RHEUMATISM, NEURALGIA, CATARRH, ASTHMA, HEADACHE

Hundreds of thousands of Sufferers cured without a single failure by "FIVE DROPS."

and their

marvelous cure

Though so universally used and tested did you ever hear anyone speak ill of this great remedy? No, you never did and never will, for if taken as directed and in the proper quantity "5 Drops" cannot fail to cure any of the diseases for which it is recommended. What it has already done to relieve the suffering is told in thousands of letters of grateful ptaise. Mr. J. P. Limeburner, widely known for many years as the special representative of the Populists and Free Silver Press of the United States, has kindly forwarded the foli., ung letter for publication:

DEAR SIRS—I am anxious for the sake of the suffering and out of gratitude to you to give my personal endorsement of your wonderful remedy. On the wih of January, 1897.
I was in Washington and was suddenly seized with an aggravated case of inflammatory rheumatism; so severe and painful was the attack that within 24 hours my left arm was paralyzed and I was only able to dress with assistance. I secured a bottle of 5 DROPS and took a dose that night, rubbing some on externally as directed. The following morning I was surprised to find myself immensely releved, and continuing treatment woke the second morning cured. My arm was absolutely free from pain, and all swelling and stiffness had disappeared. The quickness and completeness of my cure was remarkable. I have known for over a year of the great curative properties of your medicine and have several friends who have been cured by it of Neuralgia, Catarrh and Asthmawishing you every success and trusting that those similarly afflicted will at least give this remedy a trial. Sincerely yours

\*\*GURES THE INCURBABLE\*\*

CURES THE INCURABLE. CURES THE INCURABLE.

Dran Sirs:—I would like to thank you for your great remedy, "5 DROPS," and tell you what it has done for me. I had Rheumatism in every joint and in the heart, and I had Catarrh of the head for 30 years, I was so poorly that I lost the use of my legs and arms, and could not move without pain. I was so crippled, that I had done but little work for seven years, and our family physician, a good doctor, told me that my Rheumatism and Catarrh were incurable, and I believed him. But now, after using "5 DROPS" only two months, I can truly say I have not felt so well for seven years. This medicine does more than is claimed for it. At this time my Catarrh is much better, and I have scarcely any Rheumatism at all and the heart weakness and pain are gone. My hearing is now good and my eyesight is much better. I have gained more than 10 pounds of each and can do a full day's work. It is the best medicine I ever saw to give a mother who has a young child, for it has the same effect on the child as on the mother. It wards off Croup and cures the hives of the child and causes sweet and refreshing sleep to both young and old yours respectfully,

Jan. 29, 1896.

Kellems, asking if his endorsement was genuine, and received this regly, which he for marded us.

MR. J. J. WILSON.

DEAR SIR:—Your letter of recent date at hand, the testimonial you speak of is genuine.

The company who manufactures and sells "5 Drops" published my testimonial just as I gave it to them and every word of it is true, and I could swear to it and prove it by many witnesses. The company did not ask me for this letter, I sent it to them less January for publication in order that poor sufferers, incurable as I once was, and as you are, might be curred. Get "5 Drops" and use it and it will cure you as it has cured me. I have received many letters like yours, and it is a pleasure to me to answer all who write. Tell all your neighbors what I have written about "5 Drops." It know how to sympathize with those who are afflicted, for though I suffered so long, it is now 8 months since I wave feit any pain.

Dr. S. W. Kellems, my brother, uses "5 Drops" in his practice, and Joins me in endorsing this great remedy. He says for a case like yours it is a positive cure.

Sept. 21, 1896.
