The Kind You Have Always Bought

Inkeny Buys A Canal. Klamath Falls Republican, Oct. 6.]

Klamath Falls Republican, Oct. 6.]

Henry Ankeny who was here this week, and who is well known to this county as one of the most influential and wealthy citizens of Southern Oregon, and whose activity and success have heretofore been fully shown in mining and banking, has made a purchase which will undoubtedly prove to be of great benefit to land owners. He bought on Monday an nadivided half of the irrigating ditch which now starts from upper Klamath lake, and from thence, passing through this town, runs eastward several miles. But it is not large enough to meet the present owners of this ditch are Mr. Ankeny and J. T. Henley, and we underestand that the design is to either enlarge and lengthen the present ditch, or if needed, to make an entirely new ditch from the lake, cutting through or tunneling the hill and making a great canal

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Vs. struck his leg against a cake of ice in such a manner as to bruise it severely. It be-came very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of niment and two and a half gallons o whicker in bathing it, but nothing gave any relief until he began using Chamber-lain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated.

Oregon people are making ado because the grave of Colonel Baker, neglected for years, is falling into decay. They can-not be blamed for this, and yet if San Francisco were to permit them to raise a fund as they are endeavoring to do, and renovate the falling slabs, San Franciscans would have something more to blush about, and they don't need it.

got hold of a bottle of Acker's English Remedy. I prayed for health all the time, and my prayers were answered as soon as I began taking this celebrated English expectorant and tonic. Since my recovery I have told hundreds of sufferers from coughs, colds and weak lungs that Acker's English Remedy would cure them. Some of them won't try it, and it does seem to me terrible when anyone deliberately refuses to be cured. There ought to be a law compelling consumptives to take it. Even if they don't care for their own lives, the public's welfare should be considered. Don't you think so too? I hope such a law will soon be enforced."
