

A SMALL SPOT MAY BE A CANCER.

MOST VIOLENT CASES HAVE APPEARED AT FIRST AS MERE PIMPLES.

The greatest care should be given to any little sore, pimple or scratch which shows no disposition to heal and which does not promptly return, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

Mr. Wm. Walpole, of Waltham, S. D., says: "A little blotch about the size of a pea came under my left eye, gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure effected by S. S. S., and decided to try it. It acted like a charm. The Cancer becoming at first irritated, and then discharging freely. This gradually grew less and then disappeared altogether, leaving a small scar which soon dropped off, and now only a healthy little scar remains where what threatened to destroy my life once held full sway." Positively the only cure for Cancer is Swift's Specific.

S. S. S. FOR THE BLOOD

—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because the blood can not be cut away. Insist upon S. S. S.; nothing can take its place.

S. S. S. cures all cases of Scrofula, Eczema, Contagious Blood, Poison, Ulcers, Sores, or any other form of blood disease. Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.

WASHINGTON, D. C.

JACKSON CO. POPULISTS.

OMAHA PLATFORM—1892.

FINANCE—We demand a national currency, safe, sound and flexible, issued by the general government only, a full legal tender for all debts, public and private, and that without the use of banking corporations, a just, equitable and efficient means of distribution direct to the people, at a tax not to exceed 2 per cent. per annum, to be provided as set forth in the sub-treasury plan to the Farmers Alliance, or a better system, also by payments in discharge of its obligations for public improvements.

1. We demand the free and unlimited coinage of silver and gold at the present ratio of 16 to 1.

2. We demand that the amount of circulating medium be speedily increased to not less than \$50 per capita.

3. We demand a graduated income tax.

We believe that the money of the country should be kept as much as possible in the hands of the people and hence we demand that a State and national revenue shall be limited to the necessary expenses of the government economically and honestly administered.

4. We demand that postal savings banks be established by the government for the safe deposit of the earnings of the people and to facilitate exchange.

TRANSPORTATION—Transportation being a means of exchange and a public necessity, the government should own and operate the railroads in the interest of the people. The telegraph, telephone and postoffice system, being a necessity for the transmission of news, should be owned and operated by the government in the interest of the people.

LAND—The land, including all the natural sources of wealth, is the heritage of the people and should be monopolized and controlled by the people, and no ownership of land should be prohibited. All land owned by railroads and other corporations in excess of their actual needs, and all lands now owned by aliens should be reclaimed by the government and held for actual settlers only.

ST. LOUIS PLATFORM—1896.

FINANCE—First—We demand a national money, safe and sound, issued by the general government only, without the intervention of banking corporations, a full legal tender for all debts, public and private; a just, equitable and efficient means of distribution direct to the people, and through the land, disbursements of the government.

Second—We demand the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1, and without waiting for the consent of foreign nations.

Third—We demand that the volume of circulating medium be speedily increased to an amount sufficient to meet the demands of the business and the population of this country, and to restore the just level of prices and labor production.

Fourth—We denounce the sale of bonds and the increase of the public interest bearing debt, made by the present administration, as unnecessary and without authority of law, and we demand that no more bonds be issued except by specific act of congress.

Fifth—We demand such legislation as will prevent the demonetizing of the lawful money of the United States by private contract.

Sixth—We demand that the government, in payment of its obligations, shall use its option as to the kind of lawful money in which they are to be paid, and we denounce the present and preceding administrations for surrendering their obligation to the holders of government obligations.

Seventh—We demand a graduated income tax, to the end that aggregate taxation, and we demand that the decision of the supreme court, relative to the income-tax law, as a misinterpretation of the constitution, and we demand that the rights of power of congress on the subject of taxation.

Eighth—We demand that postal savings banks be established by the general government, for the safe deposit of the savings of the people and to facilitate exchange.

TRANSPORTATION—First—We demand that the government should own and operate the railroads in the interest of the people. The telegraph, telephone and postoffice system, being a necessity for the transmission of news, should be owned and operated by the government in a manner consistent with sound public policy.

Second—The interest of the United States in the public money and the proceeds of extensive grants to the Pacific railroads should never have been alienated, mortgaged or sold, but guarded and protected for the general welfare as provided by the laws of the general government, which result in the impairment, if not the destruction of the political rights of the citizen.

Third—We denounce the present iniquitous schemes for refunding the said debts, and demand that the laws now applicable thereto be extended and administered according to their true intent and spirit.

Fourth—The telegraph like the postoffice system, being a necessity for the transmission of news, should be owned and operated by the government in the interest of the people.

Fifth—The trust policy demands that the national and state legislation shall be such as to enable every prudent and industrious citizen to secure a home and, therefore, the land should not be monopolized for speculative purposes. All lands now held by railway and other corporations in excess of their actual settlers only, and private land monopoly, as well as alien ownership, should be prohibited.

Second—We condemn the frauds by which the land grants to Pacific railroad companies have, through the connivance of the interior department, robbed millions of bona-fide settlers of their homes and mines of their claims, and we demand legislation by congress which will enforce the exemption of mineral land from such grants after, as well as before, patenting.

Third—We demand that bona-fide settlers on all public lands be granted free homes, as provided in the national homestead law, and that no exceptions be made in the case of Indian reservations when open for settlement, and that all lands now patented come under this demand.

DIRECT LEGISLATION—We favor a system of direct legislation through the instrumentality of the people.
