Price of Farm Products. United States agricultural bulletin No. 145, presents some interesting facts as to the price of farm products for 1894 in comparison with the years immediately preceding. The comparison strikes most forcibly in the two staples of wheat and cotton. The average price of wheat in bushel, the lowest in 25 years. It is ac- to collect the income tax from the com- play, but he chose Mile. Bertet instead; tween Julesburg and Brule. tually 32.9 cents per bushel less than the plainant.
