Those Pimples

Are fall-take symptoms that your blood is not right—full of impurities, causing a sluggish and unsightly complexion. A few bottles of S. S. S. will remove all foreign and impure matter, cleanse the blood thoroughly, and give a clear and rosy complexion. It is most effective, and entirely harmless.

Chas. Heaton, 73 Laurel Street, Phila., says: "I have had for years a humor in my blood which made me dread to shave, as small pimples would be raised on my face, and I would be a great annoyance. After taking three bottles of S. S. S. my face was clear and smooth, and I should be glad to see the running foot race all for the use of S. S. S."

ROGUE RIVER TIMBER BELT.

The Roseburg Land Office decides in favor of the Government, and against the Julius E. Miner syndicate.
Register R. M. Veatch and Receiver R. S. Sheridan last week decided the Miner timber land contest in favor of the government, and against J. E. Miner. The charges made and issues involved in the case are: (1) That said entry No. 6983, of Joel V. Warne, for the S. E. 1/4, Sec. 3, Tp. 32 S., R. 3 East, was speculative. (2) That said Joel V. Warne did have an understanding and agreement with Julius E. Miner that as soon as final certificates were issued he would convey said land to Miner.
The conclusion of the decision is as follows: Mr. Miner was very much in evidence during the whole of this trial, but failed to testify as to the facts in knowledge in explanation of, or to contradict charges that were made against him. His failure to do so can lead but to one conclusion. From a careful review of the testimony, we are of the opinion that the government has fully established its case, and that the said entry, No. 6983, for S. E. 1/4, S. 3, Tp. 32 S., R. 3 East, made by Joel V. Warne, on Oct. 23, 1890, was speculative and made in the interest of Julius E. Miner, and was a device to defraud the government. Defendants are allowed thirty days in which to appeal from the decision to the honorable commissioner of the general land office.
The appeal will be taken, pending which no further action will be taken in the other fifty contested entries until this Warne case is finally adjudicated by the general land office. The testimony in this single Warne entry covers 1200 pages of type-written copy, legal cap size. The opinion of Messrs. Veatch and Sheridan carefully reviews the evidence and covers 26 pages of type-written manuscript.
As has been mentioned several times in these columns Julius E. Miner has bought some 15,000 acres, comprising the bulk of the extensive sugar pine timber belt on upper Rogue river, in this county. He has paid large amounts in taxes on the land for the past four years, and it has been given out by Mr. Miner that soon as he secured patents to these lands he contemplated important improvements of Rogue river, and the establishment of a most extensive saw-milling enterprise. This decision against him was a surprise to most people as it was believed that the government and successful business man as Julius E. Miner would not allow himself to be tangled up in this manner by exposing himself and his large interests to the law. Receiver Veatch and Receiver Sheridan have went into this important case thoroughly and have rendered a clear-cut conscientious decision and it is very doubtful that the general land office will overrule it.

INCOME TAX FIGURES.

What Some New York Millionaires Will Have to Pay.
The metropolitan millionaires would have been delighted to hear that the president had vetoed the tariff bill carrying the income tax rider. Still, as they have considerable time to save up enough small change to meet this additional charge for being on the earth, they can economize or follow the Astor example of living in England. Some figures here are already at work dispersing out what some of these unfortunate people will have to shell out to help keep the country from going to demerit bonovox.
Uncle Sam's choicest victim here is William Waldorf Astor, who will contribute about \$153,253. But as his income is in the neighborhood of \$10,000,000 he will not be forced to negotiate a loan. Russell Sage and the Jay Gould estate rate next on the list. Then come the Vanderbilts, Flagler, Tiffany, C. P. Huntington, Rockefeller, the Goetzels, Gerrys, Havemeyers and over a hundred others whose wealth runs from \$2,000,000 up to \$125,000,000. Annual tax figures range from \$40,000,000 down to \$2,000,000 have been named among the heavy taxables. Among them are two countesses, two duchesses and one lady. If Hetty Green doesn't succeed in keeping out of the taxpayer's clutches, she will be forced to plunk down \$40,000 annually. It will cost Mrs. Bradley-Martin, Mrs. Asson Phelps Stokes, Clementine Furness and Mrs. R. Furness about \$10,000 each.—New York Exchange.

THE OLD SOLDIERS.

A Significant Sign of the Times is Their Rejection of the Old Soldier.
The scales have at last fallen from the eyes of the old soldiers. Blinded by the prejudices of protectionism, which the demagogues of protectionism have industriously kept alive, the men who fought for the preservation of the union have followed the devious course and darksome ways of the Republican party for three eventful decades. But prejudice has given way to reason, and the old soldiers, compelled by the distress and suffering that party has wrought, are once more up in arms, and this time they are organized to destroy the men and measures they have so long supported and extolled.
An instance of the revamping of the old soldier is found in the recent state convention of Populists held in Minnesota. The great strike on the Northern Pacific made it impossible for hundreds of delegates elected to that convention to reach Minneapolis, where it was held, but all were represented by proxy, and 800 delegates instructed their votes to 100 of their members. Of this 100, 91 were members of the Grand Army of the Republic, and one of these had ridden in a wagon 800 miles in order to register in person his protest against the wrong committed in the name of the G. O. P. to express his gratitude with the people who have at last taken to the further ennoblement upon their rights of corporate greed.
And this is but an instance. It is remarkable that from those western states which went the largest number of ex-soldiers during the years directly following the close of the civil war came the most earnest protests against the rule or rule policy of the party of protection, and there are found the most powerful organizations for its complete destruction. What is true of Minnesota is equally true of Kansas, Nebraska, Colorado and Illinois.
The volunteer army of the United States who went out at Lincoln's call went from the great body of the plain people. Its members who still survive are returning to their own, and their own resolves them gladly. It is where they belong. They are at home again, but they have come at a time when duty calls to a higher service and to greater sacrifice than they have ever before been called upon to render. A man's indignation for the southern slaveholder has his hand upon the nation's throat today. He must be fought and utterly destroyed if the people would be free. It is a significant sign of the times that the G. A. R. has revolted from the fatal misleadings of the G. O. P., and it makes assurance doubly sure that the corruption the Republican party has fostered, the dishonest it has encouraged, the spoliation it has been party to and all the evils that have followed in its wake are to be swept away and a government of the people, for the people and by the people once more established on the earth.—Chicago Times.

CASIMIR-PERIER'S PARDONS.

The New French President's Clemency Not Extended to Single Anarchist.
Among the 374 persons pardoned by M. Casimir-Perier, says our Paris correspondent, figures, first of all, persons who have been condemned for violence or intimidation in connection with strikes, a highly politic move of President Casimir-Perier, not merely on account of his personal connection with mining interests, nor because of the advantage in general of making all persons conscientious that are consistent with the preservation of law and order, but also and in particular as being opportune on the eve of an interpellation on the Graciosa strike.
Besides these cases of pardon there are a certain number of other persons law offenders who benefit by the accession of a new president. All persons condemned by virtue of the law of 1881 for incitement to anarchistic outrages by speech or writing have been systematically excluded from the benefit of pardon.
It is not uninteresting to note that, in the official statement of what has been done, the minister and president are carefully exonerated from all responsibility of having left the anarchists to pay the full penalty of their outrageous acts by the assertion that the minister of justice previously called upon the pardons commission to examine in detail the dossier of the convicts in order to draw up a list of those in favor of whom a measure of clemency might be possible.—London Times.
