# SOPES and UICEPS SYSTEM, VALLEY RECORD. The People's Paper

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years — maybe longer — doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve

ment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but never if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh, They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure.

S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not

waste valuable time experimenting with them. Wound.

"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. I would developed into a running sore and gave me a great deal of pain. I was treated by many doctors, and took a number of blood remedies, but none did me any good. I had heard S. S. S. highly recommende and concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of my blood; soon afterwards the sore healed up and was cured sound and well. I not have perfect use of the leg, which was swollen and very stiff for a long time. J. H. McBrayer, Lawrenceburg, Ky."

S. S. S. is the only purely vegetable blood purifier known; is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually clears the blood of all morbid, unhealthy humors, and the old, troublesome sore heals. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon

Under English rule matters improved until the government ordered the slaves to be freed. The Boers, indignant at the loss of "property," for which they did not consider themselves sufficiently compensated, resolved to go beyond the reach of law and government, and what you hear spoken of as the "great trek" took place in the year 1835. Trek comes from the Dutch verb trekken, to draw or drag, and this journey was so termed because the people who left the colony to seek another home farther inland traveled in huge ox-carts quick operators

The first 200 who left wandered on until they came to a country far from the sea, where, after many fights with the Matabele tribes, they held their own sufficiently to found the Orange Free State.

The second trekking party, among whom was the present President Kruger, then ten years of age, went over into the colony of Natal. There they failed in finding a resting-place, because they attempted to take land already in British possession. They, too, had their struggles with natives and many hardships to encounter, but finally they crossed the Vaal river, and soon after all the different settlers united themselves, for mutual protection, into a republic, under a man named Pretorius as president, and with Paul Kruger as commandant general

of the army. It was not long before they found themselves unable to prevent trouble with the natives, and they appealed to England for protection. They were also heavily burdened with a debt, which they saw no chance of repaying. So Great Britain took them in charge, kept off the natives, and paid their debts, and at last, at the request of many of the settlers, the country was declared to be the possession of the

British empire. It probably would not interest you to hear all the political changes and discussions which have taken place in the country. It is enough to say that the Boers were not satisfied to be under English administration, and finally rebelled against it, with the result that, after a short war, their country was given back to them on certain conditions. These conditions not having been adhered to as England expected, the present war broke out.

THE "NECESSARY" MAGAZINE The best-informed men and women in the world use the AMERICAN MONTHLY REVIEW OF REVIEWS to keep well informed, and call it the "necessary" and "indispensable" magazine. In the busy rush of to-day ambitious men and women must know about the important

questions of the month, and not only this, they want to know about the important questions of the month, and not only this, they want to know about them at the right time. When the whole country is puzzled over the gigantic combination of trusts, a well-informed article is printed in the AMERICAN MONTHLY, giving the facts, and its editor discusses the theory; when the Dreyfus affair is in everyone's mouth, the best story of Dreyfus and the great case comes out in this magazine. Every month, in "The Progress of the World," Dr. Albert Shaw gives a comprehensive picture of the world's history during the previous thirty days. In the departments, the valuable articles and books that have been published during the past ponth are regioned. quoted from, so that the readers of the AMERICAN MONTHLY can get the gist of them. In every issue nearly a hundred pictures are printed, including the portraits of the men and women who are making the

history of the month. To be thoroughly well informed helps any man or woman in his or her work. A subscription to the AMERICAN MONTHLY REVIEW OF REVIEWS represents an investment for the best kind of profit, as well as entertainment. One subscriber has just written: "Count me a life subscriber, and when you send me a number beyond the limit of my subscription and secure no renewal from me, consider it a notice of my death."
