The Klamath County Indians Seeking to Have Their Rights Established.

The reservation Indians, Klamath, Modoc and Snakes held a general council at Klamath Agency, last Thursday to discuss and take action regarding the road land grant, and boundary questions of said matters of contention.

The Indian agent, Dr. Patel, on the request of the Indians in stated briefly the objects of the council, after which Allen David who signed the treaty of 1864 as Reservation and the Indians, were for many years head chief of the Klamath tribe, was chosen to preside over the council and Jas. Willis, an educated Snake Indian, acted as its secretary. The road land tract takes nearly a hundred thousand acres of land within the reservation limits, to which the Indians had every reason to believe their title good. The government in justice to these people ought to settle with the road company, this acting in good faith with a people who have always been friendly to the United States, and in fact its allies in the wars with other tribes.
