

CASTORIA

for Infants and Children.

"Castoria is so adapted to children that I recommend it as superior to any prescription known to me." H. A. Anderson, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a waste of supererogation to endorse it. Few are the intelligent families who do not keep 'Castoria' within easy reach." J. C. Mason, D. D., New York City, Late Pastor Bloomingdale Reformed Church.

Castoria cures Colic, Constipation, Sour Stomach, Flatulency, Eruption, Kinds, Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended 'Castoria' and shall always continue to do so as it has invariably produced beneficial results." Edwin F. Parker, M. D., "The Winthrop," 125th Street and 7th Ave., New York City.

The Castoria Company, 77 Murray Street, New York.

DON'T STOP TOBACCO

It's INJURIOUS TO STOP SUDDENLY AND Don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant and in most all cases the effect of stimulants is to irritate the mucous membrane, or other organs, leaving a far worse habit contracted. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms and refund. Price \$1 per box, or 3 boxes (30 days treatment and guaranteed cure) for \$2.50. For sale by all druggists or will be sent by mail on receipt of price. Send Six Two-Cent Stamps for Sample Box. Booklets and proofs free.

Office of the PIONEER PRESS COMPANY, C. W. Hornick, Supt., St. Paul, Minn., Sept. 7, 1894. Eureka Chemical & Mfg. Co., La Crosse, Wis.—Dear Sirs—I have been a smoker for many years, and during the past year have smoked from fifteen to twenty cigars regularly every day. My whole nervous system became affected until my physician told me to stop. I tried the "No-To-Bac" for the time being, at least. I tried the so-called "Keley Cure," "No-To-Bac" and various other remedies, but without success until I accidentally learned of your "Baco-Curo." This I commenced using with your preparation and to-day I consider myself completely cured; I am in perfect health and the horrible craving for tobacco, which every inveterate smoker appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful and can fully recommend it.

EUREKA CHEMICAL AND MFG. CO., La Crosse, Wis.

Our nation's physical greatness nor its fabulous wealth consists in the glory, nor yet its schoolhouses nor its churches. If amid splendid triumphs of what the world calls progress the work of the country are oppressed, robbed, degraded, shot down by vagabonds and imprisoned like felons, driven from decent habitations and forced into dens which wild beasts would not inhabit, then our civilization is savagery. Fair it may be to contemplate on certain points of observation and legislation for the masses a white supplanter, under whose captivating exterior exist abominations of which, if heaven takes cognizance, the eternal God must again repeat that he made man at all.

Here, with the ballot; here, with constitutions framed for the protection of all, are daily perpetrated acts of despotism of unparalleled enormity, except perhaps in lands where the lives and liberties and the property of the people are in the hands of a czar, a sultan or a shah. And it is also true that in the United States acts of tyranny are perpetrated which demonstrate that approval to courts and legislatures for justice are as unheeded as when a storm-battered wayfarer appeals to a billboard for protection.

Fellow working men, the outlook is appalling. Never since the millions of King George shot down the minutes and at Concord has liberty been in as great danger as now. Indeed the liberty we enjoy is a hollow mockery. Workingmen have no liberty. The plutocratic corporation, the autocratic judge, who enacts laws by injunction, the dark-robed deputy marshals armed with pistols and clubs and supported by troops with shotguns, have banished liberty from the land. Workingmen are simply tolerated if they remain silent and do not bid defiance to the law. If, under the tortures of hunger and nakedness, despair provokes protest, the injunction, the club, bayonet and bullet enforce submission, and this work of enslavement goes steadily on.

I speak as a victim, from a dungeon tomb, and as one who loved his fellow man and dared raise his voice to mitigate the pangs of famine in a suburb of hell, known as Pullman, and all over this once favored and happy land.

Similar expressions were heard from the other jurors, and it was evident that the case would have resulted in an acquittal. The attorneys for the defense were crestfallen at the sudden ending of the case all representing the opinion that victory was in sight for the defendants when Juror Coe's illness stopped the proceedings. The defendants were equally sorry that the trial could not proceed.

The continuance of the case leaves the American Railway union in a predicament, temporarily, but under two bail bonds each. The appeal from the contempt sentences is still pending in the supreme court, where each defendant is under bond, and the conspiracy case, which will stand until the trial is resumed in May.

DEBS TO THE PEOPLE.

THE SITUATION AS HE HAS LEARNED IT FROM CLOSE TOUCH.

Though Deluged by Persecution, His Spirit is Unbroken, and His Chief Concern is the Welfare of the Tolerant—Conservation Through the Ballot.

Memory is not dead. We recall the heroic deeds of our forefathers who pledged life, honor and property to secure liberty for themselves and for future generations. In recalling their heroism, their sacrifices and their sufferings Americans must be as dead as Egypt's embalmed mummies if their hearts are not beat responsive to the holiest and sternest passions that ever burned and glowed in a freeman's heart.

These immortal patriots founded a government of equal rights. They abhorred kings. They trampled upon tyrants. They broke scepters and forever exiled a titled nobility and aristocracy from the land, and accepting the revelation that "God is no respecter of persons" they proclaimed the eternal truth that all men are "created equal," and to give their faith enduring force they "the people," crowned themselves by divine right sovereign citizens and took the ballot as a symbol of their sovereignty.

Since that august period more than 100 years have come and gone, and that is the legacy they have left for the present generation? On the one hand we are invited to survey the material progress of the nation, and the facts challenge the imagination to paint a more glowing picture of triumphs over all opposing forces. The march of the nation westward, following the star of empire, has all the glories and aspirations of the vast domain into separate territories and their transformation into states and bringing them into the federal Union under one flag is the wonder of the world.

I should like to dwell upon such evidence of national prosperity. An American born, to enlarge the greatness, the power and prosperity of my country would be in strict accord with every high and ennobling aspiration of the mental being. But 200,000 miles of railroads, mines, factories, forests, great cities, forests and farms, standing armies, navies, gold and silver, banks, trusts, syndicates, plutocrats, do not compare, constitute a state of men who maintain their rights, and knowing, dare know their rights, and however great the sacrifice.

Our nation's physical greatness nor its fabulous wealth consists in the glory, nor yet its schoolhouses nor its churches. If amid splendid triumphs of what the world calls progress the work of the country are oppressed, robbed, degraded, shot down by vagabonds and imprisoned like felons, driven from decent habitations and forced into dens which wild beasts would not inhabit, then our civilization is savagery. Fair it may be to contemplate on certain points of observation and legislation for the masses a white supplanter, under whose captivating exterior exist abominations of which, if heaven takes cognizance, the eternal God must again repeat that he made man at all.

ITCHING AND SCALY

Dreadful Skin Disease 9 Years. Entire Body Covered. Doctors and Medicines Useless. Gave up as Useless. Cured by CUTICURA FOR \$4.75.

I feel it my duty to tell you my experience with CUTICURA. I have been troubled for over nine years with a dreadful skin disease. Where first I felt it, there appeared a few small red spots on my breast, and it kept on spreading slowly. I started a few days after the spots turned gray and began itching. I tried all the patent medicines I could think of, but nothing did me any good. I consulted several doctors. Yes, they would cure me in a short time, but there was no cure for me. I noticed your advertisement in the Tacoma Morning Globe, and I bought a box of CUTICURA. I used it for three days, and the itching stopped. I used it for three boxes, and the skin was cured. I am now as well as ever. I feel it my duty to tell you my experience with CUTICURA. I have been troubled for over nine years with a dreadful skin disease.
