NOTHING but Royal Baking Powder

Will make the biscuit, cake and pastry so light, sweet, tender, delicious and wholesome. There are many mixtures offered as a substitute. None of them is the same in composition or effectiveness, or will make such fine food, or is so economical.

Besides, the Royal Baking Powder is absolutely pure, containing neither lime, alum nor ammonia.

There is but one Royal Baking Powder, and there is no substitute for it.

PENNOYER ON THE ELECTIONS.

The Governor Writes a Statement of His Views and Talks to a Report.

Portland Oregonian, Nov. 9th.] Governor Sylvester Pennoyer sees to regard the outcome of the recent election in the light of a huge job on the democratic party, planned and executed by Wall street and President Cleveland.

The defeat of the democratic party, he says, did not surprise him, but he was somewhat astonished at the "bigness" of it. The governor, by request, prepared the following brief statement for the press.

"Two years ago the people jumped out of the frying-pan into the fire. This year they have jumped back into the frying-pan. The election handiwork is really an unwitting rebuke to Cleveland for adhering to the republican financial policy until the country is nearly bankrupt."

"When seen at his residence last night, Governor Pennoyer very emphatically declared that he had nothing to add to the above expression of his views at the present time, but he courteously answered a number of questions propounded to him upon various phases of the election. Several times he hesitated, as if about to give full vent to his feelings, but after glancing thoughtfully at the corner of his eye, he showed his head, laughed heartily, and said that he might say something that would startle the public and offend the good people of Oregon. When pressed to explain Tammany's defeat, he at length said:

"A very prominent citizen of this city, E. S. Corbett, said publicly a year ago that he owned property in New York and in Portland, and that he knew from experience that the taxes in the former city were only half as great as in the latter. Tammany gave New York an economical government. It may have been a little corrupt, but not more so than that of any other city in the land. The recent Lexow inquiry only developed the fact that the police were taking money from the city treasury, and where do they do that?"

"Tammany was the only power that successfully fought Wall street, and we are all the better for it. Cleveland is a fraud, and he is the greatest of the three. I have a warm spot in my heart for Tammany, if for no other reason than that of his having been defeated, and badly defeated, and we must now wait to see how it will reorganize."

"During the time he was talking, the governor seemed to be brimming over with good humor. He apparently was tempted to express his views more freely, but refrained from doing so for reasons which he did not explain."

"From an outside source it was learned that Governor Pennoyer grew quite fatigued over the defeat of Representative Wilson in West Virginia. He sent him a copy of his recent Thanksgiving proclamation, with the following words of condolence:

"In the day of adversity, consider."

"Are your children subject to cramp? If so, you should never be without a bottle of Scott's Emulsion. It is the best remedy for cramp, and has never been known to fail. It is given freely as soon as the cramp appears and it will prevent the attack. It is the soul-reliance with thousands of mothers who have especially made it their daily food. There is no danger in giving this Remedy in large and frequent doses, as it contains nothing but pure cod liver oil, and is sold by Ashland Drug Company."

He Got the Trustee Shoes. Oliver Van Ostden, the New York electric expert, is very fond of driving and a day or so ago told his groom to have the mare he most favors for a spin for the next morning. Being in a merry mood, he added, "If the blacksmith has any russet shoes, tell him to fit her out with that kind."
