Mr. Geer's Disappointment.

President McKinlev appointed T. T.

Oregon City to succeed R. A. Miller, upon recommendation of the Oregon delegation and the same day Geer printed an
open letter to McBride, Tongue and Ellis

Geer's disappointment is being variously Mrs. W. T. Van Scoy is visiting in Drain. Wm. Denny was over from Hornbrook Mrs. D. High For & Hildreth have ice in large or small

Geer's disappointment is being variously discussed through the state and many mugwumps are applauding Mr. Geer's action and lauding him as one "clean man" in dirty politics, etc. Geer has been a republican stump speaker for many years and has stunted his natural brains in setting forth the official dogmas of his party. While he is a gentlemanty person who has many personal friends Misses Grace Slocum and Mollie Cole visited Colestin Monday. Mrs. J. B. Hutch is visiting relatives at Redding and Vina, Cal.

Mrs. Chas. Milton has returned to Medperson who has many personal friends ford from her eastern visit. his latest act places him in the light of a martyr. This is an unenviable attitude to a college at Topeka, Kan. martyr. "For some time I suffered with great weakness and was not able to walk. I could not sleep nights and did not have any appetite. One day a friend advised me to take Hood's Sarsaparilla and I did so. The work on the church was at a stand-still, although the nearest church was a Central Point. This does not speak very well for the future of Gold Hill. The interests of the great northweseern transportation companies and of the gold seekers are one and the same. A tremendous country is to be developed and civilized up there in a very short time. Dawson City itself is only 200 miles north of St. Petersburg, and the climate is milder than that of the Russian capital, owing to the influence of warm currents from Japan. St. Petersburg has 1,000,000 inhabitants. Undoubtedly, therefore, Dawson City and all the adjacent region will in a very short time be covered with railroads and other roads. One transportation company is already building a great hotel at St. Michael's, at the mouth of the Yukon, to accommodate the miners who must stay there this winter. The transportation companies will find it to their interest to report the exact facts in regard to climate, etc., in the gold region. Nothing else-no boomer nonsens

The Alaskan Indians have an idea of their own as to the fate of the wicked link between Lake Wawa and the rest after death. They appear to believe that the souls of those who have done much evil on earth are, after the death of the body, no longer able to retain their individuality, but are scattered through the universe and dispersed into specks | has done. and motes of life. What existed as one wicked soul appears in the form of thousands of noxious insects and infinitesimal vermin to torment the inhabitants of the earth. Accordingly these Indians call the terrible fly which is such a pest in the gold regions a native name that signifies in English "evil spirit come back for revenge." The idea is a strange and poetic one.

Mr. Lincoln Nelson, of Marshfield, Mo., writes: "For six years I have been a sufferer from a scrofulous affection of the glands of my neck, and all efforts of physicians in Washington, D. C., Springfield, Ill., and St. Louis failed to reduce the enlargement. After six months' constant treatment here, my physician urged me to submit to a re moval of the gland. At this critical moment a friend recommended S.S.S., and laying aside a deep-rooted prejudice against all patent medicines, I began its use. Before I had used one bottle the enlargement began to disappear, and now it is entirely gone, though I am not through with my second bottle yet. Had I only used your S.S.S. long ago, I would have escaped years of misery and saved over \$150."

This experience is like that of all who suffer with deep-seated blood troubles. The doctors can do no good, and even their resorts to the knife prove either fruitless or fatal. S.S.S. is the only real blood remedy; it gets at the root of the disease and forces it out permanently.
