a much larger demand for nursery stock in this section are ready and selection will at 8 o'clock Saturday evening, July 8, 1892, for the purpose of reorganizing the People's party club, and transact other business. E. E. Deming, Sec'y.

Some of the reasons why Germetuer is the only reliable household remedy are: 1. It is pleasant to take. 2. It is absolutely harmless. 3. It makes no mistakes in diagnosis, but goes right to the root of dispersion of the state. There will be a much larger demand for nursery stock in this section.

growing industry.

The Fourth in Ashland.
