The New York World says: With The New York World says: With so long and vigorously urged for a canal joining the Atlantic and Pacific oceans \$65,000,000, with \$14,000,000 drawn out with the United States government in one week, with more than \$7,000,000 sent abroad in one day, with the government spending more than it receives, with the recent bond issue resulting in nothing but palliation and debt, with foreign capitalists turning American securities into gold because they doubt the stability of the hodgepodge of gov-ernmental finance, with Wall street in the first stages of fever, with the specter of a premium on gold threatening all standards of value, the time has come for strong, heroic, instant action that will end once and for all the present lack of common sense in the manage the interoceanic canal. The secretary ment of the finances of the country. Statesmen and financiers all say that a crisis is at hand, and all say that something must be done. The World presents the opinions of the leading bankers of the country as to what that something should be; as to what the administration and congress should do at once. In the main they assert that a large popular loan, say of \$500,000,000, would be subscribed for in a few days, and that it would afford permanent relief. Congress, they think, should take such steps immediately. The English papers are also commenting on the American currency problem. The Standard says: "From any point of view the prospect is Newburyport. rather cheerless, but the American peo-

It was, more-The average mortal does not know much. over, the first realization in either branch of congress of the vast project standing sponsor for the execution of the work. The bill, in brief, directs the issue of \$70,000,000 of Nicaragua canal bonds. Each of these is to bear the following guarantee: "The United States of America guarantees to the lawful holder of this bond the payment by the Maritime Canal company of Nicaragua of the principal of said bonds, and the interest accruing thereon, and as it accrues." An additional \$30,000,000 of bonds is to be issued without the United States guarantee. The total \$100,000,000 thus issued is to be used in constructing of the treasury is to have general supervision of the project. A board of 15 directors is to have immediate charge of the work. The board is to designate 10 members, no more than two from any one state. The United States is to receive \$70,000,000 of the canal company stock in return for guaranteeing the bonds, and is to hold a mortgage lien on all the property of the canal company.

LEO'S ADDRESS TO AMERICANS.

The Papal Encyclical Reviews Church Affairs in This Country. The papal encyclical address to the American episcopate has been made public. In the document the pope recalls the fact that he associated himself with the celebration of the fourth centenary of the discovery of America, the ard. evangelization of this country being the first care of Columbus, which evangelisteamship Yorktown cabled the navy zation was realized by the Franciscan

After pointing out that the first Catholic bishop in America was a great friend of George Washington, the father of his country, the pope shows how the episcopal councils, aided by the equity of American laws, assured the development of Catholic institutions. It was to contribute still more to this develop-ment that the pope founded the university at Washington, for it was of importance that Catholics should be in the front ranks in the sciences, even "On Jan. 22 a small force was landed modern science, provided they were combined with faith and integrity. To this end his holiness exhorts the bishops to do all in their power to encourage the progress of the university at Washington, as well as the North American

college in Rome. With regard to the apostolic delegation the pope states that it was insti-

the idea of unity and the perpetuity of nearly \$2,000,000, which is greater than marriage among the faithful, and to inculcate among the people civil and religious virtues.

In particular the pope calls upon the sishops to turn aside workmen's associations from law breaking, to teach journalists respect for religion and truth, to reprove those journals which pass judgment upon episcopal acts and, finally, to turn Protestants to Catholicism by charity, by instruction in its doctrine and by leading an exemplary
