BOILS AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefitted, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

Baneful Boils **Dangerous Carbuncles**

Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disfiguring diseases.

S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter.

Mr. R. M. Pratt, Cave, S. C., writes: "For twenty years I was sorely afflicted with boils and carbuncles caused by impure blood. It is impossible to describe my suffering; part of the time being unable to work or sleep. Several doctors treated me, and I tried all the so-called blood remedies, but nothing seemed to do me any good. During the summer of 1888 I was persuaded to try S. S. S., and after taking several bottles was entirely cured, and have had no return of these painful pests up to the present time."

S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine.

S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order.

CHEWED A DIAMOND.

A Pug Dog Mangled the Gem Until It Was Necessary to Have It Recut.

Allegheny, Pa., has produced the champion dog story of the season. It is a champion dog because it chewed the corner off a diamond stud. Peter Donaldson, a Second ward saloonkeeper, is a little sore over the loss on his diamond, for it was damaged so that it had to be recut; but he can't help feeling proud of a pug dog with such powers in its jaws, says the Pittsburgh Press.

The story is told by August Loch, a jeweler on Federal street, Allegheny. Donaldson walked into his store one day lately with a diamond that he wished reset. Mr. Loch took the stone, and on examining it found it was cracked. He told Donaldson, who gave the following explanation:

A few days ago Donaldson left his diamond stud, a beautiful two-carat gem, on the dresser and went into an adjoining room. When he came back he noticed his pet dog chewing something and saw that his diamond was missing. Upon investigation he found the dog had got it and crushed the mounting out of shape. After some time he succeeded in taking the diamond out of the dog's mouth, and at his earliest convenience started to have it reset.

Mr. Loch then examined more closely and discovered the dog had bitten a piece from the stone and damaged it badly. Donaldson was certain the stone was perfect before the dog got it in his mouth. He could scarcely credit the jeweler's statement until he saw it through a magnifying glass. Telling of the matter the other morning, Mr. Loch said: "I have been in the jewelry business for 35 years, and it was the first time I ever heard of such a case. The diamond was a beauty and to all appearances as hard as the ordinary diamond. One corner, however, about one-fortieth of a carat, had been bitten off by the dog. The dog that can bite pieces off a diamond is a wonder."

The stone had to be recut and set, and that cost a fair sum.

There is a great moral in this case, too. It demonstrates the fact that a pug dog has more power in his jaws than the average person imagines, and the moral is that people should keep their gems out of their pets' reach.

The news of Donaldson's dog chewing up a diamond is widespread in Allegheny, and every person wants to see the dog that has eclipsed all his canine friends. The case is being talked about everywhere, and all claim that Allegheny leads the country with the sensation.

A Big Map.

At the Paris exposition the city of New York will make an exhibit calculated to enlighten as well as to interest those who visit it. It is to be a great relief map of New York, 50 feet square, prepared under the direction of the city engineer. It is expected to cost $10,000. The new library building on Fifth avenue, Gen. Grant's tomb, and the statue of Liberty will be shown, as will sectional models of some of the greatest structures and "sky-scrapers" in the city, together with models of the best sailing and steam yachts. The commission also hopes to secure models of a typical ferryboat, a fireboat, and the best river steamers.—Youth's Companion.

American Doctors in Germany.

ARMY TRAINING CAMPS.

Bill Introduced in Congress Providing for Four Permanent Sites for Benefit of National Guard.

It is probable in the near future that four permanent camp grounds, to be used for the instruction of the regular army and the national guard, will be established in this country. They will be equally divided between the north, south, east and west. Senator Hawley, chairman of the military committee, has introduced a bill directing the secretary of war to cause preliminary examinations and surveys to be made for the purpose of selecting sites with the view to the establishment of permanent camping grounds. They will be fully equipped and fitted with all modern appliances. The secretary of war is authorized to detail officers of the army to carry out the provisions of the act, for which $10,000 is appropriated. This measure is in line with recommendations made by the secretary of war, and it was drafted by Senator Hawley after consulting with Secretary Root. A similar measure will be presented in the house and an effort made to put it through at once.

Small in size and great in results are DeWitt's Little Early Risers, the famous little pills that cleanse the liver and bowels. They do not gripe. EUGENE A. SHERWIN.

A STRANGE ESCAPE.

Two Girls Jump Four Stories, Unhurt, Into the Arms of Passing Soldiers.

A miraculous escape from death by fire is reported from St. Petersburg, Russia. Lindgren's chemical and dye shop caught fire and so quickly did the flames spread that the escape of the two daughters of the janitor was cut off. Before ladders could be hoisted the girls jumped from the fourth story and were caught unhurt in the arms of two soldiers who were passing.

A Church-Going Community.

The religious census of Lehighton, just completed, shows a population of 4,350. Of this number, says the Wilkesbarre Record, 1,843 attended Sunday school and 2,128 are communicant members of the various churches of the town. This leaves only 347 non-church-goers, and Lehighton people think no other town in the state can claim such a good record.

A Fusillade of Snowballs.

Berlin's schoolboys have been stirred to unusual lawlessness by this winter's snow. After Prince Henry's reception hundreds of boys in the Lustgarten began by snowballing omnibuses and carriages and then attacked people walking on foot. They bombarded the doors of the museum, which had to be bolted, and drove off the mounted and the park policemen. The reserve had to be called out to disperse the boys.

Might Have Done Better.

Five men robbed the safe of a New York restaurant in broad daylight and secured only $1,300. If they had understood the restaurant business, says the Buffalo Express, they would have gone through the pockets of the waiters and got something worth while.

Starvation never yet cured dyspepsia. Persons with indigestion are already half starved. They need plenty of wholesome food. Kodol Dyspepsia Cure digests what you eat so the body can be nourished while the worn out organs are being reconstructed. It is the only preparation known that will instantly relieve and completely cure all stomach troubles. Try it if you are suffering from indigestion. It will certainly do you good. EUGENE A. SHERWIN.

Colonel Thomas P. Ochiltree has written an article settling the political status of Cuba. This of course ends all controversy. Many people will be glad to know that the troublesome matter is at last disposed of.

Some of the baseball teams of the National league bear quite a striking resemblance to New Zealand. There are never any strikes in New Zealand.

A Business Proposition.

A successful business career cannot be achieved without sound health. The business man should guard his health as he guards his capital; for health is part of his capital and the impairment of that capital affects every business interest. A sedentary occupation and quick lunches, soon show their effects in a sluggish liver. The use of Dr. Pierce's Golden Medical Discovery will cure "liver trouble" as well as indigestion and other diseases of the organs of digestion and nutrition.

The "Discovery" strengthens the body by supplying Nature with strength making materials. It contains no whisky, alcohol or other intoxicant.

"After three years of suffering with liver trouble and malaria," writes Mr. Edward Jacobs, of Marengo, Crawford Co., Indiana, "I gave up all hopes of ever getting stout again, and the last chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I am stout and hearty. It is due entirely to your wonderful medicines."

Dr. Pierce's Pleasant Pellets assist the action of "Golden Medical Discovery."
