Ozark country. It originated, says the St. Louis Globe-Democrat, with old Uz Findley and John Carter. The Findleys came from Georgia. Old Uz took a great interest in politics, and wherever he went he was followed by arrived there. a venerable negro named Bosen, whose duty it was to steer his master home ward when he needed help. At one of the early elections old Uz and John ed to prison for life. Carter became very angry at each other. It looked as if nothing but a fight could settle the issue between them, when suddenly old Uz shouted: "Mr. Carter, stand and be cussed." Carter removed his hat, walked out about ten paces from the crowd and told old Uz to go ahead. Findley removed his hat and, walking out in front of Carter, said, with deliberation and emphasis: 'Mr Carter, if this earth was one piece of parchment and the sea one basin of ink, and every quill upon earth was one quill, and I had the power to use that quill, that parchment and that ink, I would fall short, sir, of being able to describe the corruption of your old heart, sir." Carter said never a word. but stood with uncovered head until Uz was through. Then he said: "Mr. Findley, stand, sir, until I cuss you." Old Uz bowed his head and Carter said: "Mr. Findley, had I all the talents ever produced in Europe and America com-bined in solid phalanx, and was to un-

fall short of describing the corruption of your old heart, sir." This settled the difficulty. The two men resumed friendly relations. The custom of "cussin' out" was thus introduced in the Ozark country.

CONSULTING THE CLOCK.

Familiar Faces That Are Seldom Over-looked by New Yorkers. One of the popular habits of the ple of this city is to consult the clock almost on every occasion when an opthat consultation or not, the clock will San Francisco, in April. 1895. The the case if a particular clock has the reputation of being a good timekeeper. So well is this known by many store-keepers that they will place clocks in their stores so situated as to be easily seen by persons who may be passing along the adjacent sidewalk. clock has a good reputation and the pedestrian is fortunate enough to carry a watch, a comparison is almost sure to be made.

> Many times a clock with a good repu tation placed in the back part of a store becomes a protection thereof, especially at night, if near it is located a light strong enough to illuminate its face and show the time. A policeman told a Mail and Express reporter the other day that a good clock, thus situated, is etter than a private watchman for a jewelry store, as every belated passer-by is likely to look through the store to see what time it is, and would be almost certain to notice anything unusual in the appearance of the place. It therefore becomes indirectly a silent watchman guarding the premises against the depredations of burglars, and makes the pedestrians, as it were,

Church clocks have always had large number of patrons in the work of When an event of this character the fact of the clock being stopped, or that some defect appears to exist, is often made the subject of a notice in the daily papers. Especially was this the case when the steeple of old St. Paul's was recently undergoing rend vation, and it was a joy to many o noticing that the newly gilded hands of the clock were again traveling along toned bell was ready to strike the hou

ENGLISH MILITIA.

Artillery Which Might Well Be Imitated Here. Numerically, England has a militia force which is far ahead of that of America, though it is to be remembered that the United States has a volunteer reserve of able-bodied men who could be called out in case of an emergency This reserve consists of 7,000,000 or 8, 000,000, and it has been shown that i can fight. Rather.

There are, however, says Leslie's Weekly, many points about the British volunteer militia which it seems to me might be incorporated in our own serv held there in honor of the completion ice. They have, for instance, what is of the road. reached the enormous number of 46,000 men, and which is as thoroughly trained in rifle exercises, marching, drilling and the handling of big guns a the regulars of our own army. The artillery regiments are composed to large extent of men in the laboring classes, officered by "gentlemen of leisure," who go into the militia from

motives of patriotism. the artillery go to the nearest forts for target practice. Every year big de-tachments from each battalion go to Shoeburyness and shoot for prizes with 18 or 24-pounder guns at ranges varying from 1,000 to 3,000 yards. C. J. EDDY, General Agent. PORTLAND ORECON. The Fleckenstein

Evaporator. SIMPLEST.
CHEAPEST.
EASIEST TO OPERATE.
NO SHIFTING OF TRAYS.
DRIES AT LOWEST COST.
NO WASTE OF HOT AIR.
PERFECT CIRCULATION OF AIR.
NO BURSTING OR DRIPPING.

Can be built for the largest or smallest Orchards. Evaporates Prunes, Apples, Peaches Pears, Berries, Cherries, Grapes, Apricots, Vegetables, Etc.

The trays are put in at the top where the temperature is the lowest and the gradual approach to a higher temperature ripens the fruit and makes it sweeter, while the rapid and uniform circulation of air dries the fruit very fast.

For particulars or prices, call on or address.
