THE COST IN WHEAT.

In the administration of Frankwas accused of severe economy -the total cost of the national government was not quite 40,-000,000 bushels of wheat per year. For the fiscal year 1865, during Utah which the government expended much more than in any other than 800,000,000 bushels, and 56 cents, and the market is noted as "dull." It cannot fall below 900,000,000 bushels in any event, or 30 per cent more than in the most expensive year of the civil J. H. BROWNING.
