

The Absolutely Pure
BAKING-POWDER

is the baking powder of general use, its sale exceeding that of all other baking powders combined. Royal Baking Powder has not its counterpart at home or abroad. Its qualities, which make the bread more healthful and the cake of finer appearance and flavor, are peculiar to itself and are not constituent in other leavening agents.

Great efforts are made to sell pure baking powder. The price is so low that many cents a pound cheaper than Royal. The adulterated powder is an admission that they are inferior. But pure powder contains a corrosive poison and should not be used in food, no matter how cheap.

MINING ITEMS.

Grants Pass Journal.]

L. L. Jewell, one of the owners of the Mountain Lion in Missouri Flat, informs us that they have struck the ledge again after a year of hard work. The pay shoot is 4 feet between walls, one-half quartz, and goes from \$30 to \$60 a ton.

J. C. Elder of Waldo, who sold the Elder copper property to Gunn & Co., of San Francisco, was in town Tuesday and Wednesday. From him we learn that Gunn & Co. have struck a 7-foot vein of ore. Mr. Elder, since selling this claim, is developing another one on his property which he thinks will be valuable.

A. F. Nelson, of the Eureka mine, returned the first of the week from Ashland. From him we learn that the Ashland mine near Ashland, has struck an immensely rich body of ore on their property. They are now down some 600 feet and the vein is 6 feet wide and goes over 600 feet on average one-half fine gold and one-half in concentration.

The Victor Jr., mine in Josephine county will add 5 more stamps to their 10-stamp mill.

WIMBER.

The late rain did much good.

John McCarver was doing in the "Pass" yesterday.

W. A. Van Goethem made a business trip to the "Pass" yesterday.

J. E. Meade was attending to business matters here one day this week.

John Hill and family of "Green Flat" were seen on our street yesterday.

Miss Laura Carter is working for Mrs. W. A. Van Goethem at present.

Joshua Neathamer wears a broad smile this week. Wonder what is the cause?

Joe Manifold was seen on our streets one day this week. He reports mining as being rather dull.

Mrs. O. H. Biers, we are sorry to chronicle to quite sick this week. We trust that she will soon recover.

Prof. E. L. Ledbetter closed his school and has gone to Ashland to reside. He will probably open up a law office there soon.

There will be a celebration here this year. Everyone is cordially invited to attend and bring well filled baskets. There will be horse races, bicycle races, foot races, jumping, baseball game and all kind of sports. All winners in races, etc., will receive prizes. A grand ball will be given at night. Tickets including supper \$1.25.

A baseball team has been organized here with the following members: William Laws, catcher; W. Wright, pitcher; John McCarver, short stop; R. Swope, 1st baseman; George Young, 2nd baseman; Earle Young, 3rd baseman; Robt. Brookhart, right field; Miles Carter, center field; Frank Myers, left field. These gentlemen by a little practice will be able to play an interesting game and expect to send out challenges in a short time.

WIMBER, JUNE 19, 1900.

Emil Holden, athletic club president, training man and saloon, plans to go to Upper Soda Springs on a pleasure and health trip.—Redding-Schlicht.

Do You Cough?

"I guess I used to be like everybody else. When I caught cold, I just let it alone, thinking it would cure itself in a few days; afterwards the coughing and spitting of mucus sometimes lasted several weeks, but after a while the trouble would subside. I always noticed, however, that each cold was worse than the one before. My throat seemed to get weaker and the least change in the weather started the coughing again. The last cold was the most severe of all. I was really alarmed. Cough drops and home treatment did no good. A friend told me about Acker's English Remedy. I got a bottle, and you never saw me coughing the way I acted. Before the bottle was gone I was well. My throat felt as strong and well as could be. Since then I have had no more colds. I think Acker's English Remedy so strengthens the delicate lining of the throat that it easily resists the changes in temperature, and builds up the constitution as well."

Helman's Natorium Opened.

Grant Helman has opened his new natorium and bath at the white sulphur springs in Helman's del, the water of which have a wide and popular reputation as affording the finest and cleanest bath of any waters on earth. The new building covering the swimming rink is 40x50 feet running around on the side are 30 neat dressing rooms, and a lunch room 16x24 feet. The rink is 30 feet wide and 80 feet long and the depth of the water runs from two feet steadily to seven feet. The rink is all made of gray sandstone from A. D. Ferguson quarry and the work which is first-class, was done by him. The rink is fitted with the necessary equipment and a five foot stone walk runs all around the water pond. Connecting with this part of the building is a reception room 20x20 and six bath rooms 20x24, above which, are five sleeping rooms. The boiler room, suit counter, etc., occupies 14x20 feet. The bathing suits are black knit jersey cloth.

The handsome grounds of shrubbery and flowers look well with the buildings and rink and the whole makes a very creditable showing for Ashland in its new era of development and progress.

Another Trainman Killed.

Saturday afternoon another railroad man was the victim of the series of accidents that befall that class of workers. As the north bound freight was preparing to pull out of Grants Pass about 1 o'clock, Conductor Gregory in charge, Brakeman H. W. Brand, in attempting to get on the box car ladder between the first box car and engine, fell. The car wheels ran over him cutting off his right arm at shoulder and right leg below the knee. Dr. Kremer dressed the wounds and the victim was taken to the hospital. He was a young man 21 years of age and lived at Roseburg where his parents were to take the train with him. As the engine and caboose was over from Roseburg's station this side of Roseburg at 6:30 p. m. Young Brand died. The remains were taken to Roseburg and the funeral took place Monday under the auspices of Philanthropic Lodge, I. O. O. F. of which he was deputy postmaster at Roseburg before going to work on the road and was well-liked by all who knew him.

Bernard McArthur, the boy who was recently shot at Rock Point, is improving in chances favorable to his recovery. The fact that his heart is on the right side of his body instead of on the left, where it should be, probably saved his life as the ball passed through the region usually occupied by the heart.

Dr. Van Dyke of Grants Pass, who was called to see him, says this phenomenon undoubtedly saved him from speedy death.

Pendleton East Oregonian: Misfortune to the wheat farmers of the Red River valley, in the form of a drought, promises to pay a big dividend to the farmers of the Pacific Northwest. It is an ill wind that blows no one any good.

If the drought in Minnesota and the Dakotas give the farmers of the Inland Empire an increased price for their wheat it is a result that should not be complained of by any great amount of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. W. Wilson, Livermore, Berksford, Washington, Pa. TOSPY GRADE ROBBERIES RECALLED.

The Released Convict Frick Wants to Live Down the Past.

Lakeview Examiner.]

Adolph Frick, the man who a few years ago made matters lively for Wells, Fargo & Co. on the line between Lakeview and Klamath Falls, was recently released from the Oregon penitentiary and made his appearance in Lakeview last Thursday. Since his release he has been working for the French-Glen stock firm, and later for Cox, the sheep man. It will be remembered that Frick, about four years ago held up the stage on Topsy grade with a wooden gun—at least it was said at the time that he did so—and when officers got on his trail and pursued him closely he did not forget his sense of humor, but yelled back to his pursuer who told him to surrender and then fired upon him. "Nay! nay! Pauline!" He was "winged" as he puts it, at any rate a bullet struck him in the arm. The persistent efforts of somebody to capture the hard stuff in Wells, Fargo & Co.'s strong box was the cause of that company discontinuing the express offices in the towns between Lakeview and the Southern Pacific railroad line.

Frick denies that he held up the stage last Thursday. The fact that he made it appear so to the officers. In fact it always has been believed that Frick was really the tool of designing persons, who were themselves the real culprits and highwaymen. It always has been thought, in fact known, that the man who held up the stage with the "wooden gun" was released from the Klamath Falls jail by interested parties and was told where the cache was located and made good his escape after capturing Frick and procured the reward of \$300.

Frick, since his release from prison, declares that he will never divulge the names of the parties who assisted him to get out of jail, and who were interested with him in other criminal proceedings.

While in Lakeview last week he spoke freely of past events, and announced to those who once knew him here that he had been once in the penitentiary and that he had "all he wanted of criminal life" that he was now making a honest living and was trying to live down the past.

Lakeview dispatch, June 23: Adolph Frick, the notorious stage robber who was recently released from the Oregon penitentiary, for the past week has been making his headquarters in Lakeview, and seems to be looking for more worlds to conquer. Frick has been jailed twice since his arrival in Lakeview.

An Original Idea.

Mrs. Ezerion, an English lady, who did nursing work in Dawson City, carried out an original idea in London, which greatly benefited the C. P. R. people. Mrs. Ezerion had been much struck by the scenery along the line of the C. P. R., as well as the fact that the company rendered across the Continent, and she determined to do the folk in England know something about both. For this purpose she availed herself of a fancy ball at Co. P. R. in a highly striking manner. The lady's hat was trimmed in a manner to show the C. P. R. flag in color. Her cape set forth Lake Superior, Lake Ontario and the Rocky Mountains, while the front of her dress was decorated with a map of the several Provinces constituting the Dominion. The tout ensemble, as the ladies remarked at the time, was wonderfully striking and impressive and gave at a glance an idea of a country of which Londoners, previous to the jubilee knew very little. Mrs. Ezerion, as Mr. Baker, the C. P. R. agent in London, pointed out, did all this for her own hat and solely with the patriotic view of making Canada known. The lady is coming out again, probably this summer, when she will make an extended tour of the country. Photographs of Mrs. Ezerion in her costume are at the general offices of the C. P. R.

John S. Hudson, a printer, was run over by a train at San Bernardino and killed.
