borrowing from health.

If you have borrowed from health to satisfy the demands of business, if your blood is not getting that constant supply of fat from your food it should have, you must pay back from somewhere, and the somewhere will be from the fat stored up in

the body. The sign of this borrowing is thinness; the result, nervewaste. You need fat to keep the blood in health unless you want to live with no reserve force-live from hand to mouth Scott's Emulsion of Cod-liver Oil is more than a medicine. It is a food. The Hypophosphites make it a nerve food, too. It comes as near perfection as good things ever come in this

Be sure you get Scott's Emulsion when you want it and not a cheap substitute. Scott & Bowne, New York. All Druggists: 50c, and \$L
