"We now occupy all the hills to the right of Colenso, on this side of the Tugela, including Hlangwane, which the Boers evacuated last (Sunday) night. This capture of Hlangwane hill is of great strategical importance, as the hill commands the flank of the Boer defenses at Colenso. A successful advance and the recapture of the railway may be expected.

Gen. Cronje, after being in the British trap on Modder river near Paardeburg for several days, was compelled to uncon-ditionally surrender early Tuesday morning. Is Baby

If so, there must be some trouble with its food. Well babies are plump; only the sick are thin. Are you sure the food is all right? Children can't help but grow: they must grow if their food nourishes them. Perhaps a mistake was made in the past and as a result the digestion is weakened. If that is so, don't give the baby a lot of medicine; just use your every-day common sense and help nature a little, and the way to do it is to add half a teaspoon-

SCOTT'S EMULSION

to the baby's food three or four times a day. The gain will begin the very first day I you give it. It seems to correct the digestion and gets the baby started right again. If the baby is nursing but does not thrive, then the mother should take the emulsion. It will have a good effect both upon the mother and child. Twenty-
