Representative Johnson asked if the ultimate liability of the government would not inspire more confidence in World's Fair Officials Expose a Prethe currency. The secretary said it undoubtedly would, but that his plan

would insure ample protection and therefore ample confidence. He explained that in case of the failure of a bank its 30 per cent goes into the general safety fund, and if the assets of the failed bank are 1.ot sufficient to meet all the liabilities without carrying the general safety fund below the 5 per cent, then all the national banks are assessed to meet the liabilities. The banks then have a lien on the assets of the failed bank.
