Fire at Medford.

Monday night about 1:20 a. m. the wood pile of A. A. Davis, lying between his flour mill and the railroad track at Medford was discovered ablaze. The alarm soon brought Medford's entire population to the scene as well as the hose company. The water supply was so weak that it was not service and the only water to be had was that pumped from wells, and wet blankets used. The wood, some 220 cords, was consumed by the flames and heroic efforts finally stanching the fire there, after the flames had severely scorched and blistered the flour mill building. It was a miraclous escape and had the mill once caught fire all the power of heaven and earth would not have saved the town from complete destruction.

Jackonville Gettings.

Judge Webster returned from an extended trip to Portland. Rev. Father Watry left Monday for the coast to spend the week-end. Judge Neil and son returned from their mountain trip much improved in health. Mrs. E. Turner and daughter, Miss Stude, returned Tuesday from a two weeks sojourn at Coletson.

BREVITY BASKET.

Assessor Hamilton is in town. Col. Borditch was at Jacksonville yesterday. Mrs. T. E. Godfrey was in Portland this week. Mrs. M. L. McCall is at Central Point this week.

The Record and the S. F. Examiner one year ago. Conductor Pat Tyron left this morning for the Bay City. Mrs. J. W. O. Gregory has returned home from the coast.

Ed. Booth returned Sunday from the races at Oakland, Cal. Klamath county is overstocked with fat cattle and great loads of hay.

M. L. McCall was at Siskiyou the first of the week doing some surveying. H. D. Farley, manager of the Depot hotel, has returned from a business trip to Redding.

W. W. Wilshire, now a stockraiser of Billen valley was down in Tehama county last week. A. J. Howell and wife, who have been visiting at Gilmore's, returned to McMinnville Sunday.

J. E. Harmon and wife, who have been in the Washington for three weeks, returned today. That complexion of yours needs some-thing to do with it, Gervais Graham's Cream at Winchester's.

Adolph Suro and son, C. W. Suro, are seriously thinking of purchasing Edison Bros. hot springs. You want to take a chance at the S. F. Examiner's premiums. You can get the best of both by clubbing with the S. F. Examiner.

Are you in need of letter heads, notes, envelopes, statements, bill heads? If so, send your order to the Hat Co. People who give Hood's Sarsaparilla a fair trial realize its great merit and are glad to say a good word for it. Hat Co. Portland.

James Verrees returned Sunday from a prospecting tour to Curry county, finding numerous gold-bearing quartz prospects. Mrs. J. Armstrong, wife of the Portland business college man, arrived tomorrow to go to Tolman's celebrated vapor springs.

W. T. Beagle and J. P. Gilmore have returned from a tour on the south side of Astoria and Wagner bays, having killed three deer. Leonard returned Friday from San Francisco, where he had been on a business trip.

The woodpile of A. Davis's flour mill was destroyed by fire during the middle of Monday night, much wood being lost. The fire had a narrow escape from destruction.

The year-and-a-half son of W. A. Bagley was shot by a small pool of water and when found a short time after was dead, all efforts at resuscitation being unavailing.

There is nothing pleasanter than a nice, soft skin. Neither is there anything that makes it so than Gervais Graham's Elder Cream, which is sold by J. W. Winchester.

F. J. Chavner was over at Hornbrook Saturday purchasing pipe to mine some placer ground at his place near Gold Hill. He has twenty acres of mining ground in the vicinity.

The forest fire raging below Wagner butte has taken both sides of the creek and is encroaching closer toward Ashland every day. The sooner it is arrested by the citizens the better it will be.

The ladies of the Presbyterian church are holding a social on Wednesday evening from 5:30 to 6 o'clock. Proceeds for benefit of the church are being collected.

Dr. Ruggles, of the California board of health, still continues his work of examining the dairies in this county. He returned from Fort Klamath, where Miss Annie Wiley expects to remain awhile visiting friends in Klamath county.

John Ashpole, who until recently has been one of our leading mechanics has downed the checked shirt and is now giving lessons in manual labor. He will never go to the poor house, unless he has charge of the poor house of Eagle Point county when it is built.

My calling attention to the stones in our streets has caused some of our citizens to make a move in that direction. I understand that F. B. Inlow and A. J. Florey, two of our enterprising business men, had removed so that the street presents quite a clean appearance.

A. J. Daley, our boss miller, reports that he is receiving quite a lot of new wheat. He has bought the house where John Watkins kept his confectionery and the house has had it moved to where the old postoffice building was burned, and put on a new building for an office for Dr. Stanfield.

Quite a number of our citizens have been trying the Dead Indian soda water lately. The proprietor of the Eagle Point Hotel, A. Pool, got so fat that he could hardly get home. He speaks of the highest terms of the soda water there. He had the company of John Nichols and family last Friday night.

Last Friday night while the threshing machine crew of Simon & Brown were at work on the farm of S. A. Potter's two boys and a neighbor boy began playing pranks and benton the machine. The boys were very mischievous, and scared Billy Potter so that he ran off and laid out all night without coat or hat and had a general search for them to no avail until after the machine had gone, when they were found in their hiding place. One of Sam's neighbors, Geo. Rice, proposed to sell Sam a bell so that he could bell him in the future.

There is some talk among our citizens of having the county of Jackson state of Oregon divided so as to give Jacksonville, Coletson, Roseburg and Coletson, and Eagle Point county that is to be the name of the new county lying on the east side of Bear creek, including Sams valley and up to Rogue river and have a name of their own. The new county at Eagle Point. Won't that be nice? Then all of us can have an office and we can run a new department and have a little more than we can carry and then we can divide again and give Sams valley the debt and start anew. We will have to build a court house anyway, for we have so much legal business to attend to here that it has become necessary to have a deputy district attorney appointed. Our new district attorney was out to attend the Meeker, Dunlap, Allen (Old Florida) Carter trial and appointed our old stand-by, Dr. Stanfield as his deputy for this part of the judicial district, which embraces four precincts. Since my last we have had another case of insanity and poisoning. Mrs. Cook and Edmonds of Big Butte. Cook was fined \$5 and costs, amounting to \$20 in all. He paid his fine.

Sams Valley Items.

The people will soon finish their harvest. Mrs. Stinson's son-in-law of Portland, is paying them a visit. A. L. Gall has been on the sick list, but is now much improved.

H. Pelton raised a fine lot of new water-melons, which sell very readily. Miss Martha Cardwell will teach one of the departments of the Central Point school.

The people of the Antioch vicinity will give a hop supper Saturday evening. All are invited to attend. Jas. Ranky and his son Lewis, J. N. Smith and Geo. Childers went to Jacksonville Tuesday on business.

William Wimer and Miss Annie Wimer, children of Mr. and Mrs. J. O. Wimer, formerly of Ashland, were married at Starbuck, Marion county, on the 14th inst. in a double wedding, the former marrying Miss Nell Starbuck and the latter, Miss Cook and Edmonds of Big Butte. Cook was fined \$5 and costs, amounting to \$20 in all. He paid his fine.

Mr. Hermann will leave Washington tomorrow for home, via New York, Chicago and San Francisco. Before reaching home he will probably spend a week at the springs near Mt. Shasta, and in southern Oregon, in order to get a little rest.—Washington dispatch, 19th.

To Lower Klamath Lake. For a number of years past the landowners along the shores of the Upper Klamath Lake have been discussing the feasibility of removing the obstruction at the outlet of that large body of water with a view of lowering the lake and thus reclaiming an immense tract of swamp land of what is known as "swamp land."

The matter did not assume definite shape until last Friday evening when a half dozen interested parties convened at a called meeting held in this town.

It was decided to raise necessary funds to carry out the project by circulating a subscription paper among the landowners to be benefited and a committee, consisting of J. L. Hanks, F. H. McCord and G. W. Mayhew, was appointed to make the canvass, raise the money and have entire charge of the work.

A hearty effort is given the enterprise, work will begin in a very short time and will be completed by the first day of January next. It is intended to remove the "upper ripple" by blasting which will probably lower the lake from fifteen to eighteen inches and thus reclaim 60,000 to 70,000 acres of swamp land along the shores.

It is estimated that this can be effected with the expenditure of not more than \$2,000.

While the reclamation of so large a body of land will increase the arable acreage of the region and largely benefit a great many ranches, the project will meet with some opposition from parties interested in water privileges and others who have large tracts of hay land about the lake which they believe will be made too dry by the lowering of the waters.—Klamath Falls Express.

Beware of Ointments for Catarrh that Contain Mercury. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, and acts directly upon the blood and mucous surfaces of the system. Buy in bulk and save. Hall's Catarrh Cure is sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Sold by Druggists, price 75c per bottle.

W. A. Wright, the Henley hunter, who will sell the celebrated Grizzly bear, "Real Foot," intends taking his carcass to the state fair at Sacramento and then to the World's fair. The carcass is his. His measurements at the time of his death, showed that he was 8 feet 7 1/2 inches from tip to tip; between ears 14 inches; height at the shoulder 4 feet 9 inches; weight 182 lbs. In death as in life, he is still an object of interest to the public, but less trouble-some than reading the Klamath Falls papers—which are becoming millionaire ticklers.
