SAMS VALLEY.
The unusual heavy frost of last week did much damage to the late peach crop. Ed Shipley had in his orchard one thousand trees heavily laden with peaches which he had sold at two cents per pound. Just as they were getting ready to gather the frost caught them and caused them to drop. The heavy rains have started some of our farmers to plowing. Although the ground is full wet and heavy in many places the farmers had better work their land now than take chances on the spring weather. Quite a number of our farmers have their corn to gather yet and the ground in the corn fields is very wet and muddy which makes it very disagreeable. Yet it was not the fault of the farmers that they did not harvest their corn in dry weather. Corn did not ripen as early as usual, and the unusual heavy frost and the immediately setting in of the heavy rain prevented them from getting it gathered in good weather.
John Sizemore returned one day last week from Crook county.
There are a number of Klamath county people in the valley waiting for the weather to clear up so they can get home. If we don't get it in a hurry and just wait till next June in our opinion they will have a fine journey across the mountains and not get tired.
Several of our riders are in the mountain trails hunting the buck and hunting wren. The buck may escape but the better wren's escape getting a writing.

Last week a man named Joseph Huff, a German, aged about 44 years, lately from Nebraska, and a resident of Roseburg, Oregon, met with a very bad runaway accident on the grade somewhere between Ager and Klamath, by which his leg was broken in three or four places. He was found by the section hands on the side of the road a short distance north of Ager, the horse having come to Laird's, while the buggy was all broken to pieces and scattered along the road. He was taken to the county hospital at Yreka.

There's always hope while there's one Minute Cough Cure. "An attack of pneumonia left my lungs in bad shape and I was near the grave. After consuming one Minute Cough Cure completely cured me," writes Helen McHenry, Roseburg, N. D. "Gives instant relief." Eugene A. Sherwin.
"Walk-in" Miller and his whiskers will be one of the attractions at the Modoc county teachers' institute next week. So near the lava beds Joaquin may have pleasant dreams of happy days gone by. -Lakewood Examiner.
The last term of circuit court held in Lake county certainly speaks well for the people of the county. The jury men were discharged the first day of court, and the judge and lawyers were compelled to quit for lack of something to do. -Lakewood Examiner.

The New Train Mail Explained.
Postmaster Geo. McGie gives out the following explanation in regard to the new train mail service:
The mails on the night trains, arrive at the depot at 11:30 p. m. from the north, and from the south at 2:30 a. m. such eastern mail as misses the train leaving Portland at 7 p. m. arrives here by the night train, so does the local mail between Portland and Grants Pass, but we receive no local mail from points this side of Grants Pass, nor do any points between here and Grants Pass receive any local mail from this way. The night trains, as no mail clerks run this side of Grants Pass, the clerks pushing to this office such mail as they receive from Portland and Grants Pass, the same is true on the other end, as no clerks run on the night train this side of Dunsuir. The clerk running to Grants Pass on the night train, carries this office to him, and the mail from this office for any points is taken to Castella and given to train No. 16 coming north, by No. 11 going south. The mail on the night train, the mail for points south of Ashland this side of Dunsuir (except Grants Pass and Coles) will reach its destination from one to two hours earlier than if it left here on the morning train. But if the south bound train be delayed, the mail will be delayed, and mail forwarded as above indicated is likely to reach its destination 24 hours late.

To the Honorable Jackson Co. Populists.

Pursuant to call issued by Grant Rawlings, chairman of the regular People's party county central committee, a number of prominent populists met at Wall's Hall Saturday afternoon. An effort toward uniting the populists of Jackson county by a general convention was made, after considerable discussion, by the adoption of the appeal call for a conference, the delegates to this conference to be elected Nov. 25th, and the conference to be held at Medford Dec. 2d, a representative of each wing of the two organizations to constitute the conference.

This plan became necessary because there is no union, or fusion, county central committee or chairman to co-operate with the populists in their efforts to secure their rights and to secure their rights and to secure their rights. They only appointed a joint campaign committee with the democratic and free silver republican parties and that joint committee's function died with the end of that three cornered campaign. The populists are not interested in their individuality or in the Australian ballot by reason of fusion, it is said.

This leaves Grant Rawlings as chairman of the people's party county central committee. The conference, however, will be held and can run its own affairs. Chairman Rawlings represents the readers, and the secretary, Rev. J. S. McCain, represents the unionists, or fusionists.

To the Populist voters of Jackson county: We, the national executive committee of the People's party, do hereby call for a general convention of the party to be held in Omaha, Nebraska, June 15 and 16, 1899. Senator Marion Butler, national president, presiding, and the following resolutions, to wit:
Resolved: That we, the national executive committee of the People's party, declare that in no nation or territory shall be made for fusion or co-operation shall be made or entertained by the national executive committee or by our national chairman or our national officers.

Second, That our national executive committee, chairman or national officers, shall not give any advice in favor of or against fusion or co-operation in any state or local affairs unless officially requested by the properly constituted authorities and then only in the name of the party.

Third, That in the future form of local self government for our party, we direct that our national executive committee, chairman and officers shall not interfere in any state, local or congressional campaign unless requested by the properly constituted authorities and then only in favor of regular Populist candidates.

Fourth, That at the national convention, to be held in 1900, at least one month before the other two national conventions, the delegates are to be chosen on the basis of the highest regular Populist vote cast in 1899 or since that time.

Fifth, That we direct the national secretary in sending out referendum votes to the national committee to present both wings of the party and to be sufficient only to give a clear understanding of the motion.

Now, therefore in pursuance of said resolutions, the People's party of Jackson county, in meeting assembled, both wings of the party being represented, respectfully ask that the members of both wings of the party who are present at the meeting on the 25th of November, 1899, at 1:30 o'clock p. m. and elect one committee man from each wing of the party, to meet in Medford, Oregon, on the 25th of November, 1899, for the purpose of harmonizing all differences among Populists, and uniting them under one head on the recognized principles of the People's party.

Signed: GRANT RAWLINGS, chairman, J. S. McCain, secretary, Medford, Oregon, October 21, 1899.
On Easy Terms.
We are offering the lots in the Carter Land Co. at such a reasonable price and on such easy terms that those who are paying rent should look them over. A small payment down and easy monthly payments will secure you one of the best locations in Ashland or Grants Pass.
British Army Fanned Up by Boers.
Ladysmith, October 24, 9 p. m. - Information received yesterday showed that the Boers had established themselves in considerable numbers to an exceedingly good position on the north and south leading from Ladysmith to Dundee. The Dundee force, formerly commanded by General Buller, and since his wounding, commanded by General Buller, was falling back on Ladysmith by way of the Helpmakkor road, both the valleys of the Orange and Sunday rivers, and was expected to report at Sunday River valley today. General Buller's command therefore moved out to cover the movement of the Dundee force. A force of 1000 men was discovered about seven miles out of Ladysmith in a position of great natural strength west of the road. When he saw the Dundee force he was being man against him he opened fire with one gun with great accuracy.
General Buller's artillery soon got into the position and the gun was silenced. His troops were ordered to occupy a strong ridge parallel to the enemy's position but nearer to the road. The Dundee force made efforts to occupying him but his hard effort to prevent his taking action against Yule's column. Dundee's force was ordered to the west of the ridge and practically ceased at 2 o'clock.
London, Oct. 25. - The latest War Office dispatch seems to realize the worst fears of the Dundee force. The Dundee force, which was ordered to occupy the Dundee, but Glencoe also, and so far as present news would indicate, he has neither joined General Buller nor reached the Dundee force. The Dundee force, under the command of General Buller, is still in the Orange Free State troops on the west now occupy strong positions and that nothing hinders the Boers from following up General Buller's retirement and concentrating around Ladysmith from the southeast. Until reinforcements arrive it seems that General Buller is obliged to concentrate around Ladysmith.
It is believed that the Government have other dispatches that have not yet been published.

On this 25th day of July, 1899, appeared before me, a Notary Public within and for the State and County above named one of W. W. Sutton, who being duly sworn, made the following statement:
My daughter, who was a student at the State Normal School, one night while studying felt a pain in her hand which soon extended to the arm. The next day she went to school and during the day she lost the use of her arm and it became swollen and the teachers sent her home, leaving blood-poison. When she arrived home I took her to Dr. Sutton's office where he applied "Snap Shot" liniment and within twenty minutes of the first application, the swelling was gone down, the pain was gone and the spotted appearance left it, and she has never had the least trouble with her arm since or a recurrence of the pain.
